The Association is proud to announce our Lifestyle Entertainment Series with FRANKIE AVALON in concert. The film, music and TV star will be here to perform on February 24 for two performances; 3:30 pm and 7:30 pm. How exciting is this? He and his band, along with an opening act comedian will be here to entertain you. Tickets went on sale on January 8 starting at \$35. What a deal! The response has been tremendous. Thanks for your support. We are also planning the second event in our Lifestyle Entertainment Series on April 6 – The Musical “FOREVER PLAID.” This Broadway musical has been very popular and we are thrilled to have it play at SCSH.

Bulk Cable – Many Acceptance Forms have been coming in and we still have more to hear from. If you haven't returned your form by either Accepting or Declining, please do so ASAP. The forms should be returned to the HOA office. We need a minimum of 1400 homes to get the \$37/month rate. If we do not receive the minimum of 1400, the rate will be \$39/month. We are working with Time Warner Cable to have all addresses in the system so that we are ready for the March 1 implementation date.

The Shadows Restaurant is hosting two dinners each month. The dinners have been very successful and we thank you for your support. Also, Breakfast, Lunch and Happy Hour are available daily.

Montecito Café – is now open. We are sorry that there was a delay in this. Billy Casper Golf Management has been very diligent in attempting to open this venue. Unfortunately, the health department, business license and city departments, along with the holidays, did not align very well to have this opened in December as anticipated.

Desert Sun Newspaper Stand – we now have a newspaper stand in the parking lot at the Lifestyle end of the building. Please stop by. We are working with the L.A. Times to have them install a newspaper stand also. Will let you know if we hear from them.

Shredding Day – now that we have begun a new year, you will probably cleaning out files and paperwork. The Association is arranging for a “Shredding Day” on February 9 from 9 am to noon. If you would like to bring your documents for shredding, the truck will be in the Association parking lot. We are charging \$5 for this service to assist in defraying the costs of this service. Please make checks payable to SCSHCA.

Burned Out Street Lights - IID (Imperial Irrigation District) – there are times when you notice street lights not working. Here is the best way to contact us so that we can notify IID. There is a form in the HOA office that you complete. Ozzie Lopez, our Facilities Maintenance Director, then sends them an email that becomes a work order for IID. With that Work Order, Ozzie then tracks the progress of the work to insure that the lights have been repaired. Your assistance with this process is much appreciated.

Question: What committee decided on the menu for the Montecito Cafe? I'm somewhat disappointed in what is offered. When my granddaughters come to visit, we would like to buy them a hot dog or hamburger on those occasions.

Answer: There was no committee that I know of that selected the menu. Billy Casper Golf Management Company operates the restaurant, and all of the food is coming from our Shadow Hills Restaurant. As far as I know, the manager of the restaurant selected what was to be served. If they cooked hamburgers and hot dogs there, they'd be cold by the time they were sent over. The prices are much lower than when La Quinta Bakery operated it, and most people had told us that they thought the prices were too high before. By having our own restaurant provide the food, we're keeping the profit in house and providing lower prices. That helps to offset expenses of having a restaurant. The Sun City Palm Desert had to close their big restaurant because they were going in the hole. We want to operate, at least, at a break even. It's very difficult to provide a menu that pleases everyone. People had told us that they wanted a place to grab a cup of coffee or a snack. It will provide that and more. If we had to pay a cook to prepare food in our club house kitchen, a different type of license would have to be provided, and the extra wages would soon put us in the red.

Question: Next to the dog park there is a large gate crossing a driveway. Why couldn't that gate be moved back and allow for additional parking for the dog park A Winter Lifestyle in the Desert

Answer: Unfortunately, that land doesn't belong to us. It is owned by Coachella Valley Water District. When the dog park in Phase 3 opens up, there will not only be a very large dog park, but it'll have its own parking lot. Patience - 2009 isn't too far away.

Question: I was stopped by Security on Sun City Blvd. by the lakes near the sales office and warned that my dog couldn't walk on the grass because it was part of the golf course. I had the dog on a leash and I always pick up. I was on the sidewalk, and the dog was only about a foot over onto the grass. Is that property actually part of the golf course?

Answer: Yes, it is, so it is important when you pass by there that you shorten the lease and keep your dog on the sidewalk.

*Chris Haines
President, North Inland Empire Division*

I am pleased to announce the launch of a new program of communication from Del Webb for 2008. In response to many resident requests for more news and information about company activities in their community, we will be running an article in *The View* each month to keep you better informed on these subjects.

These articles will be authored by our Del Webb vice presidents on a rotation basis, and will cover a range of developer-related subjects in which residents have indicated an avid interest.

In addition to these *View* articles, our community teams are also committing to plan and facilitate Developer Forums twice a year in each of our communities. For those newer residents unfamiliar with this type of event, a Developer Forum is a community meeting hosted by Del Webb in which company representatives speak on a range of developer-related subjects – sales, land development, construction, and customer relations – as well as lifestyle, since it is such an essential part of our communities.

In short, a Developer Forum is a progress report to the residents, and a great opportunity for us to directly answer your questions about your community. I encourage each of you to attend these fun and informative forums.

On behalf of all of us here at Del Webb, I would like to extend our thanks to you for becoming a homeowner, a member of your Association, and a part of your community.

We wish you all the best in 2008 – health, happiness, and plenty of opportunities to take advantage of the Del Webb Lifestyle.

Skylark Entertainment Presents “The Greatest Hits Of WWII”

Skylark Entertainment Services is proud to announce the debut of their 2008 show, “The Greatest Hits of WW2.”

This original production will be performed by The Snowbird Orchestra and girl trio, The Skylarks, featuring all the number one hits of Glenn Miller, Tommy Dorsey, Benny Goodman and The Andrews Sisters. Audience members will return for a few spectacular hours, to the glorious days when Swing erupted from dance halls like The Palomar Ball Room and The Glen Isle Casino. They will re-live, for one special night, the time when Americans escaped from the turmoil of the depression and a World War with the fabulous music of the swing era. It’s as close as you can get to a real USO show without going back to 1943.

In October of 2007 the Washington State Arts Commission designated “The Greatest Hits of WW2” as an American Masterpiece Performance under the criteria of the National Endowment for the Arts. “We are deeply honored to have received this designation and gratefully accept it on behalf of all the past musicians we pay tribute to in our show,” said bandleader Tom Williamson.

The Skylarks are made up of Karen Pritchard and Cathy Collins of Sequim, Washington, and Katie Page of Port Angeles, Washington.

Karen studied voice at Indiana University and has a number of professional as well as community theater roles in her credits. Cathy has also been singing with The Skylarks since 1999. Katie Page joined the Skylarks in 2003 and has toured with the group for five years. Off tour, Katie fronts her own band, “Acoustic News.”

The Snowbird Orchestra was founded in 1999 and has been touring the resorts and country clubs of the southwest every January and February since 2000. They are currently booked for 27 shows in 36 days in 2008. Cast members come from the Olympic Peninsula as well as Bellevue, Marysville and Onalaska, Washington, and from Yuma, Arizona, Indianapolis Indiana, San Jose and Fresno CA. Band members come from all walks of life including a number of retired aerospace engineers and several retired music educators. On average they each have about 50 years of performing experience. The most recent addition to the cast is 3rd trumpet, Bob Archer, a research chemist, retired from Merck Laboratories, who brings 28 years experience playing with the Indianapolis Philharmonic Orchestra.

NorthWest players include music director, and lead sax player, Tom Williamson of Sequim, Washington. Also from Sequim is trombonist Ted Gachowski. From Port Angeles is bassist, Keith Page, who also performs with “Acoustic News,” and Steve Lingle, retired from a career as saxophonist with the US Army.

Guitarist Tom Carlin, retired in Port Angeles had a career as a music editor for the film industry and has a number of major film credits including: “Nine and ½ Weeks,” “Beethoven,”

“Romancing the Stone” and several more. In addition, his work with Kenny Rogers on “The Gambler” earned him an Emmy nomination. For more information on the show see www.skylarkentertainmentservices.com

*Forever
Plaid*
Coming to
SCSH on
April 6

We are happy to announce that the second show in our Lifestyle Entertainment Series will be the Musical Production of “Forever Plaid.”

This musical is about four young men (Sparky, Smudge, Jinx and Frankie) who loved to sing. They all met in high school. Discovering that they shared an affection for music and entertaining, they got together and dreamed of becoming like their idols – The Four Aces, The Four Lads, The Four Freshmen and The Crew Cuts. They rehearsed in basement of one family’s business. It was there that they became FOREVER PLAID.

They were moving toward their big break when they were stopped in their young lives. Please come to this fun, music filled performance and hear some of the best music from the 1950’s and find out what happened to them and how they were stopped in their dream of becoming the next BIG group.

You will hear songs like, “Catch a Falling Star,” “Cry,” “Love is a Many Splendored Thing,” “Rags to Riches,” “Three Coins in the Fountain” and many other beloved songs. The story, antics and props are very entertaining and you’ll leave the performance with a song in your heart and a bounce in your step. I can’t wait to see you all there.

The SCSH Performing
Arts Club presents
Yve Evans

March 29 at 7pm,
Montecito Clubhouse

Yve Evans began performing at three, singing before a congregation of 1500 people. The noted jazz pianist and singer has performed all over the world, including Japan, Canada, Spain and Italy.

She has played with some of the greats in jazz, and produced five music CD’s. Evans was educated in the United States, Japan and Europe. She was mentored by internationally renowned choral conductor Jester Harriston, and attended the University of California-Irvine School of Fine Arts, studying opera and theater. Locally, she has appeared at the McCallum, Annenberg, Joslyn Center Theatre and other desert venues. Because of Ms. Evans’ large desert following, you’re urged to purchase tickets early.

Tickets will be available February 4.

FRANKIE
AVALON
IN
CONCERT

I hope that you have not delayed in getting your tickets for this awesome concert. February 24 at 3:30 pm. and 7:30 pm you will be entertained by an American legend and idol. We are fortunate to have Frankie Avalon be our first special guest of the Lifestyle Entertainment Series. Along with Frankie Avalon, our opening act will be comedian Bobby Kelton. Please do not hesitate to purchase tickets for yourself and your friends. You will not want to miss this show.

The evening will begin with the opening act of Bobby Kelton. Kelton is an accomplished comedian who has performed on the “Tonight Show” twenty one times. He has also garnered dozens of television credits and he continues to be a sought after guest on the casino, nightclub and corporate circuits. Kelton has been profiled on CBS’s “48 Hours” and has appeared on many other TV programs over the years. He has toured with such stars as Tom Jones, Paul Anka, Aretha Franklin, Gladys Knight and many others. Bobby Kelton has an original and quirky take on reality. By pointing out real human foibles and shining a bright light into the silly corners of modern life, Kelton manages to surprise and enlighten his audiences.

There will be a short intermission after Bobby Kelton’s performance. Frankie Avalon and his band will be ready to entertain you after intermission with some of his favorites, “Venus,” “Why” and “Swinging on a Rainbow.”

By the time he was 12, Avalon was making appearances on U.S. television for his trumpet prowess, and as a teenager, played with Bobby Rydell in a band known as Rocco and the Saints. In 1959, his songs “Venus” and “Why” both went to number one on Billboard magazine’s Hot 100. Indeed, “Why” was the last #1 hit of the 1950s. Avalon had 31 charted Billboard U.S. singles during his career from 1958 to late 1962. In his acting, he was best known for his starring roles in the teenage Beach Party film genre, doing 8 Beach Bikini movies in 3 years, though he also had straight dramatic parts in films such as The Alamo as well as Voyage to the Bottom of the Sea. He also starred in the movie Grease in 1978. In addition, Avalon appeared in nearly two-dozen TV episodes, including a role in “The Patty Duke Show” titled “A Foggy Day in Brooklyn Heights,” appearing as himself (Frankie Avalon).

The 1980 film The Idolmaker, written by Gene Kirkwood and directed by Taylor Hackford, was a thinly-disguised biography of Frankie Avalon (called “Tommy Dee” in the film) as well as 1950s teenage star Fabian (called “Caesare” in the film). Some of his other Songs include: “Cupid,” “You Excite Me,” “Ginger Bread,” “What Little Girl,” “I’ll Wait for You,” “Bobby Sox to Stockings” and “A Boy Without a Girl.”

A Winter Lifestyle in the Desert

This is the time of year all of us live for, winter in the desert. The options at our finger tips to keep us active and entertained are endless. From The Bob Hope Classic to the Dinah Shore Tournament (the sponsors can change the name all they want I still remember them by the legends that started it all). We can also enjoy our own activities like golf, tennis, and theatre at Shadow Hills. If you are at a loss for activities or just can't make up your mind about what to do because you have too many choices, make it a point to stop by and see us at the Lifestyle desk so that we can help you maximize your fun.

Clubhouse Improvements

I hope all of our wonderful residents will excuse the dust, but our clubhouse improvements are a must. We will be closing the Mara Monte Ballroom the week of February 11 through February 15 for the installation of several key components including our stage improvement of sound and lighting. This means some of the clubs scheduled to use the room will need to be relocated to other facilities or have to postpone activities for the week. We will also have to cancel our Valentine's Day party that has become very popular over the past 2 years. The improvement should greatly enhance our theatrical productions put on by our faithful clubs as well as the Lifestyle Entertainment Series that will be kicking off with our double header of Frankie Avalon on February 24 at 3:30 pm and 7:30 pm. We also can't forget the Hits of WWII on February 29 and Yve Evans on March 29.

The View Format Changes

As you made your way through the past couple editions of *The View* you should begin to notice small yet significant changes to our format. The changes made were both to enhance its readability as well as adjust to the increase in content in both the editorial side as well as the advertisements. Since its inception many people have put a tremendous amount of work into building this incredibly strong publication and with growth there is change. I applaud both the individual

as well as the collective efforts from all our contributors and advertisers that have made this community communication vehicle such an overwhelming success. Most of these changes have been met with great reviews as we are able to get more information out to our community members while still maintaining order and control of our growth.

"Do You Know What The Most Commonly Overlooked Homeowner Maintenance Item Is?"

by Jason Streeter
Customer Relations

If you answered "ROUTINE CAULKING" you are RIGHT! There are many places in your home that have caulking such as window sills, baseboards, corners of drywall, bath countertops, bath tubs, showers, and sinks. Sometimes this caulking is in place for purely cosmetic reasons (such as baseboards and window sills), other times the caulking serves a much more important purpose... KEEPING WATER OUT OF PLACES WE DON'T WANT IT TO GO!

High quality 100% silicone is used in places such as bathrooms where water is continually on it such as tubs, showers and sinks. This silicone caulking should be inspected at least once a year for places where it is coming away from the surface or areas where water can make its way. Even the highest quality silicone doesn't last forever. The best way to maintain these areas is to remove the old, loose silicone caulking completely with a putty knife or similar tool... being very careful not to scratch the shower door, tub or countertop that it is applied to. Then wait 24 hours for the area to dry before applying new silicone caulking as recommended on the product.

IMPORTANT: When buying silicone caulking the old saying "You get what you pay for" really applies... spend the extra couple of dollars for the 100% silicone. It comes in a variety of colors and will last much longer.

Inspect and maintain your caulking in wet areas at least once a year and your home will love you for it!

Everyday Heart Health Tips

If you are a very busy person and feel that you don't have the time to get to the gym or exercise on a regular basis, you can at least try following some of these tips in your everyday routine. Take advantage of any opportunity for exercise. Try some today.

- *Take the stairs instead of an elevator or escalator at work or the mall. Just start with one flight. Soon, you'll be ready for two.*
- *Park your car at the far end of the parking lot. The short walk to and from the store or work helps your heart.*
- *If you ride a bus or subway, get off a stop before your destination. Walk the rest of the way.*
- *Think of housework as an extra chance to exercise. Vacuuming briskly can be a real workout.*
- *Mowing the lawn, pulling weeds, and raking leaves are chores that can be done yourself as a chance to exercise.*
- *If you have a dog, think of the dog as an exercise machine with fur. A brisk walk with the dog is good for both your hearts. Make it a part of your daily routine.*
- *Schedule an after-dinner walk with your spouse or a friend. Make it quality time.*

COURTSIDE

Rod Dunnnett, USPTA, Tennis

Pro 777-2907

www.roddunnnett.usptapro.com

Although there are various suggestions for preventing tennis elbow, the importance of strengthening is primary. Obviously, the forearm extensors need to be strong since they support the main brunt of force. However, forearm extensor strengthening is closely followed by strengthening the entire

upper arm and shoulder girdle, and on into the entire linked system. Most experts agree that, to truly prevent tennis elbow, a total body strength training program is necessary; one that involves the legs and torso as well. We have an excellent facility available. The next point is flexibility. It has been found that joint range of motion is critical to creating optimum force and accommodating the impact forces of tennis strokes. So, specific stretching of the forearm extensors and general stretching of the other body joints is highly recommended. What is the best equipment for you, your body, and your game style. In general, you will want to have a slightly larger grip size than what you might "feel" is ideal (I can help you with this). Tennis racquets are developed with strict science and engineering technology in mind. Keep the string tension within the recommended ranges noted on the racquet frame and change strings a few times per year. Finally, and in many ways, most importantly, you must examine your technique. Suboptimal technique will definitely lead to injury. But, this is where I can play a role. In summary, there are still many questions as to how to really prevent tennis elbow. Experts agree that we likely have fewer answers than we have questions. In fact, people over 40 are much more likely to develop tennis elbow. My prevention tip – "Don't get old."

Now, since that's not possible, there are some practical things you can do to prevent general elbow problems. There are no guarantees, but we can minimize the occurrence of this problem if we stay diligent and thorough in our training.

TENNIS TIP

Preparing early enough?

If not, point at the ball with your racquet handle.

One of the most common mistakes for beginning and intermediate players is not starting the backswing early enough on groundstrokes. Even if you have reliable groundstrokes, in the heat of the match, you may forget the basics of good stroking and wait for your opponent's shot to land in your court before taking your racquet back. This late preparation forces you to rush your forward stroke and may cause your shot to fly out of bounds or straight into the net. Instead, start your backswing early enough so that your racquet handle points almost directly at the approaching ball before it bounces. This way, you won't have to rush your shot; with your racquet already back, you can take a smooth, controlled forward swing that will help set your groundstrokes straight.

Geoff Johansen

I would like to welcome everybody back, and hope all had a safe and happy holiday. This month's article will focus on a subject that is in the news quite frequently lately. Recycling either by voluntary action or mandating, has a renewed emphasis in today's society.

Recycling at golf facilities is a process that leads to the reuse of wastes. This process consists of collecting, transporting, sorting, grading and processing. There are many wastes created at golf facilities that can be recycled. The list includes used motor oil, tires, batteries, cardboard, grass and tree clippings, and in some states pesticide containers. By recycling and reducing some of these wastes, disposal and landfill space can be preserved. Some estimates say that grass clippings and yard waste make up 20 percent of all landfill wastes.

There are many avenues to recycle greens waste or grass clippings at golf facilities. Grass clippings could be recycled through spreading them along the rough or by composting which is an excellent growing medium that promotes fast germination and can reduce fertilizer use. Recycling grass clippings in general can provide a valuable nutrient source to your existing soil.

Shadow Hills Golf Club has many of these programs already in place, but we here in maintenance are constantly looking for different alternatives to promote healthy conditions. If you have any questions or concerns please e-mail me at gjohansen@shadowhillsgolfclub.com.

Swing Tip of the Month

Be sure to set-up in an athletic position. To do so you need to create angles at address. Most handicap players do not bend enough from the waist and thus are too vertical over the ball. A good way to attain proper tilt over the golf ball is to pretend you are on the roof of a building and are trying to look into the window one floor below. Remember to bend at the waist. If you have any questions please call the Golf Shop at (760) 200-3375.

Rules Tip of the Month

Rule 24. Obstructions

Procedure for taking relief: Under rule 24-2b a player is entitled to relief from a stake protecting a tree because the stake would be considered an immovable obstruction. A player is entitled relief of one club length from where the ball lies, no closer to the hole. Knowing the rules can actually lower your scores. I have noticed many of our members have been playing the ball as it lies underneath staked trees. This is damaging to the tree and your score. Under local rule, when a ball comes to rest under a staked tree and the players swing would be interfered by the stakes on the tree, the player is granted relief of one club length no closer to the hole. Following this rule will save the young tree from being damaged and will help you lower your scores.

Sun City Shadow Hills Emergency Preparedness Committee

by Erica Hedlund

WHAT IF YOU'RE DRIVING AND THE ROAD RIPPLES AND THE EARTH ROCKS?

It's Monday morning and you're driving to Los Angeles on Highway 10 in heavy traffic. Suddenly your vehicle shakes violently. You feel like you're driving on four flat tires. In three seconds you realize this is the earthquake the seismologists have been predicting! What are you going to do? (First, forget Los Angeles!)

The Automobile Club of Southern California offers these safety tips when driving and an earthquake occurs:

- Gradually decrease speed as safety allows.
- Pull to the side of the road as safety allows.
- If driving on the freeway and it's safe to do so, exit at the first opportunity.
- Stop the vehicle and keep your seat belt fastened but do not stop on or under an overpass or bridge.
- Avoid parking near trees, downed power lines and buildings.
- Remain in your car until the shaking stops unless the situation demands otherwise.
- Do not drive until it is safe to do so. Remember that aftershocks follow the initial earthquake.
- Turn on your car radio and listen for advisories; most radio stations are prepared to broadcast emergency information.
- Cooperate with public safety officers because they are trying to ensure your safety.
-

Your Emergency Preparedness Committee is planning an Earthquake workshop in March. We will sell survival products and bags to keep in your vehicle(s) and home. It is essential that everyone be prepared to sustain themselves with water and food for at least a week. Are you prepared?

Design Review

by Phil Vatore, Committee Chair

WATCH OUT FOR SCAMS!

The Design Review Committee (DRC) is here to assist you when submitting your plans for the installation of landscape, patios, patio covers, pools, spas and other exterior improvements.

There ARE con-artists out there and we continue to advise you that when you are taking bids for projects, make sure you are using a licensed contractor.

Tips:

- 1) Do not give the contractor large deposits - even if they ask for them! There are many stories out there about sick family members, etc.
- 2) Ask to see their contractor's license, contractors are supposed to carry pocket cards.
- 3) Check the license number with the State Contractor's License Board to see if it is valid/current.
- 4) Ask neighbors for referrals, this is a good way to obtain a quality contractor.

Also remember that your green permit must be displayed in your front window, do not allow your contractor to begin work until you have the green permit. This is a violation of the CC&R's and the Design Guidelines and may subject you to fines.

The Design Review Committee is a group of volunteer homeowners charged with reviewing plans and insuring that the Design Guidelines are followed as per the Governing Documents of the Shadow Hills Community Association. These are the documents you were given when you closed escrow on your home. They also insure that the community is kept to the high standards that you expect in order to maintain your property values.

If you would like to serve on the DRC, please contact the Association office at 760-345-4349 for information.

Facilities Maintenance

Ozzie Lopen
Facilities Maintenance Director

The Homeowners Association is responsible for street sweeping of the HOA tracts. The tracts are being swept on Wednesdays and Thursdays. The Montecito Clubhouse Parking Lot and Sun City Boulevard from the main gate to 40th Avenue will be swept on Fridays & Mondays. Tracts north of Sun City Blvd. are swept on Wednesday and tracts south of Sun City Blvd. are swept on Thursday any unfinished streets will be swept on Fridays. Land Development sweeps all other streets twice a week due to on-going construction.

Please report mailbox repairs to the HOA office. The HOA

office will create a work order to the Facilities Maintenance Department. The Facilities Maintenance will then contact the homeowner to schedule the repairs.

Report streetlight repairs to the HOA Office. The HOA Office will report them to the Facilities Maintenance Department so that they can be repaired. Streetlights that need bulb replacement or repairs will be reported to Imperial Irrigation District. Streetlights are inspected monthly by the Facilities Maintenance Department.

Tip Of The Month: What are Ground Fault Circuit Interrupters (GFCIs)? Electrical outlets near water sources such as sinks and laundry appliances, as well as all garage and outdoor outlets, should have a ground fault circuit interrupter (GFCI). The most popular GFCIs are receptacle-based outlets that have "test" and "reset" buttons on them. A GFCI works by monitoring the flow of electricity through the outlet's circuit. If there is any variation in the current, the GFCI will automatically cut off the flow of electricity, preventing injury. Receptacle-based GFCIs should be tested every month. Plug a lamp into a GFCI outlet and turn it on. Push the "test" button on the outlet; the lamp should turn off immediately. If it doesn't, the GFCI should be fixed by a certified electrician immediately.

Shadow Hills Community Patrol

by Hector Gallardo

Your Community Patrol stands ready to provide a safe and secure environment for our homeowners and guests. Thank you for your many Christmas Cards to our staff. Starting in January 2008 we will be conducting a survey on garage lights and address lights, and issuing notices for homes that have burned out lights. All homeowners are able to purchase light bulbs at the Association office. The address lights are \$1.00 and the garage lights are \$10.00. This will make it easier to find your home in case of an emergency. Thank you,

A MESSAGE FROM A DOG LOVER

by Barbara Rodin

I have been a community resident for 18 months and truly feel privileged to live here. I am also a dog owner and a member of the Covenants Committee, and thus feel obligated to deliver this message to other dog owners in the community.

Our CC&Rs state that it is the responsibility of homeowners (and their guests) to remove and dispose of pet waste, and to keep pets on a leash at all times, except in the community dog park. Even if these behaviors were not required by our community rules, it would be an expression of common courtesy to our neighbors to do so.

And yet, when I walk through the community, I routinely notice:

- Pet waste in the common areas that residents failed to remove;
- Residents allowing their dogs to run off leash on the golf course, in the grassy area in front of the sales models, or in the community park just south of the main gate;
- A small bag filled with dog waste along Sun City Blvd. in Phase 2 deposited daily on the sidewalk or flower beds by someone who believes that others should dispose of it for him/her.

I often find myself picking up after others because I am embarrassed that other dog owners could be so inconsiderate of their neighbors. I know that it is a small handful of people who believe that they are above the rules. Most pet owners are responsible and understand that the rules are in place to protect each one of us from behaviors that decrease the value of our property, increase our maintenance expenses, or interfere with our quiet enjoyment.

The Covenants Committee has asked security to become more aggressive in issuing citations to pet owners who do not comply with the rules. However, one of the problems that we face is that security cannot always “catch the individuals in the act.” Therefore we ask that, if you see someone not complying with the rules regarding pets, please report them to the HOA or security immediately, or remind the violator of the rule.

I realize that it is uncomfortable to confront or report your neighbors, but it is peer pressure that is most likely to be effective. We all have a vested interest in maintaining the beauty of our community.

Violation Summary for December 2007	
Type of Violation	# Issued
Trash Can	62
Parked Facing Wrong Way	17
Speeding	10
Parking	2
Creating Hazard	1
Dog Barking Excessively	2
Parked in Marked Fire Lane	1
Failure to Stop at Stop Sign	2
Failure to Comply w/ Patrol Officer	2
Illegal Turn	1
Total Citations Issued	100

Please remember that dogs are not permitted on the property of other owners. Properties on corner lots own the front along the street and down the side on the adjoining street. These are not public or common areas to be used for “walking” dogs. Please do not allow your dogs to urinate or defecate in these areas.

NEWS ABOUT INDIO

by Dow Tunis
Our Roving Reporter

Greetings Shadow Hillites! Sorry I missed the article in January but between cataract surgery and a new left knee, I was out of commission.

More neighbors are on the way. Indio Planning Commission unanimously approved entitlements that allow Rilington Communities to build a 63.2 acre home and commercial project called Thyme Square at the southeast corner of Clinton Street and 42nd.

Phyllis and I attended the grand opening of the Fresh and Easy neighborhood market located at the corner of Avenue 42 and Jackson. The drive from our front gate is 5 minutes, less if you start at the Monroe gate. It sure saves time and gas money, and believe me it's a nice store. Walking around the store we found the prices comparable to Ralphs or Albertsons. While Phyllis was checking out the cereals, juices, seafood, breads and fresh produce, I wandered over to the wine rack. Did my eyes deceive me or does this store carry the "Big Kahuna" brands of chardonnay, cabernet, etc. at my favorite price, \$1.99. Who needs Charles Shaw!! The store personnel were very pleasant and helpful and ready to assist if you can't locate a product or have any trouble going through one of the nine self-checkout counters. Purchase in Indio folks – it's to your benefit.

Ever been to the Riverside County Fair and National Date Festival? Here is your chance. The 62nd annual event will be held at the Riverside County Fairgrounds in downtown Indio. It will run from February 15 – 24 and it is an event for all ages.

Polo players and their horses from around the country converge on Indio for the next five months. The city has two active Polo clubs. The Eldorado Polo Club is located at 50-950 Madison and the Empire Polo Club is a 81-800 Avenue 51. General admission is \$10 on Sunday only, unless it's a fundraiser. The public is invited to pack a picnic basket, grab a blanket and head to the action. Tailgating along the sidelines is encouraged. For information call Eldorado Club at 342-2223 to find out which field will be in play.

Attention Gentlemen. In case you had not noticed, the "Year of the Women" landed in our valley in December. Between council rotations and recent elections Yvonne Parks of Desert Hot Springs, Jean Benson of Palm Springs, Mary Roche of Indian Wells, Kathy DeRosa of Cathedral City and our own Lupe Ramos Watson are the newly installed mayor of their respective cities. In addition, Lupe is also the first Latino Mayor in the 75 year history of Indio. Upward and onward ladies!

Mark your calendar. The Indio Old Town StreetFest is back in business. Join us on the 2nd Tuesday of every month now through May of 2008 (2/12; 3/11; 4/8; and 5/13). Free shuttle bus transportation from the Montecito Clubhouse at 5 pm, 6 pm and 7 pm with return rides available at 6:30 pm, 7:30 pm and 8:30 pm.

Indio City Planning has made several approvals that affect our area north of I-10:

- Citrus Ranch on the west side of Dillon Road, some three miles north of I-10 has received a development agreement consistent with the City of Indio General & Specific Plan.
- McDonalds, at the southeast corner of Avenue 42 and Jackson, has received a conditional use permit in the Indio Towne Center.
- A conditional use permit for a drive-through Starbucks Coffee at the Indio Towne Center was also approved.
- Plans for a First Bank of Palm Desert were approved by planning and will be located within the Shadow Hills Plaza at the northwest corner of Jackson and Avenue 42 also receiving approval was drive-thru banking.
- A three-story apartment complex has been approved by Indio planning. It will be a 247 unit gated apartment complex planned for the southwest corner of Avenue 42 and Country Club Drive. The design of the 11 acre complex is part of the larger 88-acre Northgate project.
- Residents playing golf at the Indio Municipal Golf Course will soon be able to walk next door for a cold beer or a bite to eat. Shops at the Greens, a retail complex next to the course at Jackson and Avenue 42 have been approved by planning.

Meanwhile, Indio City Council has also been busy under the leadership of Lupe Ramos Watson and Melanie Fesmire, Mayor Pro Tem. The council, beginning in February, will start their meetings one hour earlier in response to residents' request. Closed sessions will begin at 4 pm instead of 5 pm. Open sessions for the public will begin at 5:30 pm with public hearings beginning at 6 pm.

Council amended the Indio Municipal Code to require collection of Quimby fees later in the entitlement process. The fees required from the developer go toward city park improvements. Collection will now take place when the city issues building permits rather than when the final map is recorded. A contract with RBF Consulting has been amended to allow spending an additional \$562,245 for more work and the completion of engineering reports and a final environmental document.

I'm sure you recall last year that there was considerable digging at the northwest corner of Varner and Jefferson by several city departments. Additional studies are required because an archeological field exists. Several cultural sites were considered "significant" in terms of the National Register of Historic Places criteria...them bones, them bones. Meanwhile, the city is trying to purchase the property, part of which goes to the I-10 exchange and part will allow the extension of Varner from the C.H.P. building to the new Avenue 42. The Northern portion will probably be zoned commercial. Keep tuned.

The Ford Truck Red, White and Blue Polo and Balloon Festival was canceled on Sunday for the second year in a row due to high winds and the threat of rain. Not very nice of Mother Nature after 50 Marines from 29 Palms had set everything up.

According to City Manager Glen Southard, there are some 16 developers looking at the Indio Fashion Mall and some bids have already been made.

See you next month with more exciting news of Indio.

Artist of the Month

Myron S. Crespin, a 75 year old artist has never had formal art lessons. Myron's first exposure to art was at CCNY College as a sign painter. Later he carried his sign painting talent to the Army where he painted names on helmet liners while in basic training. After discharge, Myron worked as a Production Manager at a New York advertising agency. Moving to LA, he later opened his own printing and mailing company where he was responsible for computer graphics. While summering in Oregon, Myron attended a pleinair workshop with a well known Oregon painter of strong colors. At the SCSH Creative Arts club he's known for using bright colors and big brushes. Myron is presently working in watercolors as well as oils.

From the Library

Library "Turns a New Page"

The existing library in the Montecito Club House will begin expansion in January to include the area around the fireplace. We hope the construction will be completed by the end of March.

Members of the library committee visited the library at Sun City Palm Desert for information on their growth as an "honor system" library. The meeting was very helpful in planning and organizing our library expansion. The shelves will be built to "fit" the books as our needs change. There will also be a newspaper rack, roundabouts for magazines, step stools and color coding of book types. Best of all, it looks like it will be a lovely, larger and well organized library.

Our storage at this time is limited and full of recent donations. Please hold onto any book donations until the construction is completed. We appreciate your patience as the construction progresses.

This is an exciting time as we expand and improve our library. Keep in mind that with growth we will need more volunteers. If you wish to volunteer please contact Barbara Perler at baramp@earthlink.net or Delma Schlabach at delmas@yahoo.com.

Because there are many clubs at SCSH and limited space, the Artist of the Month will no longer run. Thank you to the Art Club for providing this feature in previous issues.

2008/2009 Phone Directory

It is time to begin collecting data for the 2008/2009 Phone Directory. In the past, the data base has been given to our publisher based on those who submit their information. Due to this practice, many of you have been left out of the phone directory.

This year we are handling the data base differently. If you want to be eliminated from the directory, you will need to OPT OUT. There is a form inserted in this issue that gives you the details of how to handle your information to be published. If you want to be in the directory, then whatever information we have on file will be given to the publisher and you need to do nothing.

If you do NOT want to be published in the directory, please complete the form inserted in this issue to OPT OUT. Thank you for your attention to this matter.

CHARTERED CLUBS

BILLIARDS CLUB

Bill Price 345-3566

Session Dates: Wednesday Evenings at 7 pm

The purpose of the club is to meet other players and have fun playing pool. We always look forward to having new players as new residents

move into the village. Membership is \$5 per year. We have a Tournament on the first Wednesday of each month. Bryan Murray won our Tournament in December with 2nd to Ron Pannell and 3rd to Don Salvatore. We have been having a session on Thursday at 10 a.m. with the emphasis on beginning players, with experienced players on hand to give instruction on the rules and strategy. These sessions have been sparsely attended so we will suspend this as a formal session and substitute "instruction as requested." This means that anyone who would like to learn the game or wants to improve their game can call one of the above officers. They will arrange to have someone come in to the Billiard Room for that one-on one session. This can work for groups of potential players as well.

Come out and enjoy the camaraderie. Get in the game. Live a little!!!

BRIDGE CLUB

Marty Martin 262-8104

The Bridge Club meets every Thursday evening from 6:30 pm to 9 pm in the Montecito Clubhouse (check the podium in the entry way for room location – it varies). Players of all bridge abilities are welcome. You do not need a pre-determined partner to play!

The purpose of our club is to have fun playing bridge and to meet other players. We look forward to welcoming more players as new residents move into Sun City Shadow Hills. On the 1st, 3rd, and 5th (when applicable) Thursdays of the month, we play four hands at a table, then the high scoring players move to a new table, and the low scorers change places so they have a new partner.

On the 2nd and 4th Thursdays we keep the same partner for the entire evening and play either "party" or "rubber" bridge! We hope to see all Sun City bridge players on Thursday nights! Come socialize, play bridge and maybe bid and make a grand slam!

The Bridge Board meets quarterly, and we sometimes have a short membership business meeting just prior to playing bridge.

Our bridge membership fee is \$10 per fiscal year. If you have any questions, contact Marty Martin at 262-8104 or Caroline Smith at 345-4092.

Ben Weissbach 702-7159

Meeting Dates: Every Tuesday Night from 6 to 10 pm
 Can't decide which club to spend your evenings at the Clubhouse? Can't decide on how to spend those long February wintry nights when the temperature drops down into the thirties? Well I can tell you Tuesday nights it's nice and warm at the clubhouse playing cards with the "Kings and Queens Card Club." Men and women playing together just for fun. Remember those Friday night poker games you had as a kid, when you played poker with wild cards, high/low seven card, baseball, five card draw and high spade in the hole? At the card club we play poker games the same way you played as a kid in your old neighborhood. Isn't it amazing we're doing it here too? Its dealers choice no matter what your favorite poker game may be. Is it Stud, Texas Hold 'Em, or just plain Jacks or better? We're here to have fun.

Ralph Gabai 262-8593

The Opera Club celebrated the New Year with a night of Gilbert and Sullivan. For February we are planning our Pot Luck Dinner provided by our members and will enjoy the biblical epic, "Samson and Delila" by Saint Saens. It is the only one of Saint-Seans numerous operas to continue to hold the stage today. The composer shows his best inspiration including Hebrew chants to contrast with the sensuous music of the pagan Philistines. An oriental atmosphere of warm moods and colors is evoked through the music of the Bacchanale and Delila's famous aria "My heart at the sweet voice." Please join us on February 6, note" the Pot Luck Dinner will begin at 5:30 pm before the performance.

RV CLUB

Carol & Jack Dorler 200-3255

We are all looking forward to the 2008 events. Our club has lots planned up to June and into October. AZ, Laughlin, Solvang, Grand Canyon and Pismo Beach are just a few of the trips planned. We do not plan trips for July, August and September, there are those who travel and just get away from the heat.

There are short trips through the summer months, just not planned with a wagon master. We are starting the New Year with two new officers, Jack Dorler was reelected President, Cary Washburn is our new Vice-President, Bobbie Freiman our new Secretary and Hilda Andangaard continues as our Treasurer. We welcome two added couples Don and Sharron Meyer and Hernando and Miryam Galan. Our dues are \$10 per person annually, our year starts January. We meet first Wed. of each month at 6:30 pm at the Montecito Clubhouse, come join us. Jack Dorler 760-217-5099 or Cary Washburn 769-238-4232

READERS INK

Sue Haffley Fails 345-0286

Meeting Date: Fourth Tuesday of each month, 2 pm
Readers' Ink is a book discussion group. We meet in the Montecito Clubhouse where we consider the relative merits of that month's selected book. Recent selections have included "A Thousand Splendid Suns" by Khaled Hosseini and "The Age of Innocence" by Edith Wharton. Our group consists of people from a variety of backgrounds, the common denominators being a love of reading and the sharing of thoughts and feelings about our readings. We choose our monthly selections by consensus and try to maintain a balance of classical readings as well as contemporary literature. In January, we met with a local author, Thom Racina, who visited with us and provided us the benefit of his experience as an author of several books, one of which, "The Madman's Diary," we had read in anticipation of his visit. For February we'll be reading "Eat, Pray, Love" by Elizabeth Gilbert and in March we'll tackle "Main Street" by Sinclair Lewis. In April we'll be reading "Educating Alice" by Alice Steinbach. If you're interested in joining, feel free to give Sue Haffley a call at the number above or just show up at the meeting. Annual dues are \$10.

SHADOW HILLS COMMUNITY SINGERS

Sue Haffley Fails 345-0286

Have you ever wished you were part of a choral group, but for one reason or another, you've never had the opportunity? Here's your chance! We're a group of residents, some of us experienced singers and others of us musical neophytes, who come together every Monday evening at 6:30 pm and SING! No audition is required. Several times a year we perform for our community and perhaps in the future, for outside groups as well. Recently we made our debut in the November Talent Show, performing a medley of Broadway tunes. Future endeavors include working with the Shadow Hills Performing Arts group on a project to be performed in April. We have the amazing good fortune to be led by an experienced and very talented singer and choral director, Karen Adamik. If this sounds interesting to you and you'd like to add joy and companionship to your life in pursuit of musical skill, give Sue Haffley Fails a call at the above number. Our annual dues are \$10.

SOLOS

Marilyn Hodges 345-1899

Monthly meetings are held the 3rd Sunday of each month, at 5 pm at the Montecito Clubhouse. Prospective members are invited to attend the meeting as well as our networking/socializing after the meeting. It's a great way to get to meet and make new friends. We have line dancing lessons after our meetings. Friday afternoons will find many Solos at the Golf Clubhouse at 4pm for cocktails and networking. Stop by, it's a fun way to spend the afternoon. Upcoming activities: Palm Springs Follies Matinee Sunday, April 27, 2008. Cost of \$42 per person. Be sure to come out as we would greatly enjoy your ideas, suggestions and comments. See you there.

STITCH IN TIME

Barbara Graham 469-3529

Martha Horner taught us how to make an “explosion photo-cube.” It is made of folded, printed cardstock that opens like a flower showing family photos that are glued on each page. Each person who made one used papers and photos of her choice so that all were unique and beautiful. What a gorgeous gift to give a loved one. Truly a family treasure. In January, we carpoled to the super Jo-Ann’s in Redlands for yarn and the Calico Horse in Calimesa for fabric. We came home with lots of wonderful fabric to make our yuletide table runner and heart wall hanging taught by quilter Barbara Graham. The class will continue through February as needed. We meet in the Cambria Room on Mondays, 12:30 – 3 pm and welcome new members, so come and bring your quilting, knitting, crocheting, scrap booking, greeting card making, needlepoint, beading and any craft you are doing and join us. We are eager to learn how to make new, creative things, so bring your ideas. If you need help or a refresher we are happy to assist you. We have sewing machines for your use during club time. Annual dues are \$10. We welcome donations of fabric, yarn and patterns. Questions? Call Barbara, 469-3529.

SCSH AFTERNOON SOCIAL BRIDGE

Vivian Chertok 238-6621

The Afternoon Social Bridge Club meets in the Montecito Clubhouse on the first and third Friday of each month. Our goal is to have a good time playing bridge. We play four hands at a table in each round and use the Chicago scoring system. The high-scoring partnership then moves to a new table, and the remaining partners change seats so that everyone has new partners for the next round. Our February meeting dates are Fridays, February 1 and February 15. Please try to arrive by 12:50 pm. Play begins promptly at 1, and we play until 4 pm. Annual dues are \$10. We look forward to welcoming new members in 2008!

SCSH GAMES PLUS

Carol Dorler 953-3224

THAT’S ENTERTAINMENT CLUB

Ben Weissbach Ben11169@dc.rr.com

Party time has begun as we have introduced to Shadow Hills residents a new social club called “That’s Entertainment.” Would you like to dine out with others? We’re going to go to restaurants all over town. Would you like to go to theaters with others? We’re going to go to theaters all over town. Would you like to have parties and dances every month with others? We’re going to have them at the clubhouse. Would you like to go to sporting events and casinos with others? We’re going to tournaments and events all over town. Would you like to go on one day shopping (till you drop) days with others? We’re going on one day trips every month of the year. More activities every month means more fun for all. Join us for a punch cocktail party in the banquet room at the clubhouse to find out about our agenda of activities. Become a member and you will enjoy a year round social calendar with your neighbors and friends. Committees have been working in many areas to make this an exciting club for you. “That’s Entertainment Club.” will be holding two punch and fun parties in February from 4 to 6 pm at the clubhouse. The fun begins when you come to our get together and become a member. Write down the dates Wed. 2/13 and Wed. 2/20 and learn what we have in store for you in Restaurants, Theaters, One day and Overnight trips, Sporting events, Casinos, Parties and Dances and Surprise events to be announced.

TOPICAL DISCUSSION CLUB

Al Barish 772-9409

Meeting Dates: Every two weeks on Mondays 7 to 9 pm
The Topical Discussion club has just passed its 10th month and we have been very successful in holding many discussions affecting our lifestyle at Shadow Hills. Do you like to talk or listen to just about anything? Are there important topics you think should be

discussed? What about debating things happening around the world everyday? In other words, is there something on your mind you think should be discussed with friends in the community.

The Topical Discussion Club meets every two weeks on Monday nights at 7 pm at the clubhouse. In past meetings we have discussed many interesting topics surrounding our homes, maintaining our landscape, home warranty programs (pro or con), home insurance (pro and con), (flood insurance). Other topics have been in areas of earthquake awareness, neighborhood watch, citizen patrols and so forth. We speak about the war in Iraq and bringing our troops home. We have discussed our views on immigration and illegals in California. Also should there be a single line veto for the President? Give the Topical Discussion Club a try. We will meet again on Mondays, Feb. 11 and 25 at 7 pm.

TUTTA BELLA VINO

(All Beautiful Wine)

Bill Berry 345-9689

Join Tutta Bella Vino Wednesday February 27, 7-9 pm in the Montecito Ballroom as we continue this year's tour of wines around the world by visiting Italy. The cost of \$15 per person includes a tasting flight of both Italian white and red wines and an individual fruit

and cheese plate. Prepaid reservations are required. All residents are welcome to sip the fruit of the vines from sunny Italia. Space is limited, so hurry to fill out the registration form (on the rounder by the Lifestyle desk). Make checks out to SCSH Tutta Bella Vino, staple it to the form and place in an envelope. Drop it through the slot of the new Tutta Bella box located near the library. Last month was a sell-out! February's deadline for prepaid reservations is Feb. 18. Do it now, so you can join us for an evening sipping wines from across Italia and embracing what the Italians call "Vive bene, Sprezzo L'amore, Di Risata Molto" (Live well, Love much, and Laugh often). This defines how Tutta Bella Vino approaches all its wine tastings in search for that "tutta bella vino." For further information, call Bill or Diana Berry.

Reverse Mortgage

Do you have family members who could benefit from access to the cash in their home's equity?

Look to a Reverse Mortgage

The Reverse Mortgage¹ program allows homeowners age 62 and older to tap into the equity in their home.

- Senior homeowners can borrow against the equity in their home and receive monthly payments instead of making them.
- The loan proceeds can be obtained in a lump sum or in monthly installments.
- This program helps senior homeowners maintain their current lifestyle and helps keep them in their home.²
