The Dark Side

Yes, there is a dark side that your Board members have to deal with. It’s called the “Covenants Committee.”

(A covenant is an agreement, contract, or written promise between two parties that frequently constitutes a pledge to do or refrain from doing something.)

Many of you know that the Covenants Committee is basically HOA Board members functioning as a committee. Its purpose is to hear a resident’s side of issues and uphold what is right for the community.

Here are some of the reasons an individual maybe called before the Committee:

• An individual might claim that he or she was not speeding, did not run a Stop sign, or did not leave their garbage cans out for four days.

• A homeowner might claim their yard is not overgrown, the car in their driveway “is” operable or their landscaping changes are fine even though they were not submitted to the Design Review Committee.

• It also could be someone has fallen on hard times and missed months of Association dues. Sometimes residents just walk away from the property in hopes that the lender will take it over. That rarely happens in our current real estate market, so we are left with a dead yard and little recourse but to take legal action.

• Occasionally some of our residents will get upset and use inappropriate language in the wrong environment. This is also a finable offense and cause to be called to a hearing. Nobody wants to see residents being fined. No Board member wants to be the one that votes to uphold a fine.

Speeding and stop signs – Radar guns that are tuned daily don’t lie, and it’s really embarrassing for residents when they request a hearing because they claim they didn’t run that stop sign and we show them a video in which they are blowing right through it. The most current statistics I have, as of this writing, are for the month of August, when we had 124 failures to stop. That’s a very scary number. Let’s all spread the word to our vendors, neighbors, and guests that “speed limits are not suggestions and stop signs are not optional.”

Design review – remember this simple rule: if you repaint your front door with the same color you don’t need to submit anything to the DRC. If you replace a plant with the same kind, no need for DRC approval. But if you want to make changes, then you do need to submit a Design Review Application. They are available on the website or at the HOA office. (We have a new website and, if you have not logged on to it, then you have to re-register on the site: www.scscha.com.)

Liens are unfortunate, but there are occasions where your Board must vote to put a lien on a delinquent property. That is basically a claim against the property to pay a debt. Liens are not the only avenue. There is small claims court and, in some cases, superior court. We have had delinquencies that have gone into the tens of thousands of dollars. These are the darkest of the dark times. There have even been occasions when the court has ordered bench warrants. We have, however, cut our delinquent accounts by about 50 percent in the last two years.

Language unbecoming a lady or gentleman in anger is no fun. There is an old saying, “If you wouldn’t say it in church, then don’t say it in public.”

Common interest developments like ours became more prominent in California because of the 1978 change in the state’s constitution. It is officially named “The Peoples Initiative to Limit Property Taxation” but better known as Proposition 13. Loss of tax revenue made it difficult for local and county authorities to maintain their infrastructures. So developers came up with self-sufficient communities like ours.

We buy into these communities because we want to live in a beautiful, well maintained, and safe environment. Fortunately, or unfortunately, depending on your position, there are rules attached to living here. And we must all follow those rules.
Cash Balances in the Operating Accounts total $2,399,840 and in the Reserve Accounts total $9,209,201. All balances are invested according to the Sun City Shadow Hills approved Investment Policy.

Total combined revenue for the month was $791,940. This includes assessment payments in the amount of $720,440 and combined taxable income from all other sources in the amount of $71,500.

Total Food & Beverage Department expenses were $15,122 under budget for the month and $19,316 over budget for the first seven months of the year.

General & Administrative expenses were under budget $22,143 due primarily to reduced expenses in postage, salaries, and insurance. Fitness, Landscape Maintenance, Property Protection, Golf, and Capital Improvements were also under budget for the month.

Total Association Expenses for the month were $102,219 under budget on a monthly projection of expenses totaling $880,939, and Total Year-to-Date Expenses were $449,285 under budget on a year-to-date expense projection of $5,405,896. The 2014 Actual Total Year-to-Date expenses were $4,956,611, versus $5,354,944 in 2013.

The cumulative total equity since inception of Sun City Shadow Hills is $2,595,700, which includes fixed assets of $458,262.
Fall is here, and it is time to welcome our seasonal residents back as well as cooler weather. This has been a very busy summer, and a lot of things have happened – all designed to improve your lifestyle experiences here at SCSH.

It began with the Shadows Restaurant refresh program designed to give a whole new look to your dining experience. The Shadows reopened on Friday, September 5, 2014. During August the restaurant received new carpet, tables, and chairs. The bar area was expanded, and acoustical panels were installed to reduce the sound levels. And improvements were made in the kitchen to better expedite food.

I am pleased to announce we have a new chef that will be joining our team. Chef Cesar Castillo comes to us with a rich experience at restaurants and private clubs. His first day was September 15. Please welcome Chef Cesar.

Another major change is our new website. It has been totally redesigned to provide residents with a more modern site that offers reliable, accurate information in a timely manner. And it’s easier to use. If you have not visited the new website, please do. The address is www.scshca.com. Just make sure to re-register. This new website is very informative and will keep you abreast of all the activities at Sun City Shadow Hills.

As we enter this new season, there are lots of activities to take advantage of — be it sports, fitness, cards, or concerts. We want to encourage you to attend these and other events that are happening this season. With over 50 clubs and groups, there is something here for everyone.

So get involved and enjoy the active lifestyle we have to offer. There is no finer place to live than Sun City Shadow Hills.

Best Regards,

Rich Smetana
It gives us great pleasure to recognize Jesse Barragan as the September 2014 employee of the month. Jesse is the lead engineer and has been with us since May 2011 and has a vast amount of knowledge in air-conditioning, electrical, and building maintenance. He uses his expertise to assist staff to troubleshoot equipment problems and resolve them in a timely manner. Jesse oversees the day-to-day operations of the engineering staff and schedules the manpower to complete the work orders and preventive maintenance schedules. By utilizing Jesse’s expertise in the engineering field, the association saves 100s of dollars from having to use outside contractors.

In addition, he responds to emergency calls after hours. Jesse is an asset to the engineering department and the association and is well respected by the association staff.

Thank you, Jesse for your commitment to excellence and the community of Sun City Shadow Hills.
Well, your EPC is moving along quite quickly. We have been approved by FEMA (Federal Emergency Management Agency) for two more CERT classes to be held here at Sun City Shadow Hills on November 21, 22, and 23, 2014, as well as February 27, 28, and March 1, 2015. So if you have not had the opportunity to sign up for one of these 20-hour classes, mark your calendars now. You must be able to attend all 20 hours of one of these classes: four hours on Friday and eight hours each, Saturday and Sunday.

These classes will teach you how to take care of yourself and your family if the big one hits. Sign-up information will be coming shortly – watch for a flyer in the rounders at each clubhouse, or contact me at cindy.hailpern@verizon.net.

All you have to do is remember back a few months to the 7.0 earthquake in Napa, CA. They hadn’t had an earthquake on that fault in a very long time. Our part of the San Andreas Fault (yes, we live on a major fault) hasn’t had an earthquake in over 300 years. It is long overdue.

We are looking for golf cart owners to help out during an emergency. If you own a golf cart and would be interested in helping your EPC, contact Rex Brucker at rbkingii@yahoo.com.

We will be having more trainings in the coming months. So again, watch your View, new SCSH website, and the rounders for information.

Until then, ask yourself: If the quake happens tomorrow, will you be able to live for two weeks without electricity, medications, or clean water?

✓ Do you have food for your pet?
✓ Do you have batteries and a flashlight?
✓ Do you have cash? Small bills?
✓ Do you have food that you can eat that does not need to be cooked?

Your EPC is here to help – not take care of you! Your first response is to yourself and your family, and your house. Then when that has been checked out and it is OK, you can go out and help others if you choose. CERT helps you with this.

The EPC will not have water or food for you. Nor will we have blankets or flashlights. Get your house in order. Be safe.

HOME ALERT FIRST RESPONSE

Who is your “First Response” or “First Call” for your home alarm monitoring service? You may want to consider having Universal Protection Service (UPS), the security company here at the community, be the first response. In order for you to receive this service, you must first sign a “Permission to Enter Property and Release of Liability” agreement. This agreement must be signed before receiving the first response/first call phone number. You may obtain the form at the Management Office Monday through Friday between the hours of 9 am – 12 pm and 1 – 4 pm. The phone number will be made available to you after the agreement has been signed by the property owner and returned to the Management Office.

If you have any questions about this service, please feel free to contact the Administration Office, at 760-345-4349.
Landscape Advisory Committee

BY DICK FREIMAN

Hard Pruning

Throughout the common areas, our landscape maintenance contractor will be utilizing a practice called hard pruning, which is intended to rejuvenate the older shrubs, some of which are close to 10 years old. Hard pruning consists of drastically removing the majority of growth four to eighteen inches above grade level. When done, these shrubs will be quite unsightly for up to 20 days. At the end of that period, new juvenile growth will appear and thereafter can be pruned to a natural shape.

There is a thought process involved in the pruning. Certain varieties will be pruned in different areas, which will reduce the appearance of one large bare area. Along with pruning the shrubs, our contractor will selectively remove shrubs that were installed too close to other shrubs. This will allow the existing shrubs to be pruned more naturally. Keep in mind this is a slow process and will take time. The goal is to have more natural landscaping throughout our community while keeping the maintenance costs reasonable for the homeowners.

PERIMETER BLOCK WALLS

As you may have already noticed, many of the block walls are now in need of painting. Some have become chipped and stained through the years. Of particular notice are the corner lots. If you own a corner lot, the block wall facing the street is your responsibility to maintain. If you have questions, please consult your deed. Section 7.06 of the CC&R’s reads in part:

(d) “shall be maintained as follow:
  (i) the owner of the adjacent Lot shall be responsible for maintenance of the interior surface of the perimeter wall in a clean and attractive appearance that is substantially the same as the wall’s original appearance…”

An easy way to determine who maintains the wall is whoever maintains the landscaping next to the wall is responsible for maintaining that side of the wall.

If your lot is a corner lot, the landscaping on both sides of the wall maybe your responsibility. The Design Review Committee has instructed Staff to send courtesy notices. Stay ahead of the plan, maintain the block wall(s) that you are responsible for described in your deed.
I think that I shall never see, a poem as lovely as a tree…

Well, perhaps not always. “When I retired and moved here,” said JIM WIEBORO, Chairman of the Design Review Committee (DRC), “I saw a lot of trees in distress.” A certified arborist who came here from an exclusive golf club and who was responsible for 3,000 date palms, he added, “Some trees were never pruned, pruned badly, or just neglected. I joined the Committee to volunteer my skills and be of assistance. But pruning is still one of our big problems in the community.”

Unlike the other committees which report back to the Board of Directors, the DRC has authority to enforce our design rules and oversee applications for new construction, improvements, additions, violations, etc. — everything to do with conformity and aesthetics that help maintain the visual harmony of SCSH.

Have you ever been called to appear before the DRC? Did you walk into that conference room with a long table of serious-looking people with stacks of files, one of which was yours? I’m sure you wondered, “Who are these people?”

Referred to “as the process of judicious review” in our CC&Rs (Covenants, Conditions, & Restrictions), Wieborg acknowledges the process can sometimes be subjective. New homeowners sign a heavy load of documents — including CC&Rs and Rules and Regulations — and agree to follow what used to be called “Design Guidelines” to keep our community in all its beauty and contentment. (If you don’t agree, you can always move up to Dillon Road where there are lots of rocky acres to do with what you want.)

So what’s the problem? Enforcement. In the past, the DRC sent out letters (with color 8” x 10” photos) and became known by some residents as “weed Nazis.” There were disagreements over how many pots could be placed in front yards, or the size and character of lawn ornaments. Some homeowners become bitter and angry when they are ruled against and want to appeal: to the General Manager (who does an independent inspection and generally supports the DRC) and, finally, to the...
Board of Directors. Often, it is a matter of degree and/or “law vs. intention.” Should a neighbor be punished if a violation is hardly noticeable, or doesn’t change the character of the neighborhood? “The Committee is working on that,” Wieborg said, and then adds, “But when there are objections by neighbors, it complicates the issue.”

The Committee started out with limited direction: “guidelines” were given to them by the developer. The DRC had to decide on each application submitted for approval. Some professional landscaping plans can get complicated and detailed, but now “Design Rules” have replaced the old guidelines. At meetings, Committee members use a laptop to display on a large screen the exact rule they are dealing with; if they aren’t familiar with something, they Google it.

The DRC has five regular members and two alternates:

**TED SHETTLER** has a background in civil engineering from his work for municipalities. When he first volunteered, he found the lack of guidance for the DRC to be frustrating. Ted worked with Jim Morgan, a previous assistant general manager, through many hours of meetings over a two-year period. Together, they came up with the current Design Rules, approved by the Board of Directors on June 25, 2012. Ted says, “I’m very proud of what we’ve done to take away ambivalence and guesswork so we can be more consistent in approvals. If it’s against the rules, there is nothing the Committee can do.”

Still, Wieborg stresses that the rules change. With the current drought, artificial turf may now replace grass lawns. In Phase 3, the developer changed curb design, which affects landscaping projects. The Committee meets twice a month, and members split up inspections. There are hundreds of applications and forms to go through every month. They must know about city requirements, structural safety, materials, antennas, solar, skylights, awnings, dirt, gravel and rocks, plus types of trees, plants, flowers, and shrubs. It’s a pretty heavy commitment. “But, hey, we get a free lunch once a month,” laughed Vicki Berg. “We are also working on simplifying the application-and-approval process to make it more efficient,” she added.

**KEN ELKMAN** said, “My home is very important to me — I don’t travel and I like being at home. I’m a do-it-yourself guy. I volunteered to help my fellow homeowners keep the high standard of excellence we have in this community.”

**SCOTT WHEELOCK**, a new volunteer who is an alternate, worked in design and construction. “The Committee is right up my alley. I’m enjoying working with the others and doing property inspections.”

**VICKI BERG** said, “I wanted to get involved in the community and contribute in a positive way. It is interesting driving around the community. Someone asked me, ‘What hoops are you going to make me jump through?’ There are no hoops. Read the CC&Rs. To put in a swamp cooler, it has to be no higher than 5 feet off the ground with some kind of 5- or 10-gallon plant to hide it from the street. That’s it.”

“TEN MEETING nice people,” said Wieborg. “I can’t tell people what to do, but I can help them with their decisions. Also, I can remind them to be careful before hiring just anybody if you’re new to the community. Check Internet sources or ask neighbors for referrals. Some workers are not qualified, and you could get yourself into a lot of trouble.”

The Committee agreed that **VANESSA AYON** in our HOA office is a valuable asset because she handles all the details of the Committee’s work. If you have something that needs to be resolved, call her to discuss it. But first, make friends with your neighbors; then if you have a complaint, gently and kindly talk to them. It’s called “neighbor-to-neighbor” and is often an effective problem solver. If you need to submit an application, look up Section 5.0 in the CC&Rs and read the Design Rules to avoid problems; both are available online.

The DRC is here to help you. Try to be patient and thankful for the work they do for the good of all. Like ourselves, we need to keep our community in good shape!

* Graham Jones and Sue Henricksen, also on the DRC, were on vacation when this story was written.

When our former General Manager, Judie Zoerhof, first suggested creating the Information Advisory Committee in the fall of 2013, Stu Stryker, our HOA Board President, jumped on the idea. He thought Sun City Shadow Hills residents should have access to reliable, accurate community information in a timely manner.

First came the “Hot Topics” scroll across the old scshca.com website homepage. This informed the community about road closures, bobcats in the area, live music up at The Shadows, gate access problems, and more. And then came the hot-topics@scshca.com email address that gave residents a way to ask questions about things in the community that mattered to them.

To date, the Information Advisory Committee has fielded over 200 questions from residents; and the number grows daily. When the questions come in, committee members either research the answers themselves or ask the appropriate Board member or a member of the management staff to reply. This addresses resident questions in a more organized manner than previously. Residents have asked about almost everything: “When are the flies leaving?” “How old does my grandchild have to be to swim in the pools?” “Will we have RV parking in Phase III?” “When will we expand the Santa Rosa Pool area?” “When will the tree that fell over in the small dog park be cleared away?” “When will the golf courses be closed for overseeding?”

But as Information Advisory Committee members went about the process of providing answers to the community, they realized that they needed a new mechanism to do that. The old website just didn’t lend itself to the process very well. There wasn’t a place to post in-depth articles. There wasn’t a good spot for “Frequently Asked Questions and Answers.” And it was difficult to make even minor changes to the old website. It became increasingly clear that the old website didn’t provide very much information to the community at all – and it was old, antiquated, and difficult to use. Problem was, we didn’t have a budget for a new website.

As a community service, two Sun City Shadow Hills residents – Carole Bonds, a full-time web designer, and I – volunteered to build a new website at no cost.

We designed the new website to provide information about anything and everything going on here. Working with the Information Advisory and Communication Advisory Committees, we created a site where residents can easily access everything about our community, including but not limited to:

- **Information About Activities and Events**: Residents now have easy access to this information daily. Whether you want to know what fitness classes are being held today in the clubhouses, or you want to know what clubs are meeting today, or you want to know when the next Lifestyle trip is planned or when that Herman’s Hermits Concert is – the website is the place to go every day and check. You can also look forward to see what is happening for the entire month or even two or three months.

- **Management Information**: Are you interested in knowing how our community is run? Do you wonder what our Board-authorized committees do? When they meet? What they discussed? That’s all on
the new website. Do you wonder what motions our Board passed? How our F&B Operation is doing? What the schedule is for landscaping and what our landscaper is doing? That’s all on the new website. Would you like to see the financials for the community and know where your fees are spent? That’s all on the website. Are you interested in what contracts our HOA Board has entered into and their terms? They’re on the website, too. How about what’s going on at the golf course? That’s on the website also. In the first three weeks, 197 informational postings were made to the new site.

Frequently Asked Questions and Answers
Do you want to know what other residents are asking about the community? Are you interested in the answers? That’s on the website, too.

Classifieds
Looking to sell something? Post your ads with photographs. Residents are now able to view ads by category, making it easy to find what you’re selling.

Forums
In this area, residents can share their experiences about local restaurants and businesses. We also have a lost and found category. You must be a resident to post, but the posts are open to viewing by the public – and they are moderated.

Resident Directory
This is available on the new website.

Hot Topics Scroll
And of course, we kept the Hot Topics scroll to give you the latest about our community: information about road closures, bobcat spottings, lost and found pets, etc. You get the idea.

On July 28, 2014, the Board unanimously approved the new scshca.com website. You do have to re-register to access it. But it only takes a moment to click on the “REGISTER” button in the upper right-hand corner of the homepage. After you sign up, the web administrator will send you your new login and password information via email.

In the first three weeks since launch, over 650 residents have registered. We had 4,554 unique visitors – many linking in from other websites like the Del Webb page – people looking for a new place to live. The average visitor spent five minutes and six seconds looking at six postings. We had a total of 11,432 page views. The top items residents looked at were: Classifieds, Residents Only, Sun City Shadow Hills News, Recent Questions and Answers, and the Resident Directory.

Looking for something to do? Want to know what’s going on in the community? Check out your new website. We think you’ll be glad when you do!

So your grandkids are coming again and you need something different to entertain them and peak their interest? How about walking on the wild side, right on the San Andreas Fault? I’m talking about a visit to the Thousand Palms Oasis Preserve. This little-publicized jewel, within 15 minutes of your home, proves delightful for all ages.

It is located in the San Andreas Fault Zone between Dillon and Varner Roads. To get there, take Washington north to Thousand Palms Road and turn right. The first oasis, visible at that point, is Willis Palms. A fire in 2010 charred all of the 200+ trees, which have amazingly rejuvenated. Continue less than two miles to enter Thousand Palms Oasis. From here you can hike two miles to the McCallum Grove, which features a lake.

The history of Thousand Palms dates back to the 1930s, when Paul Wilhelm built his Palm House and opened it as Dolly’s Last Chance Café. The café served men building an aqueduct at the foot of the mountains to bring water in from the Colorado River. Wilhelm was able to build his house alone as palm trunks are considerably lighter than the average tree and can be carried by one person.
The current 13,000-acre Preserve was dedicated in 1986 and is maintained by hosts who live in a trailer on the property and serve one-year terms. The Palm House is staffed with well informed and dedicated volunteer docents such as Harlan Walker. Activities include an 8 am Thursday guided hike in addition to bird hikes and personally scheduled group tours. Bobcats and fringe-toed lizards are among the wide array of wildlife making their homes in the Preserve, which also houses many species of birds. If you can’t spot any of them, stop, be still, and you are sure to hear them in the treetops.

Our primary interest has been taking our grandchildren since they were two years old. They can hardly wait to tug on their tiny boots and head for the “Muck,” aptly nicknamed from a favorite family book The Duck in the Truck. The duck just happens to get stuck in muck. The oasis consists of Washingtonia Fan Palms, which reach a height of 60 feet with fronds over 6 feet wide. It is a natural habitat in that the palms are left to grow uncultivated and not manicured as they are throughout the valley. Fallen trees are left where they fall, thus creating a densely tangled jungle effect.

We begin our grandkids’ adventure heading north on the McCallum Trail, which winds downward into the tropical jungle. Shortly we encounter the “muck,” which is water coming to surface on the Mission Creek Fault. This is why the little ones need boots to wade through the few inches of water; however, recent improvements to the trail consist of wooden bridges over the deepest waters so that boots are no longer essential, but still fun.

In certain places we stop to scout for pupfish, which are extinct in the lake but still visible in the waters along the trail. After less than an hour we trudge back uphill to claim a picnic table and have snacks. By then our little ones are tuckered out and ready to head home for a much needed nap. As the children get older, we will be able to extend the hike to reach the lake and maybe beyond. The Preserve offers over 25 miles of hiking trails ranging from easy to difficult, thus accommodating all ages.

Docent Walker shared with me their motto, “Leave no trace.” Dogs are not welcome, nor is desert graffiti, which is piling or writing words with rocks. There is no charge for visiting the Preserve, but donations are graciously accepted. So shake it up, you might even be lucky enough to be there when there is an earthquake!

After almost a year and a half of planning and anticipation, we did it! Eight of us from SCSH hit the Holy Grail of Golf and crossed off an entry on our bucket lists. We played six courses in six days including the Royal and Ancient Old Course at St. Andrews, Scotland. There were two foursomes, consisting of Bill Smith, Scott DiBasilio, Albert Renggli, Percy Serrano, Mel Gold, Allen Prather, Greg Middlebrook, and Jerry Irwin. Golfer wives Barbara Irwin, Merodee Smith, Sandy Middlebrook, Ellen Gold, Shirley Prather, and Kathy Serrano were there to sightsee, shop, and cheer us on.

Percy’s luggage and golf clubs, lost in transit, finally made it three days later in time for golf. We met our guide, Mansel David, from Wales, on our arrival and he took us to a great Italian restaurant the first night. After a Sunday morning tour of the city and Edinburgh Castle, we left the ladies for shopping and more exploring, while the men went off to play the North Berwick (Nor Ber-ick), a links style course. There were five-foot-tall stone walls running across the fairways and a few berms. A strong wind blew Albert’s trolley (a three-wheeled pushcart) down a hill into a bunker where it overturned and got buried in sand. We really laughed when he drove the ball off one hole and hit the wall about 20 yards ahead, then ricocheted and landed behind him where he just teed off. I hit two walls, two berms, and a wrong ball. Percy tried to get through a narrow gap in the wall with his golf bag on his back and got stuck. After that, plus surviving rain on the back nine, we discovered a wonderful new ritual of body and soul revival with a few drinks of that pure Scottish nectar known as single malt Scotch.

For the next four days, we played the difficult Castle Course with great views of the city and the North Sea. Tuesday the Eden course was a little easier with its rolling hills and valley but uneven lies, bunkers, and blind shots. Wednesday, the highlight was the Royal and Ancient Old Course, where we all took caddies. Thursday, Kingsbarns Golf Course, outside St. Andrews, is one of the most beautiful courses I’ve seen. That day we visited Glasgow, Scotland’s largest city, bustling seaport, and industrial center, and had an excellent dinner that night at The Red Onion.
We were starting to feel all the walking, so I took Friday off while the rest went to Trump Turnberry in the afternoon. They reported back that the wind blew 30 mph, the course was difficult, and the scores were the highest of the week. It was Greg’s turn to be dumped from his trolley into a bunker.

Contrary to myths about Scotland, we found the weather generally good and the food excellent. It was exhilarating, physically tiring, and a great golf and bonding experience. And…we always had that ol’ remedy to keep us going…cheers to single malt Scotch!

Stairway to the Sky

Dr. Michael Dinkin, photo by Beth Bolduc

Do you think you could run up a 75-floor building without stopping? That’s 1,664 stairs. How about a 63-story one that has only 1,391 stairs? No? Well, three years ago, neither did our SCSH neighbor, Dr. Michael Dinkin.

Michael had heard about tower climbs and watched his son, Jeff, participate in them in Los Angeles. Jeff has been an elite competitive tower runner since 2007, when he stopped road-racing bicycles. Currently, he’s the XTERRA Trail Race Champion for SoCal.

In September 2012, Jeff convinced his father to try the US Bank climb in Los Angeles (that’s the building with 75 floors). Unbelievably, Jeff first raced up with the elite runners and then came back to coach his dad all the way up his first tower run. Elite tower runners like Jeff can climb the US Bank building in 12 minutes or less.

In his first climb after ascending 25 floors, Michael said to Jeff, “I’m out of breath.” Jeff asked, “Do you need to rest?” The answer was no. They continued and Jeff told Michael, “Good…it’s all mental. You can rest at the top.”

Now Michael is hooked, and he competes in two different tower climbs a year: Aon Center in April, and the US Bank building in September.

Michael receives second place award in his age group at the 2014 Aon Center race.

Michael is one of the oldest members of the team named West Coast Labels. He competes in the 70+ age group. The team was started in 2009 by Mark Trahanovsky and named after his longtime employer. Michael’s son, Jeff, is an original team member and one of the top 10-ranked climbers in the US. The team currently has around 50 active members from many states across the US. The West Coast Labels team dominates major climbs; its male and female elite athletes often win races, and many others also place in the top 10. Michael took third place in his age group in the September 2013 US Bank climb and second place in the April 2014 Aon Center race.

Tower running is a rapidly growing sport with over 100 tower climbs in the United States annually plus others throughout the world. Generally, events are coordinated by charity organizations that set up the site and arrange the use of skyscrapers in major cities worldwide. Participants have chips embedded in their race numbers that record their individual times at the start and finish of their climbs, as climbers are staggered individually to avoid overly crowded stairwells. Runners are timed by professional timing companies, and points are allotted for many popular races.

I asked Michael how someone prepares for such a feat. Michael credits his lifelong fitness regimen. As a chiropractor who emphasizes “Healthy for Life,” or taking charge of your health care, he lives what he promotes: health, fitness, life extension, and nutrition. Michael stated, “We all want good health. This requires an active plan that includes six major factors and chooses health over sickness.”

Michael’s regimen begins with a “health positive” mindset and a firm commitment to a healthy lifestyle. What you eat, drink, and breathe definitely make a difference. Resistive weight training maintains the body’s muscles, and cardio exercise keeps the heart muscle strong. Detoxing the organ systems cleanses the body of harmful chemicals and impurities. Getting adequate sleep is very important to help restore energy and allow the body to recoup from daily activities. Maintaining a healthy master nervous system (which is comprised of the brain, spinal cord, and peripheral nerves) is essential to overall health because it controls the
other systems in the body. While Michael participated in golf and tennis in school and enjoyed handball and racquetball over the years, tower running is a whole different animal. Strenuous aerobic workouts, beyond even multiple Arc Trainer and Stairmaster sessions, are necessary to help develop and maintain a runner’s lung capacity. Very strong leg muscles are needed to carry a runner up 1,200 to 1,700 stairs depending on the height of the building. Some lucky runners based in the LA area are able to use a 51-story building “after hours” to keep in shape, but Michael doesn’t have that luxury. He has to prepare the hard way.

I asked what the toughest part of a climb is. Michael said it’s staying focused to keep going when you’re fatigued and out of breath. That’s where Michael’s son, “Coach Jeff,” comes in handy: he’s always there for his dad. As challenging as it might seem, Michael doesn’t plan to stop this new enterprise anytime soon. With Jeff as his coach, I can see why.

Michael’s latest climb was on September 19 in Los Angeles, 75 strenuous stories up the US Bank tower. The results weren’t available before the View went to press, but we’re sure that Michael finished right up front.

Answers to the Quiz on page 17

1. Gothic. Characterized by a pointed arch, ribbed vaults, and flying buttresses, originated in France in the medieval period, evolved from Romanesque, succeeded by Renaissance into the 16th century. Used in many castles, palaces, guild halls, and universities.
2. The Alhambra. Richly decorated, it was a palace-fortress for the Moorish kings; it was mutilated when the Moors were expelled from Spain in 1492, but restored after 1828.
3. Angkor Watt. Thousands of feet of wall space in this temple complex are covered with impeccably crafted sculptural ornamentation.
4. The Emperor Shah Jahan built it as a mausoleum in memory of his wife; it is 17th century Muslim architecture.
5. Hagia Sophia. Originally a Christian church built in the 6th century, it is a masterpiece of Byzantine architecture.
6. Barcelona. Gaudi (1852-1926) was remarkable for innovations in technology and audacity in aesthetics; this was his greatest achievement.

Understanding Personal Hotspots (Apple)

Personal Hotspots involves using your cellular data connection, via the Internet-sharing feature on iPhone, iPad (3rd gen), and iPad mini. First: contact your carrier for information and pricing regarding your plan and your device. After that, it is a quick setup. Just gotta ask!

Personal Hotspots let you connect your computers and devices to the Internet using the cellular connection on your iPhone.

One of my favorite free apps is the Kindle app because the entire Amazon e-book marketplace is available. Load the app on multiple gadgets, and you will never lose your place or annotations. Plus, you do not have to take along an additional device. I like to use my iPad mini as an e-reader.

Earlier this summer, I found myself at the beach wanting to use my iPad mini to download a new book to e-read, but there was no available Wi-Fi connection. And, even though I had my iPhone, which has a data plan, I could not read/see it very well. Hence, the need for the Personal Hotspot connection. In simple terms, Personal Hotspot allows the iPhone to share its cellular connection to the iPad…following the simple steps below!

Sharing your cellular connection to setup a Personal Hotspot:
1. Tap Settings >> Cellular
2. Tap Personal Hotspot and turn it on: Connect other device. Ensure the other device settings are turned on for Wi-Fi or Bluetooth.
3. Change your Wi-Fi password given by the provider (on initial device). The Wi-Fi network name or Bluetooth name is your device name.
4. While devices are connected to Personal Hotspot, the status bar will be blue and will indicate the number of connected users.

Note: You can only share a cellular data connection this way, not Wi-Fi.

PC Malware Warning

You really need to pay attention to a new wave of convincing Malware, because it could land you in a lot of trouble. Be wary of this little popup taking over a browser tab without anyone clicking on anything. It looks really convincing, but let me point out a few things you should look for.

First, when something pops up on your screen without you clicking, take your hands away from the mouse and keyboard. You need to analyze this intruder before accidentally accepting or downloading some malicious software.

Red flag number one: The “Terms of Service” link isn’t a link at all. Usually when you hover your mouse over a link, you should see the link address in the bottom corner of your browser. In this case, there was no link address, it was just a picture of a link designed to fool a casual observer.

Red flag number two: The language was very persuasive and not corporate-sounding at all. If you read it out loud, it sounds like someone persuading you to update your software instead of informing you that it’s time to update like usual software update pop-ups.

Red flag number three: There is a concerning note underneath the “Terms of Service.” This note reads “Your antivirus software must allow you to install software.” You should not have to disable your antivirus or other security software to update legitimate programs.

Red flag number four: There is no “No Thanks” or “Not Now” or “Cancel” button. The only options are “Upgrade” and “Save File.” If this were a real update popup, it would have the option to opt-out of the update.

If you encounter this kind of Malware or something similar, you should first close the tab of your browser and then shut down the browser completely. Then you should make sure your anti-virus and your other security software is running a sweep to catch anything that may have gotten onto your computer.

By now, somebody has probably told you that Pulte/Del Webb is almost sold out at Sun City Shadow Hills, but we still have plenty of homes to sell with a wide range of great floorplans. And not only that, we still have some fantastic home sites to be released – some of which front onto our beautiful North Course with back yards facing south.

So if you’re a resident and have any interest in a new home – maybe you need more space, or maybe less, or maybe you’ve seen the models and love one of our new floorplans – you owe it to yourself to stop by the Sales Office. One of our friendly sales folks will happily fill you in on what’s available. And why not bring your friends? In fact, why not also bring them to the upcoming Chili Cook-Off? For the second time, Pulte/Del Webb will be partnering with the Lifestyle department to sponsor the prizes at the Cook-Off. Because, come on, who doesn’t love great chili?

Best to all, and here’s hoping you have a great October! Oh, of course you will, you’re living at Sun City Shadow Hills!

Francine
It’s hard to believe that October is already upon us! With the start of the season comes increased usage in the Fitness Centers, which we love! The added activity is so wonderful because it shows that everyone is working out, keeping healthy, and making new fitness friends. So let’s all work together to help everyone have the best fitness experience possible by adhering to the following fitness etiquette:

- **Share.** Most of the time when you are working out, you will be in-between sets; this is the perfect time for someone else to use the equipment. If possible, please let others work in (take turns) with you.

- **Clean Up After Yourself.** Always bring a towel with you and wipe the machines and stretch table down when you are finished. We also provide disinfectant gym wipes for your use.

- **Leave No Trace.** Please put your weights away (re-rack) when you are finished.

- **30-Minute Rule.** During peak/busy times (6 am – 12 pm) and when others are waiting, please limit your cardio (treadmills, ellipticals, bikes, etc.) to 30 minutes.

- **Keep It Down.** Please refrain from using your cell phone unless it is an emergency. Save your chat-time for after your workout. It will make your workout more effective and reduce your chances of injury. Also, please avoid counting out loud; it is disruptive to others using the facilities.

- **Manners, Please.** Don’t swear, yell, or talk/count too loudly.

- **Prevent.** Help us prevent unnecessary damage to the equipment by not allowing the weight plates to slam together or by dropping the weights.

- **Appropriate Fitness Attire.** Please make sure to wear closed-toed athletic shoes and comfortable workout clothing. Refrain from wearing clothing with belts or metal items that can damage the equipment. Appropriate workout clothing includes pants/shorts and a shirt, please do not use the equipment in your swimwear.

2014 Fall Overseeding Dates and Information

- **North Course:**
  closed from 9/22/14 – 10/12/14

- **South Course:**
  closed from 10/13/14 – 11/3/14

**Important Note**

On the South Course, we will gradually mow down the height of cut on fairways, tees, and greens starting 10/1/14. Please be aware this annual process produces additional clippings and some dust. Our SCSH Board of Directors has approved selective overseeding, so our roughs will remain dormant during the winter.

**Why Overseed?**

Bermuda grass will naturally go dormant when overnight temperatures are below 50 degrees, so cool season ryegrass is selected to grow over the Bermuda. Ryegrass has an emerald green look and can withstand low temperatures. Part of this procedure includes reducing the height of cut for the Bermuda grass to provide good growing conditions for the new ryegrass.

This process often creates a considerable amount of grass dust, which tends to blow into the residences around the golf course. Please keep our overseeding schedule in mind when cleaning your backyards or pools. It may not necessarily make sense for you to thoroughly clean until the course has been seeded.

**Golf Carts**

Many of you have stored your golf carts for most of the summer. As you get ready for the golf season, I would like to remind you to ensure that your cart is operating properly. Here are a list of things to check:

- battery cables for corrosion
- tires
- battery water level
- test drive the cart before you take it out onto the golf course

**Players Cards and Trail Fees**

At the time this article was written, Players Cards and Trail Fee information were being prepared. We will communicate, via the Sun City Shadow Hills website and/or email blast, the dates and pricing.

Billiards Club

On the evening of Wednesday, August 27 was the first monthly tournament we ever missed due to closing of the clubhouse early that evening. We are looking forward to the return of the snowbirds. We are also planning our upcoming annual dinner party for some time in November.

Our club continues to meet every Wednesday at 7 pm in the Billiard Rooms for open play. Tournaments are held the last Wednesday of the month at a cost of $3 per player each tournament. You must be a club member to play in the monthly tournaments.

Women and men of all levels of experience are welcome and encouraged to join. It’s a great way to make new friends and meet your neighbors! Come to the Montecito Billiards Room on Wednesday nights for open play. Free lessons are available at 10 am every Monday in the Billiards Room by Bryan Murray (760-342-9028). For any further information please call Don Salvatore (760-775-8394). See you on Wednesday at the Billiards Room.

Bocce Buddies

The Bocce Buddies club welcomes all newcomers who want to learn (or already know) the game of Bocce. We will teach you the simple rules of play. Come learn and enjoy playing Bocce! Our games are played at the Santa Rosa Clubhouse Bocce courts. Hours in effect beginning in October:

- Tuesday evenings, 7 pm.
- Friday mornings, 8:30 am.

Arrive about 10 minutes before play and meet our members, then join in the fun. Contact Carolyn (760-636-1591), Ron (760-360-4393), or Shel (442-300-2439).

Bowlers Club

The inaugural season of the SCSH Bowlers is about to get under way. However, there’s time to join us for preseason warm up and practice. Throughout the summer, newcomers and experienced folks have been learning, sharpening their skills, and improving their form. They’ve purchased equipment and been professionally fitted by the expert Fantasy Springs Bowl Professionals. Remember it’s not too late. You still have time to join us!

The league will officially kick off late this month or early November. Officer elections, team formation and acceptance of league rules will take place toward the end of this month. Then we’ll be ready to roll (pardon the pun).

If you can’t decide, come down any Friday morning at 10 am, talk to those already participating. Pick up an alley ball, throw a few, see how it feels, and then decide. You can’t win if you don’t play.

Direct any questions or comments to Rose Borses at 760-636-4788.

Bridge Club

Welcome back snowbirds! We are looking forward to another great season of bridge at the Montecito Clubhouse. Whether you are a beginner or more advanced player, we have all options for play. Master’s points are offered at our Tuesday ACBL-sanctioned game meeting at 12:20 pm in the Montecito Ballroom. The cost is $3 for members and $5 for guests. Wednesday is our social game, is free and meets 6:30 – 9 pm in the Capistrano Room. Call Carole Morgan at 760-262-8408 or cmorganpr@aol.com to get on the list. Thursday Niters’ game is 6:30 – 9 pm in the Capistrano Room and also free. This game provides more opportunities to improve your play, but also in a social environment. You don’t need a partner or reservation – just come play!

The new fiscal year began July 1, so if you haven’t paid your $10 annual dues, please do so. Returning members do not need to fill out a new membership form or sign another waiver unless their information has changed. Just deposit your check payable to the “SH Bridge Club” in the club’s mailbox just outside of the billiard room or turn it in at any game. For more information, contact Club President Arnold Grushkin at agg.industries@snet.net or 760-296-1477.

Bunco

We always have a wonderful time the last Wednesday night of each month enjoying our Bunco games. We laugh, yell and scream at the dice.

See you at the tables!
Camera Club

The first meeting of the season will be Wednesday, October 8 in the Monterey Room, Santa Rosa Clubhouse, 3 – 5 pm. Our mission is to provide a venue for residents to share their photographic experiences, knowledge and enthusiasm. Discussion Forum Club

To begin this year’s Speaker Series, we welcome Joe Migliore, an NAI Certified Naturalist Guide from the Southern California Earthquake Center, and Associate of the Earthquake Country Alliance. He leads interpretive hikes about the Coachella Valley for many organizations, including The Living Desert, Santa Rosa and San Jacinto Mountains National Monument, and Friends of The Desert Mountains.

He also teaches classes on geology, including plate tectonics, landforms, earthquakes, and earthquake preparedness. Our EPC helps us with preparedness, but Joe, motivated by his love and appreciation of nature, will talk about:

• About our very earthquake-active region
• How to interpret geology as a dynamic and “living” process
• How geology has a fundamental influence on our local environment
• How understanding tectonics gives us an appreciation for what is needed for earthquake preparedness.

Following his presentation, he will answer your questions. Refreshments will be served.

When: Thursday, October 16
Time: 7 pm
Where: Montecito Clubhouse Ballroom
Season Pass $10 pp (checks to Discussion Forum Club mailbox in Montecito Clubhouse with name, address, email) or payable at the door. Single evenings are $3 pp, payable at the door. For information, contact President Martin Lapides at ltram100@verizon.net or 760-772-2946.

Games Plus Club

Our community has so much to offer, get involved. Our club, SCSH Games Plus has three events to participate in. Every Monday from 1 – 4 pm we have a room reserved for games: Scrabble, Mah Jong, Cards, Cribbage, Rummy cube, Chess and others. We don’t always have others to play these games so bring a friend. Check the podium at the Montecito Clubhouse entrance for location of room, it will vary from week to week. We have Mexican Train every second Wednesday and fourth Friday at 6:30 – 9:30 pm. Bring a game; it is better to have extra games then not enough. The big event is our Bingo; October 3rd. Your buy in is $5 for a pack of 12 games, each with three chances. We also have two special games Double Action for a $1 each and Black Out $2 for three chances. These are pots as large as $250.

If you ever wondered if you would enjoy creating jewelry, come by and watch us or jump right in and join us using a Newcomer Kit. There will be a member available to talk you through your creation so that you will be able to be successful right from the beginning of your new adventure. Our members’ abilities range from beginners to incredible. So if you are experienced, please come and share what you are working on.

During the second week in October we will teach a holiday activity. We will have the ideas ready for you to see during the first week so that you know if you want to participate. If you want to join in, you shall receive either a list of supplies to purchase or there will be kits available to buy. Or you may choose to continue designing what you are already working on.

Please notice our jewelry that is on display in the hall glass cabinets. We have items displayed on two different shelves. Some of the items are for sale.

We have a great time gaining ideas from each other. We are so very proud of our designs.

Let’s Meet and Eat Club

We have two Let’s Meet and Eat Club Events.

On the first Saturday of the month come and meet your neighbors — people you’re going to visit for the rest of your life. Make this a habit! Drink, eat, and be merry. Move around the room and talk to as many people as you can.

The second event adds entertainment. This month we’re lucky to have “Desert Duo, Larry Capeloto and Tony Di Jerlando.” They are going to sing just about everything — Dean Martin and Frank Sinatra hits are their favorites. You’ll want to dance, because you won’t be able to sit still. Tony and Larry have been professional singers since the mid 60’s. In the good old days, Donny and Marie opened for Tony in Vegas at the Riviera. Tony was Dean Martin’s mom’s favorite, and performed at numerous private parties for her. Larry sang in Seattle nightclubs until 1989, when he moved to the desert. Larry is now the vocalist for the Ted Herman Big Band orchestra.

Bring your friends; a table of 10 and $100.00 will reserve a table. First come, first serve. Check the flyer in the View. Call Karen Dallmann, 206-795-6996.

**Mah Jongg**

It’s October! Does it feel like fall yet? The summer is officially over and we welcome back our snowbird neighbors and fellow Mah Jongg players. Wednesday Mah Jongg in the Montecito Clubhouse is looking more crowded each week.

If you are new to Shadow Hills, and would like to join our Mah Jongg club, please come to the clubhouse on Wednesday around 12:15 pm and Debbie will be happy to find a spot for you at one of our tables. Games start at 12:30 pm. Please see Babs if you would like to join the club or if you are interested in taking lessons. Our yearly $10 club dues provide snacks each week as well as our annual luncheon.

Please remember that our games must end at 3:30 pm and please help fold the tablecloths as a courtesy to your fellow volunteer members that help set up and clean up the room.

October Tidbit: Bet you always wondered about the dragon tiles: Here’s your answer: Red = Benevolence; Green = Sincerity; White = Filial Piety. These are the three cardinal virtues bequeathed by Confucius! Now you know!

See you on Wednesday!

**Men’s Golf Club**

October is here and that means we can begin renewing our 2015 membership for the Men’s Golf Club. Any new members along with renewals beginning October 1 will be good until December 31, 2015. You can download the registration form from our Men’s Club website, www.myshmgc.net or pick it up in the pro shop. You can send it to the membership chairman, Joe Zelazny, at joe.zelazny@gmail.com or drop it in the pro shop score card box or the mailbox in the Montecito Clubhouse.

The tournament committee has been finalizing the schedule and formats for next season starting in November 2014. Come to our General Membership meeting on October 15 to learn what is being scheduled. Doors open at 7:30 am with coffee and donuts with the meeting starting at 8 am. This is the perfect time to ask any questions as well as win wonderful prizes including free golf and golf balls. For those who do not regularly participate in the Thursday events, so much more is discussed that it makes this meeting worthwhile.

Thanks to Jim Townsend for coordinating the summer Monday events we have had. Wonderful locations at reasonable prices.

**Needles & Pins**

Summer is coming to an end, and the club has been busy with quilting, crocheting, knitting, and other creative projects. Sally Hopper and Nancy Hansen are making totes out of jellyrolls that are really nice. Elaine Lakin is quilting a Christmas runner. Vickie Dinkin is hard at work on a quilt out of red, white, and black blocks, and other members continue to create knitted, crocheted, and needlework items. Check out our display case to see our club members’ work.

The club sends a big thank you to Linda Shaw for donating her collection of counted cross stitch items. We appreciate her kindness in thinking of us.

We meet Mondays at 12:30 pm in the Cambria room. The quilters also meet Wednesdays at 9 am, and every other Sunday from 1 – 5 pm.

New members are always welcome and you may attend once before joining. Dues are $10 per year.

**Opera Appreciation Club**

This month on October 14 at 5:30 pm we will have our pot luck dinner followed by a presentation of *Tales of Hoffman*.

*Tales of Hoffman* is an opera fantastique in three acts by Jacques Offenbach based three short stories by E. T. A. Hoffmann.

This well-known and beloved opera has beautiful music, fantasy, drama, and great voices including Placido Domingo.

The young Hoffman tells three stories of past loves – Olympia, Antonia and Giulietta.

We invite everyone to come and experience the beauty of great opera. If you are new to opera, or a seasoned aficionado, you will love this selection. The music will be familiar to many music lovers, particularly the Barcarolle.

Bring one of your favorite foods to share and plan to arrive at 5:30 pm.

We encourage people to join by pairing up with a friend, be it two singles or couples. In November we will be playing at 1 pm with sign in by 12:30 pm. We will be using a shot-gun format. We are able to play all 18 holes even though our name is Pairs 9-Hole Golf Club. Membership dues are $10.

Dates in November for golf are the 6th and 20th. Our opening party is November 6 after golf in the Cambria/Mirada room at Montecito Clubhouse. Please bring a dish to share.

All new and returning golfers to SCSH are welcome to join up. There will be a sign-up sheet in the South Course Pro Shop. Please sign up by 3 pm on the Monday before play. We meet at the Shadows restaurant for a fun social hour after play.

If you have any questions about the Pan Club, please don’t hesitate to come on by.

**Paper Crafters Club**

At last! Fall weather is on its way and soon all of our snowbirds will be returning! Our club is now in full swing creating autumn, Halloween and holiday cards galore. It’s a great time of the year to join our group – creativity is running rampant as we get ready for all our favorite upcoming holidays.

If you’ve been wondering about us, give our President, Diane O’Rourke, a call and let her know that you’d like to attend one of our classes. We’re friendly and we welcome new members! It’s a great way to meet new friends while making gorgeous cards for your old friends!

We meet every Monday in the Mirada Room at the Montecito Clubhouse at 12:30 pm to “set up” and “catch up” with each other. Classes begin at 1 pm and generally end at 3 pm. “Do It Yourself Time”, learning a new technique, or learning how to use new equipment begins after the class and ends at 5 pm. All levels of paper crafters are invited to join. If you’re new at crafting, we’ll help you. If you’re a “seasoned” card maker, you can help us! We’re gearing up for the holiday season, so now’s a perfect time to join and start making all those cards you need to send out!

Please visit our showcase in the clubhouse (opposite the Mirada Room) to view some of our current projects (or peek into our classroom on a Monday and see first-hand what we’re all about).

Questions? Please call Diane O’Rourke, 805-216-1818.

Seats are reserved, so get your tickets early for the best seats. Also, mark your calendars for our hit production of Oklahoma!, March 26 – 29, 2015, to be presented in collaboration with Community Singers. We are calling all interested actors/singers to our open casting call to be held on Tuesday, October 14 from 9:30 – 11 am and 7 – 9 pm.

Our meeting this month is on Wednesday, October 8 at 7 pm in the Montecito Clubhouse. If you have ever thought of acting or working behind the scenes of a production, plan on attending the meeting. We have many opportunities to get involved – come to the meeting and let us tell you about them.

Pet Club
You won’t want to miss this!
The first pet club meeting of the year will be on Tuesday, October 14, at 6:30 pm. We will have a very special guest speaker. He is Dr. Steve Nelson from Synergy Wellness Center in Palm Desert. In Suzanne Somers’ best-selling book, Breakthrough, she interviews Dr. Nelson as a top cutting edge doctor for wellness.

Dr. Nelson brings a vast resume including his recognition by the World Health Organization as one of the top 100 Naturopathic doctors in the world. He was also on two Nobel Prize Teams at the University of Wisconsin and Michigan State University.

Dr. Nelson’s clinic also treats four legged animals and will share his tips for keeping your best friend in good health. Some topics include what proteins promote health, why they eat grass and your socks, the use of patches on their collars and why you should not sleep with your pet! He will describe his latest diagnostic techniques, without costly vet bills and harmful drugs. He will create health for your pet.

Do not miss this meeting!
We will also be making pet club applications available for the coming season. We are asking $10 annual dues which we feel we can use to make our pet club viable and provide interesting programs throughout the season.

I look forward to seeing you there. My thanks to Carole Nelson for arranging this program.

Rainbow Friends
Rainbow Friends, October has come! Our last gathering was a great brunch buffet at Agua Caliente Casino. We had a nice turn out, with loads of food with friends. Members are returning from their out-of-the-valley vacations and ready to put on a great dinner dance. We are still planning to gather for our meeting October 20 in the clubhouse. The agenda will be to finish up the years great success with the dinner dance and plan our future Christmas cheer.

Please pray for a dear member that is healing from some health issues and welcome her back to health.

Rainbow Friends is a social group for gay and lesbian residents, family, and friends. For further info you may contact Frances at 760-393-8493.

Readers Ink
Readers Ink meets on the fourth Tuesday of every month in the Montecito Clubhouse at 2 pm. We read and discuss a variety of books, chosen by popular vote. Different members lead each discussion and all our meetings are lively. Everyone has the opportunity to be part of the conversation and give each book a numerical rating.

This month we will be discussing Orphan Train by Christina Baker Kline. Between 1854 and 1929, so-called orphan trains ran regularly from the cities of the East Coast to the farmlands of the Midwest, carrying thousands of abandoned children whose fates would be determined by pure luck. Would they be adopted by a kind and loving family, or would they face a childhood and adolescence of hard labor and servitude?

This is the captivating story of two very different women who build an unexpected friendship: a 91-year-old woman with a hidden past as an orphan-train rider and the teenage girl whose own troubled adolescence leads her to seek answers to questions no one has ever thought to ask. Kline draws a dramatic, emotional story from a neglected corner of American history.

For information, contact Connie Brennan, 760-360-7182 or conniebrennan@icloud.com.

RV Club
The September meeting brought together many of our club members that had been traveling during our hot summer months. RVs are perfect for escaping the heat to cooler places around the country. In September we also began our planning for upcoming events such as the future Christmas party, Ladies luncheon, and future RV trips. Check out the two trips we have planned below and join us soon.

Mike and Sally Bozzo, Wagon Masters have planned a trip to Santa Cruz Redwoods RV Resort in Felton, CA for our October RV trip. This beautiful resort is nestled in the Redwoods of the Santa Cruz Mountains. There will be lots to see and do here. Activities may include the historic
Roaring Camp Railroad, Santa Cruz Beach Boardwalk, Wineries, and of course Restaurants.

In November we will be traveling to the Colorado River in Parker, Arizona planned by Wagon Masters Dan Ruyle and Shari Stock. There are plans for golfing, cocktail boat rides, great BBQ, and just “fun in the sun” on the river.

Our next scheduled club meeting is October 15 in the Montecito Clubhouse in the Mirada room at 5 pm. Our meetings are held the third Wednesday of each month. If you are interested in the RV lifestyle, please come join us.

Tutta Bella Vino

Come join your wine club on Saturday, October 25, at 7 pm in the Montecito ballroom as we celebrate the wonderful and diverse wines of Italy.

One of the world’s premier wine exporters, Italy boasts over 4,000 years of winemaking history (already well-established in Roman times). The country counts 20 wine regions, 96 provinces, more than 1,000 grape varieties, and over two million wine producers. Because the nation’s geography and climate are as diverse as its culture, there are wine slopes of every conceivable altitude, soil, drainage, and exposure – allowing an amazing variety of excitingly different winemaking styles.

The cost is still $20 per person (which includes a small plate of food pairings). To attend, complete a registration form (available at the Lifestyle desk or on the club’s webpage, www.scshea.com); attach a check to “SCSH Tutta Bella Vino”; and drop everything in the club’s mailbox.

The registration deadline is October 18; we cannot accept payment at the door. Club events are open to members and their guests only. Membership is $10/person for the season; an application is available on the club’s webpage. You are welcome to attend one event before becoming a member.

Questions? Please call Julie Harris, 760-217-6062.

Ukulele Strummers

Although small in stature, your Sun City Strummers are quite a talented and diverse group of people. Many of us were not music majors, nor have we extensive backgrounds in music. In fact, a portion had absolutely no experience when they joined the club. The fact that we all play a large number of songs and incorporate a variety of styles speaks to several important facts. First, Ann Olsen and more experienced strummers help the newcomer to use skills that allow a newcomer to walk out of the first session knowing four basic chords and are able to play a few songs. Our repertoire includes many “oldies” and then there’s 50’s, 60’s, Broadway, Country, Folk...the variety is endless. Also, our online technology allows strummers to go home, log onto our Dropbox site and never miss a beat, or a song so keeping up is easy.

If you’d like to explore the world of Ukulele drop by the Montecito Clubhouse any Thursday between 12:30 pm and 3 pm. We’d love to say hello. In fact you might be tempted to pick up one of our loaner ukes and give it a try.

Remember learning new skills are an excellent tool for battling memory loss. If you have any questions contact Mel Borses, 760-636-4788.

Veterans Club

Unlike many veterans groups, this club is not about rehashing war experiences. Our club is about assisting members and their spouses as well as all our neighbors. We sponsor speakers to make veterans aware of the many benefits they have earned while serving their country. The club has also established a reference file with the many agencies that deal with the elderly, including veterans.

The club provides services to the SCSH community: Veterans Day in the fall; a highly successful Toys-For-Tots drive to begin winter; and our Memorial Day flagraising ceremony in the spring – providing recognition to those who have served. The flag display in the lobby of the Montecito Clubhouse is courtesy of our club. We also offer US flag disposal for worn flags as well as the sale of new flags. And finally, we offer an e-newsletter to our members with the latest information concerning veterans and club happenings, making this newsletter a “must have.”

We meet on the third Tuesday of the month, October 21, at 7 pm in the Montecito Clubhouse.

Our new hats, with logo, are in – so be sure to see Pete Anderson.
Women’s Golf Club

Fall and the SHWGC season is rapidly approaching! Hope everyone has had a safe and fabulous summer! Just one more month before our season begins. A Happy Thanksgiving to all of our Canadian friends!

Our welcome back party will be held on Monday, November 3 at 2 pm at the Montecito Clubhouse. You can sign up online on our website, shwgc.com beginning in October. Signups for the first day of play, Wednesday, November 5, will also begin in October.

Please contact our President, Grace Hutchings, at uclafan1@dc.rr.com for questions regarding the SHWGC. Membership inquiries should be directed to Mary Kuntsler at mfk1126@yahoo.com. Any handicap or GHIN questions should go to Nikki Stryker at nikkimstryker@aol.com.

See you soon!

Writer’s Club

The Writer’s Club has been well attended throughout the summer months in the cool of the Santa Rosa Clubhouse.

Each meeting every member has the opportunity to read two or three pages of their work to the group; receive ideas, direction, and gentle criticism. Part of being in our club, is the encouragement we get from each other to write on a regular basis.

This fall season we will be looking at writing short stories, as well as ongoing biographies, novels, and works already in progress, by different members. Bring along something you have written some time ago and perhaps forgotten about. A rewrite and some fresh ideas might bring your work to life.

Try your hand at writing that story you have always wanted to tell. It does not matter if you are writing; fiction, non-fiction, autobiographies, memoirs, or screenplays, all are welcome. Write a page a day for a year and you have a book!

The Writer’s Club meetings this month are Thursdays, October 2, 16, and 30 at 10 am in the Santa Rosa Clubhouse.

Who knows, you may find the hidden writer in you. Free membership! How can you go wrong?

For more information: Tony at 760-775-9521 or antiqphoto@gmail.com.

Resident Groups

Democrats

Democrats will meet on Thursday, October 9th at 6 pm for scrumptious appetizers, wine and socialization in the Capistrano Room in the Montecito Clubhouse. Eduardo Garcia, Mayor of Coachella and Democrat Candidate for the 56th Assembly District, will be the guest speaker.

Eduardo Garcia graduated from Coachella Valley High School and the University of California in Riverside. In July 2008 he graduated from the “Senior Executives in State & Local Government” Public Administration Program at the John F. Kennedy School of Government at Harvard University. He recently completed his Master’s Degree from the University of Southern California School of Policy, Planning, and Development.

As past Chairman of the Coachella Valley Association of Governments Executive Committee, Sunline Transit Agency and Coachella Valley Enterprise Zone, Mayor Garcia has worked with individual leaders and agencies throughout the nation which has resulted in major outside grants and regional funding for several capital improvement projects from both the state and the federal government. Under Mayor Garcia’s leadership Coachella has invested over $100 million dollars in public works projects. This should give his constituents a good idea of what he can do for the 56th Assembly District as a consensus builder, in addition to his energy, perspective and innovative spirit. In their endorsement the Desert Sun recognized his leadership and his numerous accomplishments.

Mayor Garcia has been a strong advocate for health and wellness. He has partnered with the Flying Doctors and The Clinton Foundation to promote and build a healthier Coachella. The California Endowment has recognized this work for its exemplary model.

Mayor Garcia is a loving father, husband, friend and colleague whom we wholeheartedly support as our Candidate for the 56th Assembly District.

For any information regarding Democrats in Sun City Shadow Hills, voter registration, etc., please contact Erica Hedlund at 760-200-1939.
Republicans

Our October meeting on Tuesday, October 14, will focus on showcasing two important Republican candidates running for office in the mid-term elections on November 4: Brian Nestande, a candidate for the U.S. House of Representatives, and Jeff Stone, a candidate running for our California State Senate.

Representatives from both campaigns will be on hand to answer questions and explore the visions of these two highly qualified candidates.

Brian Nestande, a native Californian and successful businessman, as well as a proven political leader, was elected to the State Legislature in 2008. Brian has focused on increasing transparency and accountability in the State budget and reforming the regulatory environment that is driving jobs out of California. Streamlining government, bringing reform to the tax code, eliminating redundant regulations, and encouraging bipartisan participation to help move our country forward are some of the goals Brian would bring to the House of Representatives. Read more about Brian Nestande on his website: briannestande.com.

Jeff Stone has lived in Southern California his entire life. He is a successful businessman, having started a small business in Temecula in 1983. He served on the Temecula City Council for three terms, and in 2004 was elected to the County Board of Supervisors to which he was re-elected in 2008 and 2012. He currently serves as Vice Chairman of the Board. Jeff is a graduate of the University of Southern California School of Pharmacy. His goal is for a fiscally responsible and more efficient government, less intrusive and more productive for its citizens. Read more about Jeff Stone on his website: jeffstone2014.com.

Join us for an exciting meeting in the Newport/Pismo Room of the Santa Rosa Clubhouse. The meeting starts at 6:30 pm with our social hour. Our regular meeting begins at 7 pm. Come and hear how we as individuals can make a difference in the course of our State and Nation as we support Republican candidates in 2014.

Need more information? Please call Al Miller, President, at 760-863-1115.

Rimona Hadassah

Rimona Hadassah is back with bang! Our first meeting of this new season is Tuesday, October 14. It will be in the Montecito Clubhouse at Sun City Shadow Hills, Indio CA. It will be at 10 am – 12 pm. Light breakfast will be served.

Our guest speaker for this meeting will be Rabbi Suzanne Singer who will be speaking about “My Road to the Rabbinate.” Rabbi Singer is niece of our own Nancy Singer. She has a very interesting story to tell us. So plan on being there early, have a bite to eat, some coffee or tea, and mingle with your friends.

With all that has happened this summer you will want to be updated on the latest from the Hadassah Convention and from Israel.

Remember it is not too late to earn your donor – you will want to be able to attend the free Donor Tea in December. Donor credits will be collected until October 31, 2014.

And for all who are annual givers or want to be annual givers – we will have a doctor from Hadassah Hospital here on Monday, October 27 for an annual givers events. Watch your emails for this fabulous event.

And for a special event – on January 13, 2015 all three Desert Hadassah Groups will have a joint meeting with a very special speaker.

Barbara Isenberg, author and lecturer, speaking on her upcoming book, Tradition!: The Highly Improbable, Ultimately Triumphant Broadway-to-Hollywood Story of Fiddler on the Roof, The World’s Most Beloved Musical, will be published by St. Martin’s Press in early September to coincide with the 50th anniversary of the Broadway opening of Fiddler on the Roof.

And finally I would like to wish all of you Happy and Healthy New Year!

Want to join a fun group of ladies and learn about the good work of Hadassah – contact: Cindy Hailpern; cindy.hailpern@verizon.net.
The Voice

While waiting for our snowbird members to return, The Voice had a meeting of the Steering Committee and elected new officers: they are Darlene Turner, President; John Kuchinski, Vice President; George Cerny, Treasurer; Carole Nelson, Secretary; and Mario Brunetti, Media consultant.

We reviewed our accomplishments for this year, which were significant to homeowners:
1. Questioning excess funds being held in bank accounts that should have been returned to residents or taxes paid on them which resulted in our annual dues being lowered to $217;
2. The Voice closely monitored our annual election process;
3. The Voice helped candidate Joan Dzuro in the election who won a spot on the Board of Directors;
4. We were instrumental in a 2% reduction in payroll fees;
5. The Voice made everyone aware of the term “transparency” in financial and community management; and
6. We objected to PCM presenting incomplete invoices to the Board and the Board not validating by two signatures. This has now been corrected.

We thank President Stu Styker and the new Board of Directors for their cooperation and due diligence in a unified effort to resolve the above issues, as well as the transparency in keeping us better informed and able to participate in future plans and expenditures.

We applaud the special monthly meetings held by Joan and Greg to listen to residents. We strongly encourage homeowners to attend the monthly Board meetings (fourth Monday of the month), to be aware of what’s happening in our community.

We are your voice if you need an advocate for fair play in keeping our lives and property a true paradise of retirement.

Call me or any of the above named for further information. Darlene Turner, 760-200-5022, or online: www.shadowhillsvoice1.homestead.com.

Clubs in Formation

Backgammon
Looking to form a group of Backgammon players. Contact Bud at 760-321-5545.

Motorcycle Riders Group
Welcome back snow bird riders. The Sun City Shadow Hills motorcycle riders group still meets each Wednesday morning at 9 am at the Montecito Clubhouse. Some ride days, times may change due to weather, please email Bob at agourabob@dc.rr.com for the day’s ride times. Looking forward to some terrific rides.

Natural/Holistic Health Club
I want to see if there is any interest in a natural/holistic health club here at Sun City Shadow Hills. This would be a club where different topics of holistic health would be discussed, healthy nutritionally dense recipes exchanged, and possibly guests speakers would come in to teach on different modalities of preventative health.

There will be an interest meeting on October 9 at 6 pm in the Marisol room at Montecito Clubhouse. Contact Jill Coleman at 760-912-3797 or jillrn50@gmail.com if interested.
It has been my profound honor to serve as the Mayor of Indio this past year. I am proud to report that with the assistance of my Council colleagues and the City’s Management staff, Indio has a balanced budget and we are building our reserves. In addition, all City services have been restored to pre-recession levels.

During the past four years, I have worked to ensure that Indio’s new commercial and residential developments are well-planned and in the best interest of all city residents.

Your support will allow me to continue my work for our great community.

I ask for your vote on November 4th. Thank you.

**Mayor Michael Wilson**

Elaine Holmes for Indio City Council

It has been my honor to serve Indio as your Councilwoman and Past Mayor. When I took office 4 years ago, financial problems & stalled economic growth hindered our local economy. I am proud to say much has changed since then, the 5 Point plan I campaigned on 4 years ago is coming to fruition.

I will continue to oversee the city’s resources and continue to make Indio business friendly. Thank you for your vote!

Help me to improve the quality of life in Indio!
- Financial sustainability that creates no new taxes
- Economic growth that serves people, protects resources, and creates jobs
- Community policing that responds to community needs
- Infrastructure improvements that address roads, parks, sewers & drainage
- Making Indio business friendly
- Embracing the arts and cultural diversity
- Preparing for the future
