

Our Goals

At Ari's Place, our goals are centered around our desire for the proper care and welfare of dogs and the peace of mind of their owners. Our goals include:

- To reduce the number of homeless pets euthanized, placed in high-kill shelters or abandoned
- To provide a safe, nurturing environment for dogs whose military owners are on deployment or whose elderly owners can no longer care for them
- To maintain the owner-pet bond, however and whenever possible
- To honor any owner's wish that his/her pet remain at the sanctuary for the rest of its life or be re-homed with a new forever family

Ari's Place is a one-of-a-kind, 5-acre, peaceful dog sanctuary where dogs reside in a home on campus, with 24-hour access to indoor rest areas and outdoor play areas.

What happens to me if something happens to you?

A sanctuary for dogs when their owners can no longer care for them.

Our Programs

Our **Care 4 Life Program** provides lifelong care for canine companions when elderly folks can no longer care for them and have no one else to provide that care.

Ensure their future because you love them.

Our **Military Muttz Program** provides care for canine companions of military personnel on deployment to combat zones. We serve them while they serve us.

ARI HAD A DREAM ENVISIONS A NO-KILL SOCIETY IN WHICH EVERY ANIMAL CAN LIVE OUT ITS NATURAL LIFE IN A SAFE, LOVING AND NURTURING ENVIRONMENT.

Our Promise

EACH PET

- Is under the care of the Medical Director
- Receives yearly exams and immunizations as necessary
- Receives all necessary medical and surgical treatment
- Enjoys social activities and exercise appropriate to age and ability
- Has supervision 24/7
- Has free access to the house and yard as well as his/her own private "bedroom" for privacy.

Peaches' Story

Peaches began her life living with an elderly lady. When the woman died, Peaches was taken by the lady's son to live with him in his car. She was later adopted by an elderly couple, and lived the life of luxury along with five other canine siblings.

Eventually, the elderly couple had to move to an assisted living facility and were allowed to take only one dog each with them. The couple's family did not want to care for the remaining dogs and took them to be euthanized. Peaches escaped this fate only because she was at her vet's office being tested for diabetes.

One of the couple's friends knew where Peaches was and went to pick her up, but she was elderly and could not care for a dog. So Peaches was brought to us at Ari's Place, and she lived a long, happy life with her forever Mom and Dad as well as her canine brother and sister.
