WRITTEN NOTICE OF WORK TO BE DONE BY

ECOLAB PEST ELIMINATION

01/2018

State law requires that you be given the following information: **CAUTION PESTICIDES ARE TOXIC CHEMICALS.** Structural Pest Control companies are registered and regulated by the Structural Pest Control Board, and apply pesticides which are registered and approved for use by the California Department of Pesticide Regulation and the United States Environmental Protection Agency. Initial and future applications may include treatments for the elimination or control of rats, mice, cockroaches, ants, flying/ crawling insects, termites, fleas, bedbugs, birds and other pests as necessary.

Registration is granted when the state finds that, based on existing scientific evidence, there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized.

If within twenty-four hours following application you experience symptoms similar to common seasonal illness comparable to the flu, any other symptoms of overexposure which are not typical of influenza, or if any rodenticides are ingested, contact your physical or Poison Control Center at 800-876-4766 and Ecolab Pest Elimination at 800-325-1671.

Regulatory Information:

Structural Pest Control Board, 2005 Evergreen St, Suite 1500, Sacramento, CA 95815-3831 800-737-8188

In the case of Branch 2 or 3 applications, the notice, as prescribed by subdivision (a) shall be provided no later than prior to application. In either case, the notice shall be given to the owner, or owner's agent, and tenant, if there is a tenant, in at least one of the following ways: (1) First Class or electronic mail, (2) Posting in a conspicuous place on the real property, (3) Personal delivery

If the building is commercial or industrial, a notice shall be posted in a conspicuous place, unless the owner or owner's agent objects, in addition to any other notification required by this section.

The notice shall only be required to be provided at the time of initial treatment if a contract for periodic service has been executed.

The pesticide or pesticides proposed to be used and registered EPA numbers are listed upon the reverse side.
