

# The CREATIVE ARTS CLUB of Sun City Shadow Hills Presents a series of Three Watercolor Classes By Ian Cook

Ian was a professional horticulturist and garden designer while living in the UK. He has published nine gardening books and was awarded the Royal Horticultural Society's Associate of Honor on his retirement. He has since turned to watercolor painting. He has studied under Charles Reid and admires the work of John Singer Sargent. Ian's passion has been for painting flowers but he has painted many other subjects and has won awards for still life, marine & life studies. While his flower studies are crisp and botanical, he also likes to paint some subjects in loose and watery styles.
