### Our Best in Class Fire Station – and Firefighters

*by Bob Paradise  
 Director of Land  
 Del Webb/Pulte Homes*

It is said that imitation is the sincerest form of flattery. If that's true, we all have reason to feel flattered. Indio's next new fire station at the Terra Lago development, slated to open next spring, will be modeled on our own Fire Station No. 4 on Avenue 40.

You may or may not know the history of our fire station. Del Webb dedicated the land for the station to the City of Indio at no cost. Del Webb then undertook construction of the innovative facility with its drive-through design, and paid \$4 million of the \$4.3 million price tag for development and construction costs. There were no costs to the community association or residents for this model facility that sits literally on our doorstep, ensuring the

shortest emergency response times possible.

There is more that's unique to our station than just its drive-through design. Station 4 is the first in the valley with a plymavent system to eliminate the smoke exhaust that can build up inside the station when the engines are started up – a major air quality concern to the firefighters and paramedics who have to live in the building for days at a time.

There are two platoons (five members each) dedicated to our station, with one platoon on duty at the station at all times. Though their tours can last up to 21 days when the second platoon is off fighting fires out of the area, the typical tour is three days a week, on duty 24 hours per day. When not on paramedic calls – 85 percent of the calls – or fire, hazmat, and technical emergency calls – the other 15 percent – the firefighters are busy training and maintaining their equipment and station.

“It’s a pride thing,” said Battalion Chief Bart Chambers, talking about his team and the exemplary job they do maintaining the facility, which is as spic and span as a Navy ship. “We take care of our station because it’s a reflection on us.”

A 17-year veteran of police and fire service, Chief Chambers’ philosophy is simple: “Work hard. Enjoy going to work. Give the public what they pay for. And go into every call like it’s the real thing, even if you think it might be a false alarm, because you never know.”

Chief Chambers once called in 21 pieces of equipment from around the valley to fight a fire in downtown Indio. They were there in 17 minutes.

We at Del Webb are grateful to have people like Chief Chambers and his team looking out for Sun City Shadow Hills.

**Question:** Who does the Speed Monitor belong to, and will we continue to have it available?

**Answer:** The speed monitor belongs to Securitas, and since we will be getting a new security company soon, we will need to make other arrangements if we want one.

**Question:** Where can we buy the small bulbs that fit the lights on our garage?

**Answer:** Many grocery and hardware stores have the 40 watt bulbs that fit those lights. The cheapest I've found are the ones made by Sunbeam that Dollar Tree has - two for one dollar; however, a resident recently told me that Lowe's has a 7 watt compact florescent light (CFL) bulb that has a life of 8,000 hours which is about one and a half years that also will fit our lights. At \$5 each you can save energy and also relieve a lot of aggravation over the frequent burn outs.

**Question:** Can we register our guests and vendors online now?

**Answer:** No, the system is not set up to do that yet. The plan is to get another computer in the guardhouse. We may have to run an additional Time Warner line to handle it. Hopefully, it will be set up in the near future after Boyd, our new security company takes over.

**Did You Know:** As a young man Del Webb was a carpenter and baseball player and dreamed of starring in the major leagues. He eventually had to "swear off the game forever" after a long bout of typhoid fever. But in 1945 he became one of the owners of the New York Yankees. He always denied the personal investment had a sentimental basis.

## Winners of the Sun City Shadow Hills Photo Contest

by M L Niethold

Anyone who has stepped inside the Montecito Clubhouse recently has seen the large reader board with pictures of the winning photos submitted by residents to be judged by a disinterested photography expert. The three top winners are exhibited on one side and Honorable Mention photos on the other.

The three top places went to SCSH residents of diverse and interesting backgrounds. Born and reared in different places, educated in different fields, nonetheless, all have shown by their entries that beauty and pleasing proportions can be found, and interpreted, so that many people can enjoy their separate visions.

The basic criteria for submitting these photos were simply "people and scenes around SCSH." The three prize-winning photos exhibited exemplify these criteria in personal ways.

**First prize went to BETTY J. ZASLAWSKY and her photo entitled "Sunset at Shadow Hills."**

A native of Indiana, Betty's early life is novel – she and her sister were adopted as pre-teens, twelve and thirteen years-old and their mother is still going strong at the age of 89. Betty and her husband have lived in SCSH for about a year and a half and enjoy it immensely. They are both retired; Betty was a registered Pharmacy Technician who worked in many places in the Coachella Valley: Longs, Vons, Pavilions, Desert Discount Drugs. Interestingly, she and her husband met when he was standing in line waiting to turn in his prescription! They have been married for 13 years and have grown children in

Oregon and Arizona and are the proud grandparents of nine and great-grandparents of three.

Betty is a member of the Camera Club and enjoys traveling. She spotted the subject of her winning photo on the bus returning from a SCSH trip to Algodones. She said she hoped the bus would get her back home in time to take the shot and was thrilled when things turned out so well. She stood on a chair and got the shot through her neighbor's mesquite tree. She loves the colors in this photo which she took with a Nikon Cool Pix 2100 3x Zoom, and wants all to know that she took the class from the Camera Club to learn how to use it.

**Second Prize was awarded to BENJAMIN "BENNY" HERBST for his entry entitled "Back Yard Water Feature."**

Benny and his wife, Anuga, are natives of Israel. Benny says he finished his basic schooling and military duty there and then came to study at Ohio State where he received his Bachelor's degree in Electrical Engineering and continued taking graduate courses until he went to work in the Industry. He worked for various companies in the Silicon Valley and then established his own consultant company where he continued to work in the industry for twenty-five more years. He and his wife, who worked at the consulting company (after he talked her into taking a bigger salary than she was making as a teacher!), retired nine years ago. They lived in various spots in the Coachella Valley and finally came to SCSH a year and a half ago. They have one daughter, Oreet, who lives in El Cajon.

Benny and Anuga are very busy people. As are many retired folk, they seem to be as busy now as when they were working. Besides taking many academic classes through the Osher program, they are active in both Palm Springs Film Festivals, the Jewish Film Festival, various charitable groups and they like to travel. They stay fit by going to the SCSH gym most days and Benny plays the acoustic drums (no one can hear them that way).

He and his wife designed their backyard (which is where his photo was taken) and tried to make it low maintenance and water saving. They picked up the large pots in the Valley and had their landscaper place them where they wanted them. Benny took the winning photo late morning, facing the mountains, with his wife's Canon. He does

own his own camera and does his own editing (more light, etc) on Photo Shop and prints them himself. This has been a hobby of his for many years and he takes videos as well as still shots.

**Third place went to FRANCINE KORDA for her photo entitled "Reflective Egret."**

Francine is a native Californian and a graduate of UCLA (she says she is Bruin Brown through and through). She also has a master's degree from California State University at Northridge. She taught school for many years, mainly kindergarten, and has lived here at SCSH for about two years. She also belongs to the Line Dancing Group and Table Tennis.

Francine says she took many, many pictures while teaching because she made up books of her students each year to give to their parents. Trying to get wiggly kindergartners to stay still long enough to get those memory-renewers of children at Hallowe'en, Christmas, etc., is probably why she was able to get the shot of the egret!

She says she was just in the right place at the right time when she took the picture of the egret and the looking-glass effect. This was taken along the walking path (the dog path or the duck path, if you prefer) early in the morning. Taken with her Canon Digital Rebel, Francine had praise for the Canon customer service as she says they will answer any question when you call them.

These three beautiful photos were taken by our neighbors with cameras available to anyone with any interest in the subject. They were not professionals and give hope to others who would like to express their artistic abilities in the same manner.

All three of these photographers are charming, interesting people who help to make Sun City Shadow Hills a wonderful place to call home. Unexplored talents should be encouraged and this contest is one way we have to bring out the best of our fellow residents. Please congratulate these winners, and all the contestants who have shared their vision of life in our neighborhood.

# NEWS ABOUT INDIO

by Dow Tunis  
*Our Roving Reporter*

Hi again Hillites! Certainly a lot going on at the old campsite and around town. Sixteen of our busy ladies were practicing their Vagina Monologues while the Shadow Hills community Singers, Happy Tappers and Lively Liners were getting ready for "An American Tribute," a concert to celebrate America, being presented May 17.

We were pleased to have Indio Planning Commissioner, Mr. Glenn Miller, speak to the SCSH Topical Discussion Club on April 7. Commissioner Miller spoke on the City of Indio project status including projects approved, pending and completed. Mr. Miller also talked about the potential annexation areas the city is considering and projects such as Indian Trails, Citrus Ranch, Stonewater, Dillon Trails and Washington/Varner Road. As most of you know, Glenn Miller was very helpful in reviewing and approving the Sun City Shadow Hills project and the recent amenities proposal lead by our own Shadow Hills resident's committee.

Hope you had a chance to attend the Southern California Miniature Horse Show in Indio on April 12-13. More than 100 horses competed in maneuvering jumping and appearance. The miniature breed cannot be more than 34 inches tall to compete and are used for show only, not for riding. The show is a great draw for all ages. This type of horse can be found in 37 different countries with a total registration of over 160,000 horses.

I have mentioned this before and now additional areas have been changed. Speed limits have been reduced on six Indio street segments from 25 mph to 20 mph and increased on eight street segments by 5 mph. Rather than try to name all fourteen streets, let's just keep our eyes open when we drive.

Plans are underway to subdivide 12 acres on the South side of Avenue 42 between Madison and Jackson into two parcels for future development. The Indio Planning Commission has approved a tentative parcel map to allow the Foundation Group out of Newport Beach to proceed with their plans for retail office space, showcase retail and a commercial center.

Planning has also approved the design review 07-4-260 of the Jefferson Street Business Park on the North side of Indio Boulevard at the intersection of Jefferson Street adjacent to the stop light. The project sits on 16.2 acres and would include 17 buildings for commercial showroom service and light industrial uses.

Thanks to the JFK Memorial Foundation and Desert Oasis

Healthcare, free rides to medical and health related appointments are available if you lack transportation. You must schedule your ride two days before needed by calling the Desert Health Care office at 862-9843. It is open weekdays from 8 am to 5 pm.

The Desert Sands Unified School District will be rebuilding and widening Jefferson Street between Avenue 40 and Avenue 39 beginning early next year in preparation for the 2009 opening of their new high school and middle school at Jefferson and Avenue 39. As you know, a grade school will also be built in this area.

You will more than likely have to make a detour next year while the intersection of Varner Road and Jefferson is scheduled to be upgraded. Varner Road from Jefferson West to the Highway Patrol Building will be realigned and widened.

The City of Indio is constantly upgrading their response for a natural disaster. Staff has been trained in different exercises such as assigning each employee to a group who then deals with a simulated explosion at a train station. The groups are asked to create a disaster and then respond as a group. Additional training for supervisors and executive staff is also included.

Indio spends between \$30,000 - \$50,000 a year on disaster planning according to Mark Wasserman, Assistant to the City Manager, however, the city does not set aside a stock of supplies such as water or food for disasters because the desert heat makes this very difficult for the city to do. Are you listening Shadow Hills?

Ever been to the Shields Date Garden on Highway 111 just east of Jefferson? People come from Canada and as far away as Great Britain to taste the date shakes, eat a date ice cream cone or watch the movie, "Romance and Sex Life of the Date." 70% of Shield's customers are from outside the valley. A minimum of two tour buses a day stop for dates. Shields Date Farms was started in 1924.

To accommodate the ever-growing demand of customers, Shields is planning to add a Deli, Bakery and expand into an adjacent building plus added landscaping, water features and more outdoor seating under the palms. Not a bad marketing idea with Polo Square going in right next door.

Here are some "date" facts you may not know:

- There are more than 20 types of dates grown in Riverside County
- The largest date crop is the Deglet Noor, followed by the Medjool
- Our county grows approximately 95% of the total date crop in the U.S.
- About 5,000 acres of dates are harvested in Riverside Country in 2006-07
- Production volume in 2006-07 was approximately 35 million pounds

We have two new businesses preparing to open on Hwy. 111 east of Jefferson, which everyone in the valley should recognize. The first is 'The Alley Store' at 80-250, Hwy. 111 is scheduled to open in May and will be part of the Alley Center across the highway

from Shields. It includes three retail buildings. The largest, 40,000 sq. ft. is for The Home Accessory Store and will carry such items as glassware, kitchen utensils, wall hangings and furniture. The other two 6,000 sq. ft. buildings will house yet to be determined retail shops. 'Babe's Jackalope Ranch', next door to the Alley, is scheduled to open in June. I'm sure you have seen or eaten at Babe's BBQ Restaurant at the River. The owner of Babe's and founder and former owner of Marie Callenders Pie Shops and Restaurants is the owner developer of Jackalope Ranch. The entire facility sits on 10 acres and will include a restaurant, outdoor garden area and an area for special occasions such as weddings.

By the end of 2008 the City of Indio's West entrance will have a dramatically different look and feel. Along with improvements to Shields, the opening of the Alley and Jackalope Ranch, the gateway to Indio will have three new lanes in each direction from Jefferson to Madison and a new tree lined median with landscaping and street signals. Riverside County Transportation Commission will provide \$7.2 million of the \$19 million road project. I'm sure additional monies will come from Polo Square.

# Vacation Tips

Vacations with friends and family should be an enjoyable and memorable time away. But certain safety precautions should be given priority equal to that of flight arrangements and hotel locations. Vacationers can face a host of problems from theft to injury. Using common sense and taking safety precautions can help travelers enjoy a safe vacation.

### Physical Safety:

- Do not drink and drive.
- Always lock and bolt your hotel room when you are inside it.

### Property Safety:

- Always keep your hotel room locked.
- Try to leave valuables at home.
- Lock any valuables you do take in the hotel safe.
- Beware of scam artists or pick pockets.
- If your cell phone or credit card is stolen, report it immediately and cancel service.
- Do not carry or accept packages from strangers.

### Beach Safety:

- Always use sun block.
- Never swim alone and only swim when lifeguards are present.
- Do not consume alcohol when swimming or operating boating equipment.
- Take strong current and rip tide warnings seriously.

### Traveling Out of the Country:

- Keep your passport in a secure location.
- Bring a photocopy of your passport.
- Know that laws and safety standards may be different.
- Leave a copy of your itinerary with family or friends at home.
- Familiarize yourself with local laws and safety concerns at the State Department website.
- Register your travel plans with the State Department through a free online service at [www.travelregistration.state.gov](http://www.travelregistration.state.gov).

# Meet Our Own Sun City Shadow Hills Doctor Dolittle

by Andy Perler

Meet Dr. Stewart Friedman, a retired veterinarian living here in Sun City Shadow Hills with his wife of 67 years, Sonia. He is the closest thing to the fictional Doctor John Dolittle from Puddleby-on-the-Marsh made famous in a series of children's books and subsequent movies. Although this Doctor doesn't talk with animals, he, too, treated more than dogs and cats, and is a man of original and lively character who has a keen understanding of animals.

His route to becoming a vet started very early in his life at age 12 when his two dogs got sick and had to be euthanized. He decided then that he wanted to become a veterinarian and help sick animals. Eight years later he received his degree in veterinary medicine and his career began. But it was no ordinary vet career. Although he had three state licenses and owned practices in Arkansas, North Carolina (13 years) and California (30+ years), his various and most exciting adventures were overseas trips as on-board doctor transporting animals. Some of these trips (not unlike the original Dr. Dolittle series), included adventures like:

- Taking 3,000 horses to Antwerp in 1945 to replenish the livestock depleted in Belgium by the Germans during the War.

- Under auspices of UNRA (The United Nations Relief and Rehabilitation Administration) he was appointed as on-board ship veterinarian to care for thousands of horses on two separate trips to Poland.
- On a separate trip he cared for a specialty shipment of wild Mexican horses sent to Greece as they were a unique breed (small hooped) for the steep Grecian terrain.
- He also cared for a shipment of cattle to Israel - 800 cows and 5 bulls (each bull worth about \$20,000) – to help Israel start its dairy industry. He recalls that as one of the more exciting trips as many of the cows were pregnant and he delivered 150 calves on that trip as well as overseeing a daily dairy operation on board.

To round out his experience with animals, Dr. Friedman also spent time as a U.S. poultry inspector. In addition to running a practice in the San Fernando Valley, he was also appointed by Governor Jerry Brown to serve on the Board of Examiners for Veterinary Medicine – the government agency that oversees the licensing and administration of veterinarians in California.

As a practicing vet he likes to tell the story about the two most unusual cases he ever saw: one was two elderly ladies who came into his examining room with a burlap bag housing a sick animal that turned out to be a

boa constrictor; the other was when he had to amputate the arm of a large monkey who was bitten by an ocelot. Both animals were the pets of one of his patients.

As a resident here for over three years Dr. Friedman dispenses some practical tips to resident pet owners concerned about providing the best care to their animals during our upcoming summer months:

- Make sure lots of drinking water is available throughout the day
- Best feeding time is at sundown when it begins to get cooler. A light breakfast snack is ok as well
- Keep your pets indoors during the hottest parts of the day
- Keep activity limited during the day. Walk your dog at sundown or at night
- Never leave an animal in the car even if the window is down

As a keen observer of animals for over 60 years, he recognizes the value pets play in our community and how important they are to more mature people. He says we “spoil ‘em like they’re our kids and give them great love and care because they are such good friends and great accompaniment.”

## Do You know an Interesting Resident?

There are a lot of stories about residents in our community who have achieved a level of accomplishment or have done something unique that would make for interesting reading in *The View*. ## Excuse the Dust

If you have not noticed by now we have more enhancements on the way with the changes to the library as well as the ballroom and kitchen area. Our events have been modified so that the construction does not interfere with activities. We appreciate the understanding, patience and support while we take advantage of this opportunity to grow. The lifestyle team is dedicated to providing our residents the best lifestyle available come rain, shine, or construction dust. When the finished product of our overhaul is realized by the end of summer I am sure we will all agree it was worth the hassle as we will be able to take all of our activities to the next level.

## Lifestyle Input

Although we have decided to put our Lifestyle Brew and Newcomer Coffee on hiatus for the remainder of summer we still look for valuable input as to how we can customize events to fit your lifestyle. We have so many avenues of communications that are easy to manage that it leaves us with no excuse to bring forward those great thoughts and ideas that will create excellent activities and events. The 2008 Del Webb Fitness Challenge took place at five Del Webb Communities (Sun City Apple Valley, Solera Oak Valley, Solera Diamond Valley, Solera Kern Canyon and here) during April and May. I'm pleased to announce Sun City Shadow Hills came in with 1st place times in 3 out of the 5 events and 1st place Overall! We reclaimed the traveling trophy and recognition as the Fittest Del Webb Community in Southern California. Congratulations athletes! If you would like to be part of the 2009 Del Webb Fitness Challenge start training now by joining the Beat the Heat summer fitness program.

This summer is a perfect time to stop dieting and start living with our private Weight Watchers group. You'll learn how to eat right and live healthy so you can lose the weight and keep it off. Meetings are held on Wednesdays at 4 pm in the Fitness Center Aerobics Studio. It's convenient, you can join at any time and it's a great way to meet new healthy friends, so why not join, we'd love to have you!

## Beat the Heat 2008

It's that time again. Summer is here and in full effect. So you know what that means, it's time to take exercising indoors. The best way to do that is to join the Beat the Heat program. This program consists of a variety of exercise classes and

lectures that are free to all who sign up and participate. This year we will be keeping track of the participants and how many classes each one takes. Participants will be rewarded with incremental prizes, so the more classes you participate in the more prizes you can win. Everyday our Beat the Heat board will be updated so you will be able to see where you stand. This is also a great way to get your friends and loved ones to sign up so you can compete against one another to find out who can beat the heat the best. Registration for this program will take place from Sunday, June 1 thru Sunday, June 15. The Program will start on Monday, June 16 and will run until Thursday, July 31. The following day; Friday, August 1 we will have a finale for all participants who stayed with the program and acquired at least one of the incremental prizes. Remember to sign up prior to the deadline since late applicants will not be accepted and not allowed to participate in any of the free classes or lectures. Remember that the summer days are long and hot and what better way to beat the heat then to exercise indoors and have fun doing it. For any questions and more information please call the Fitness Center at 772-0430.

## Fitness Tip

### 10 Steps to avoid Heat Stress while exercising this Summer.

- Step 1** - Drink lots and lots of water. Drink water before, during and after you exercise. For every 15 minutes you exercise, drink at least 8 oz. of water.
- Step 2** - Decrease the intensity of your exercise.
- Step 3** - Plan to exercise early in the morning or late in the evening. Or, if possible, take your training indoors.
- Step 4** - Give your body time to acclimate to higher temperatures. Plan on shorter and easier workouts for 7 – 14 days.
- Step 5** - Wear loose, light-colored and lightweight clothing.
- Step 6** - Maximize skin exposure to aid in evaporation. Don't forget to apply sunscreen.
- Step 7** - Cover your head. Wear a loose, billed hat and pour water over your head periodically.
- Step 8** - Change your plan to achieve a personal best that day.
- Step 9** - Plan your hydration. If you're going for a long run or taking a particularly hard class the next day, drink lots of water the day and night before.
- Step 10** - Listen to your body. The first stages of heat stress are muscle cramps, nausea, headaches, goose bumps on the upper body, unsteady footing and or a decrease or a stoppage of sweat rate. Stop exercising if you experience any of these symptoms.

## Golf Shop

### Bunker Blues

by Eric Fisher  
Head Golf Professional

Great putting drill!!!

Stick tees in the putting green just like in the pictures. They should be 6 inches across from each other and anywhere from 6 to 12 inches apart going forward and back. You use the tees for two reasons while practicing your putting stroke: 1) to help keep the face square by stopping at the tees on your backswing and follow through, checking to see if the face is square to the tees, and 2) to help instill a pendulum stroke, meaning your backswing is the same distance as your follow through.

If you have any questions about this drill stop by the golf shop so we can discuss further.

## Nine and Dine!!!

There will be a Nine and Dine Friday, June 20. We will have a 2:30 shotgun off the front nine with dinner immediately afterward. The menu will be fried chicken and fixin's. The cost will be \$30 per person (\$27 for those with Trail Fees), inclusive which includes your 9 holes of golf, dinner and prizes. The event will be limited to the first 48 players and there will be Men and Ladies flights, so sign up today!!!

## NIGHT PUTTING CONTEST

We had 52 players sign up for our inaugural Night Putting Contest and the winners were, in the Men's Division – Pete Anderson and the Ladies Division – Gloria Mossman.

The Night Putting contest in June will be Friday, June 13. The format will be a 2 person scramble, the cost will be \$5 per player and the starting time will be approximately 8:30 pm. Please sign up in the Golf Shop.

## Golf Maintenance

by Geoff Johansen  
Golf Course Superintendent

As we are winding the winter season down, we in the golf maintenance department are looking forward to getting started on some summer projects. We have set the dates for the aerification of greens, and I will list these dates for reference. Unless otherwise noted the golf maintenance department will be aerifying on these dates:

June 4 & 5

July 11 & 12

Aug. 6 & 7

The golf course will close down nine holes a day and the process will not take longer than two days to complete. The greens as expected will be a little bumpy for a week or so afterwards, but then should smooth out. If you have any questions regarding this process please feel free to contact me. As we work through this summer with transition, summer projects, aerification, and landscape adjustments, please bare with us as we will try to attend to all requests in a timely manner. As a final not I would like to acknowledge the great staff that surrounds myself and my assistant here at Shadow Hills. These gentlemen are in the trenches everyday, and deserve a round of applause. Without them this facility would not get as many accolades as it does. They are the lifeblood of the golf course.

With that said I would also like to tell everybody I had the opportunity of a lifetime to visit Augusta National and attend the Masters Golf Tournament a few weeks back. It was an experience of a lifetime. When the patrons walk onto those hallowed grounds you really have a sense of history. I had the opportunity to watch people like Gary Player, Tom Watson, Tiger Woods, Phil Mickelson, and countless others to many to name. The grounds are spectacular and really widespread. There is easily a two to three hundred foot elevation change on the property. It was an experience I will never forget.

We in the golf maintenance department look forward to increasing the beauty of this marvelous property, and will see some of you next fall when we begin next season. Have a great summer, and if there is anything we in golf maintenance can do to make your experience more enjoyable please let us know.

# Covenants Committee

by Jack Schafer

We thought it would be a great time for a brief review of the Rules and Regulations:

1. The speed limit on Sun City Blvd. is 35 MPH and on all other streets it is 25MPH.
2. Dogs must be on leash at all times, except in the dog park.
3. Trash cans must be kept out of view of the street and put out after 4 pm on Monday for trash collection and put back by 10 pm Tuesday after trash pick-up.
4. Guests or vendors must have a valid pass displayed in the front window of their vehicle.
5. Motor homes, travel trailers and boats may be parked in front of your home for a period of 48 hours and not to exceed 120 hours (5 days) in any calendar month for the purposes of cleaning, loading or unloading. Vehicles are not allowed to be used for overnight occupancy in the development.

These are just a few of the most common violations. If you do not have a copy of the Rules and Regulations for yourself or your tenant, please stop by the Association Office and we'll be happy to provide one to you.

Just a reminder, you must call the gate at 345-4458 to authorize guests or vendors that are not on your permanent list. Please be sure that you have your security code handy for proper identification and please advise your guests of your address and directions to your property. This will help prevent long lines at the gate. Please call the HOA office at 0345-4349 if you need to update your permanent guest and vendor list or you don't remember your security code.

The Covenants Committee appreciates all of your efforts in keeping our community a safe and beautiful place to live.

## Security Corner

by Ray Boyd

Thank you for the special trust and confidence the residents of the SCSH community have shown in allowing Boyd & Associates to become your security provider. Each month I will be writing a column for THE VIEW featuring some common sense security tips. But, for this first column let me introduce the reader to our company.

Our Coachella Valley team managed by Carol Jenkins, and assisted by Sarah Gonzales, Operations Manager, Harold Maestri, Patrol Division Manager and Priscilla Contreras pictured above left to right are eager to service your fine community.

Boyd & Associates founded in 1967 was originally an investigation firm doing pre-employment polygraph examinations and providing undercover operations and special investigations for a small coterie of industrial clients. Among the first clients were Mattel Toys, Columbia Records and Western Airlines.

Private security companies have shown mercurial growth in the past ten years, as cash strapped public law enforcement has become stretched increasingly thin. However, during this same period there has been a winnowing and consolidation via acquisition that has led to a diminution in the number of truly professional, well trained, private security officers. Boyd & Associates has survived and grown due in a large part to their strict selection process and the quality of their training regimen. The synergy of having patrol vehicles respond to alarms, provide drive by patrol service and check on the uniformed security officers has proven beneficial.

If Boyd & Associates can ever be of service to you, please do not hesitate to contact us.

## Now's the Time for Preventative Maintenance

by  
Fred Leung  
Del Webb Customer Relations

Summer is fast approaching and it's time to start testing your air conditioner before it gets too hot. As the summer season brings peak temperatures, it can take a service company up to a week before a service call is made due to the high volume of calls. So what is recommended? The most important thing is to have your Heating Ventilation and Air Conditioning system (HVAC) serviced by a professional technician on a yearly basis. They will check all belts and filters and replace them as needed. They also oil moving parts, lubricate the motor and inspect the wiring. If the unit is not cooling properly, a technician will check the pressure level of the refrigerant.

One thing to make sure you or your service company does is to check and clear all the condensation lines from your HVAC unit.

Preventative maintenance is the only way to ensure that your HVAC system is working properly. When it is not kept in shape, even the best system can cost you. Clogged filters, dirty thermostats, sooty flues, leaky ductwork and unlubricated fan motors can reduce heating and cooling efficiency by up to 25 percent. Make sure to keep changing those return air filters on a regular basis.

Duct Cleaning can lower energy bills by allowing the air to move easier by getting rid of dirt, hair, dust mites, dead skin, and dander from people and pets. Blocked condensation lines from the HVAC unit can cause damage by having water back up into the system and even into the house, costing thousands of dollars.

So, make your summer heat easier to deal with and check your system regularly.

The Bridge Club meets every Thursday evening from 6:30 pm to 9 pm in the Montecito Clubhouse (check the podium in the entry way for room location – it varies). Our Duplicate Players also meet every Tuesday afternoon from 1 pm to 4 pm. Players of all bridge abilities are welcome at both Thursday and Tuesday games. You do not need a pre-determined partner to play! (However, you might prefer to have a known partner for playing duplicate.) The purpose of our club is to have fun playing bridge and to meet other players. We look forward to welcoming more players as new residents move into Sun City Shadow Hills. On the 1st, 3rd, and 5th (when applicable) Thursdays of the month, we play "Chicago" style. On the 2nd and 4th Thursdays we keep the same partner for the entire evening and play "party" bridge! We hope to see all Sun City bridge players on Thursday nights and/or Tuesday afternoons! Beginning bridge lessons started on Wednesday April 9th. The bridge club is hosting

so there will be no charge. Anyone interested should call Al Barish 772-9409 for questions or to sign up. The Bridge Board meets quarterly, and we sometimes have a short membership business meeting just prior to playing bridge. Our bridge membership fee is \$10 per fiscal year. If you have any questions, contact Marty Martin at 262-8104 or Caroline Smith at 345-4092.

## CAMERA CLUB

**Cliff Roe 408-205-8765**

If you are interested in learning how to take better photographs and utilize all the capabilities of camera and computers in the digital age, you should join our club. Digital cameras have opened up the world of advanced photography to many more people as the combination of camera and computer replace with ease the skill of the advanced enthusiast in the film photography era. Our club meets on the first Wednesday of each month at 4 pm in the Montecito clubhouse. In April, we had Barry Shapiro, a local commercial photographer, show us and discuss photographs he had taken from vacations and assignments around the world. In May, we held a judging and critique of the photos submitted for our second competition. We celebrated the end of the year with a May social. After a full first year with 3 field trips, 7 lectures and 5 beginner classes, the camera club is taking a summer hiatus, and will begin activities again in the Fall. If you are an existing member it is time to sign up for the coming year. If you are new and wish to join please Email [cliffroe@ix.netcom.com](mailto:cliffroe@ix.netcom.com) or [jadamik@dc.rr.com](mailto:jadamik@dc.rr.com)

## CREATIVE ARTS

**Bobbie Schafer 772 -2477**

I want to thank all the residents of Sun City Shadow Hills who attended our ART SHOW in Old Town La Quinta on May 3. It was a success! The day was beautiful and the art was even more beautiful. I also want to thank the club members who helped me put this show together. It was hard work and I appreciate the help. Special thanks to Ray and Linda our money managers. Now we rest awhile before the next show. We will be participating in the Holiday Boutique again this year so start painting everyone. Remember we are down to one room now until the construction is finished so we need to really squeeze in. The room will remain open to the club all summer at the usual times. Our first event after the hot summer is the Chili Cookoff and we want to win this year. Can all you artists hear me? In October we will also start accepting nominations for our new board for 2009. Please think about who you would like to nominate. Ray Valle has offered to stay on as treasurer, but we will need a new president, vice president and secretary. Get your thinking caps on. I would also like to have someone offer to write the monthly article for *The View*. We have a member of our group who has written and illustrated a children's book and is in the process of illustrating another one right now. Larry Goodman has been involved with art for a very long time and works in all mediums. If you are looking for a piece of sculpture for your home or would like to purchase a copy of one of his books for your grandchild give Larry a call. There is so much talent in our group. Each month I will write a few lines about one of our members. Until July keep those paint brushes moving!

## DESERT LIFE

**Barbara Ashley 772-0552**

Desert Life is celebrating its 3rd birthday with a luncheon and installation of new officers! This club is designed as a way to have fun, go out to lunch, and meet new people. New residents are welcome to attend one luncheon before becoming a member. As a reminder, the Tea at 2 is always held on the 2nd Tuesday of the month and the luncheon is the 3rd Tuesday of the month! For questions or information, call Barbara Ashley at 772-0552 or Criss Kiefer at 345-7551.

Our club is growing and it’s been very rewarding to see how our new members, some of whom have never played before, are progressing. Mah Jongg is a fun and challenging Chinese tile game that has been enjoyed by many through the years. We have many different levels of players and all are welcome. This is a wonderful way to meet people, exercise your brain and have a good time all at once. We meet on Wednesdays and start to play at 12:30. Please phone one of us and let us know if you are coming for the first time so that we can welcome you. Lessons might be available – call if interested.

### MEN’S GOLF

**Marvin Sage 360-7117**

It’s official. Our Second Match Club Championship that started in February with 64 golfers ended on April 7. Bill Pritchard is now the Match Club Champion for 2008. Congratulations to all the golfers who played in this tournament. Because of its success, a lot of golfers are looking forward to our Third Annual Match Club Championship. Trophies were distributed to each flight winner. Jim Angus, along with his committee, did a fabulous job in putting together this event. On April 23 and April 24, a special golf event was held at our golf course. This was a two-day tournament where the women of the lady’s 18-hole golf club and the men from the 18-hole golf club joined to play golf together for the first time in the history of Shadow Hills. They played a “shamble” format that was put together by Nancy Maxwell, Pat Hoogervorst and Cal Elliott. 80 golfers participated and really enjoyed themselves. Just for playing, you became a winner. However, there were tee prizes for those members who happened to really be the winners. A lot of our members have left the desert for cooler weather. For those members who love temperatures above 100 degrees, our Thursday group will continue to play golf throughout the summer. Continue to post your own score after each round, or the Handicap Committee may impose and post a penalty score for you. See you on Thursday morning for golf. Stay cool and hit it straight!

### OKE-DOKEY KARAOKE

**Richard Arnold 200-3500/rzarnold@aol.com**

May was an exciting month for karaoke. We filled “Shadows” restaurant with standing room only. On May 8, resident Mike Lerner, sang a Frank Sinatra song “My Way” in memoriam to Ted Chain who passed away the first week in May. Ted loved to sing Frank Sinatra, and when he was feeling well would come to

Karaoke and always sing a Sinatra favorite. We had the regulars sing their favorite songs, as well as several new residents come to the microphone to sing. Our coral director, Karen Adamik, led the entire audience with group singing. A good time was had by all that attended. As in past years, Karaoke will be dark the summer months so watch the View to see when we will be returning with lots of new material and some fun evenings. Have a nice and cool summer.

## PET CLUB

### Janice Dunn 200-9965

The season is coming to a close and our pet club meetings will cease until next fall when a new board will convene. As your outgoing president, I want to thank the current board, the pet club members and the community for their support in initiating several programs and activities that fulfill the mission of the club and contribute to the benefit of our pets and pet parents. Our recent pet expo was a rousing success. We have received countless accolades from residents and pet owners and I want to thank the expo committee and all who contributed to a fun filled day. The event attracted more than 20 vendors. We gave away over 50 free prizes and gift certificates. Also featured, were interactive demonstrations with agility experts, the Riverside Search and Rescue Team and Fly-ball demos. Our first chipping clinic chipped nearly 60 pets and we photographed over 30 to substantially increase the number of participants in our photo identification program. On behalf of the pet club, I want to wish you and your pets a wonderful summer. We will look forward to seeing both old and new members next fall.

## OPERA CLUB

### Ralph Gabai 262-8593

The final meeting of the season will take place on Wednesday, June. At that time we will present a performance of Puccini's great *Madama Butterfly*. We all know the plot of this most famous opera. What we can not

understand is the fiasco that occurred at its premiers in Milan. Some say it was an anti Puccini clique, others that it lacked a likable tenor with solo arias. In the end Puccini did revise the opera to great success. Originally we planned to have a pot luck event. However, many members will be away so we have decided to have a pot luck dinner on Wednesday, September 3rd when we all will return for a new season of operas.

I would like to extend my personal thanks to Joe Cifarelli for his wonderful background lectures. Joe and I will be planning next season and we will preview the plans in the next issue of View.

## PAN CLUB

### Gina Crespin 343-7776

The Pan Club meets weekly on Monday evenings at 6:30 pm and Thursdays at 12:30 pm after lunch at the Montecito Clubhouse. We all like to have some fun. For more information on how to have some more fun in your life call Gina Crespin.

## PERFORMING ARTS

### Gloria Lash 393-8541

Judging from the positive feedback the all female cast of 'The Vagina Monologues' has been receiving, the long hours of creative effort paid off. Not only was the play an artistic success but because of the generosity of the Sun City Shadow Hills audiences, we, on the behalf of the community, were able to hand over to Shelter From The Storm, the local charity dedicated to working with victims of domestic violence, checks totaling just over three thousand dollars. Bravo to the cast, crew and community! Look for photos in this issue. Upcoming, in late November, we'll be collaborating with the SCSH Community Singers to present a Broadway-style musical featuring selected scenes and music from three Tony award-winning musicals, 'Hello Dolly,' 'Fiddler on the Roof' and 'Guys and Dolls.' End of January, we'll be presenting a comedy. In March, look forward to the return of the talent show and perhaps a surprise in late April, early May. Congrats to our new president, Paul Runyon and V.P., Lou Reinitz and continuing board members, secretary Pat Rosandich and treasurer Joanie Hamilton. Much gratitude goes to outgoing president, Gloria Lash. As always, we need an active membership to continue putting on these productions. Join us. Everyone has a talent we can use. Starting with the October meeting, we hope to initiate acting and production classes. Meetings are held every second Wednesday of the month. The next is June 11. Annual dues are \$10. More info, call Paul, 469-3252.

## RV CLUB

### Carol & Jack Dorler 200-3255

The SCSH RV Club is a wonderful group of people who love to travel, so if you have an RV, why don't you join in the fun! Our May trip took us to Aguanga, near Temecula, where we enjoyed ourselves at the beautiful Rancho California RV Resort. We embraced the gorgeous mountain, lake and golf course views of the resort and explored Old Town Temecula and some local wineries. So if you'd like to give us a try, mark your calendar for Wednesday, June 18 at 6:30 pm and join us at our next meeting at the Montecito Club House. Jack Dorler 200-3255 or Cary Washburn 238-4232.

## READERS INK

### Sue Haffley Fails 345-0286

Meeting Date: Fourth Tuesday of each month, 2 pm. Readers' Ink is a book discussion group. We meet in the Montecito Clubhouse where we consider the relative merits of the month's selected book. In May, we'll be reading *Three Cups of Tea* by Greg Mortenson which is an inspirational story of one man's efforts to address poverty, educate girls, and overcome cultural divides. The story takes place in Afghanistan and Pakistan and promises to be an exciting, thought-provoking read. If you're interested in joining our group, you're welcome to attend our meeting or give Sue Haffley Fails a call at 345-0286 with any questions.

## CHARTERED CLUBS

### SHADOW HILLS COMMUNITY SINGERS

**Sue Haffley 345-0286**

Meeting Dates: Mondays at 6:30 pm, from mid-September through May. The Shadow Hills Community Singers, in conjunction with the Happy Tappers and the Lively Liners, performed their first concert, "An American Tribute," in May. The Singers will be on hiatus in June, July and August and resume singing mid-September (Monday, September 15 at 6:30 pm). We're open to residents of Sun City Shadow Hills who want to sing in the company of others and improve their vocal skills. No audition is required. Many of us had no idea we could read music or sing in parts till we became a part of this amazing group. Our Director, Karen Adamik, is an experienced vocal and choral coach, and she will have you fulfilling your vocal aspirations and having a lot of fun in the process, so mark your calendars for September 15! If you have questions, give a call to either current president, Sue Haffley (345-0286), or incoming president, Pat Rosandich (343-0783).

### SOLOS

**Marilyn Hodges 345-1899**

Solos hold monthly meetings on the 3rd Sunday of each month, at 5pm at the Montecito Clubhouse. All single prospective members are invited to attend and get acquainted. After our meetings we often have either a social get together, and/or line dancing. Friday afternoons from 4 or 4:30 pm, you may find a number of our Solos at the Shadows Restaurant (the restaurant at the Golf Course) for networking and cocktails. Hope you will stop by, those who can make it really have a great time, and it's such a fun way to meet other singles at Shadow Hills. Come out and join us in one of our activities when you can.

### STITCH IN TIME

**Barbara Graham 469-3529**

A kind resident donated fabric to us! It is perfect for quilting, so we are excited about making things from this beautiful fabric; possibly for our holiday boutique. We are knitting and crocheting rectangles using donated yarn in different patterns to be made into blankets for charity while we sharpen our skills. If anyone wants to participate at home use your own acrylic yarn (or pick up donated baby yarn from us) and size 7 or 8 knitting needles and size G crochet hook. If you're knitting, cast on approximately 35 stitches. Make any pattern you'd like, but size should finish at 7" x 9". Bring us your completed rectangles and our accomplished crocheters will put them together. We already have many beautiful colors and designs. We have no field trips planned for the summer as many of our ladies have left for cooler climes, but the rest of us still meet and chat and work on our projects that interest us. We quilt, scrapbook, bead, needlepoint, cross stitch, embroider, knit, crochet, make greeting cards, and craft. So if you want to bring your handiwork

in and have a good time while you work on it, please join us. We meet in the Cambria Room, Mondays, 12:30 – 3 pm and welcome new members. Dues are \$10. If you need help or a refresher we are happy to assist you. We have sewing machines for your use during club time. Donations of fabric and yarn are welcome.

### TABLE TENNIS

**Vern Poore 485-5548**

Come along to play table tennis in the Fitness Center. Come and check out the fun, the exercise and the new friends you will make. We have purchased some new equipment and balls. Thanks to the generous donation from Robert (Bob) Wolcott, we have a third table to play. There are several nets, rackets and balls stored in the closet of the Fitness Center for the use of members and their guests. Annual Membership fee is \$10. Non-member residents will be allowed to play twice at no charge, thereafter the \$10 annual fee is to be paid. Members play on Fridays from 3 pm. New members/guests will receive a Welcome Letter listing the Club's expectations of conduct, clothing, shoes etc. Please wear walking/running/sports shoes and comfortable clothes. It's a great workout and lots of fun! So come along! To sign up for a refresher/beginner lesson, or for any questions please call, Vern Poore 485-5548 or Dinaz D'Souza 278-0260 or Ann Mottino 393-2080.

### THAT'S ENTERTAINMENT

**Ben Weissbach 702-7159 cell or Ben11169@dc.rr.com**

**Al Barish 818-437-0866 cell**

### TOPICAL DISCUSSION

**Al Barish 772-9409**

President: Al Barish (772-9409) Hm (818-437-0866) Cell

Contact: Al Barish (818-437-0866) and Ben Weissbach (702-7159)  
 Meeting Dates: Every two weeks on Mondays 7 to 9 pm. The Topical Discussion club has just past its first year and we have been very successful in holding many topical discussions affecting our lifestyle at Shadow Hills. Do you like to talk or listen to just about anything? Are there important topics you think should be discussed? What about debating things happening around the world everyday? In other words is there something on your mind you think should be discussed with friends in the community. The Topical Discussion Club meets every two weeks on Monday nights at 7 pm at the clubhouse. In past meetings we have discussed many interesting topics surrounding our homes, maintaining our landscape, home warranty programs (pro or con), home insurance (pro and con), (flood insurance). Other topics have been in areas of earthquake awareness, neighborhood watch, citizen patrols and so forth. We speak about the war in Iraq and bringing our troops home. We have discussed our views on immigration and illegals in California? Also should there be a single line veto for the President? Give the Topical Discussion Club a try. We will meet again on Mondays 6/2, 6/16, and 6/30 in June at 7 pm.

## TUTTA BELLA VINO

*(All Beautiful Wine)*

**Aldo Tremonti 972-3025**

Join TUTTA BELLA VINO on Wednesday June 25 7-9 pm in the Montecito Ballroom as we continue this year's tour of Wines from around the World.

The cost is \$18 per person which includes a flight of both red and white wines and an individual fruit and cheese plate. Pre-paid reservations are required. Space is limited so hurry and sign up. All residents are welcome. Fill out the reservation form which can be found on the rounder by the Lifestyle Desk. Make check out to SCSH Tutta Bella Vino, then staple it to the form and insert it into an envelope. Drop the envelope through the slot of the TUTTA BELLA VINO box located near the library. Last month we had over 100 very happy wine drinkers, so you better hurry as space is limited. June's deadline for reservations is June 15, 2008. Do it now so you can enjoy tasting new wines and enjoying the company of your friends and neighbors. Remember a day without wine is like a day without sunshine. This defines how TUTTA BELLA VINO approaches all its wine tasting in search for that "Tutta Bella Vino" For further information, call Aldo Tremonti at 972-3025.

## UKULELE STRUMMERS

**Ann Olsen 702-3943**

Want to cool off this summer with a HOT group? Join the Ukulele Strummers on Thursday in the Mirada room from 1 pm – 2:30 pm. We are having fun learning new songs and chords. If you are just learning or want to learn the Uke, we have chord

charts and beginning music to get you started. Do you already play an acoustic string instrument? We are looking for those who do to accompany us while we play. Our secretary, Darlene, is putting together melodies of Western music, Hawaiian music, Jamaican music, music from the 40's and more current tunes to play. We welcome new members and new ideas. So stop by and see what it's all about!

## VETERANS CLUB

**Pete Anderson 469-2086**

After our June 18th meeting, we will be going dark for the months of July and August as most try to take-off during the excessive summer heat. So come join us for our last meeting of the "season." We will continue to bring topics of interest to our Veterans and how it could affect us. Again we will bring war time experiences of our members. We are always looking for that unusual story. We will continue to define our mission as it relates to what we can offer the SCSH's community. We invite you to join us on the third Wednesday of the month as we continue to grow into an integral and important part of the Community. For more information, please feel free to contact any of our Club officers: President Pete Anderson; Vice-President Donald Van Hoff; Secretary Shaun Casey; and Treasurer Gil Smith. Let's finish this season in style—enjoy the summer—and we'll meet again in September. HAVE A GREAT SUMMER!

## WOMEN'S 18-HOLE GOLF

**Nancy Maxwell 345-0551**

April proved to be a challenge on the golf course as the March winds continued. The women golfers prevailed and enjoyed a very successful Member-Guest tournament held on April 9. This event was organized by the women's Board of Directors, and it was the last hurrah for this season. A field of 108 players competed for the prizes which were awarded at the catered luncheon in the Montecito Clubhouse following play. The Birthday Party theme was enjoyed by all. Thanks to the board for a job well done. Congratulations, Gloria Mossman! She is the Ace of the Month for April. Another first for the Shadow Hills Golf Club. The men and women's golf clubs organized their first Annual Mixer Tournament which was held on April 23 and 24. The two day event was well received, and all who attended had a good time. Thursday's play was followed by a buffet luncheon in The Shadows Restaurant. After lunch the awards were handed out to the winning teams, which was half the field. Please plan on joining in on this event again next year. Join in on the fun! Our season is winding down, and it is time to say goodbye to our friends who are heading for cooler climates. Have a great summer, everyone. We look forward to seeing you in the fall. Be safe and hit 'em straight!

## DEMOCRATS IN SUN CITY SHADOW HILLS

**Aggie Jordan 345-0691**

The next meeting of the Democratic Club of Sun City Shadow Hills will be on September 17. This does not mean we have stopped working. This is such an exciting campaign and our members are getting people registered during the summer months. There is plenty to do and we need your support. Come out and help. We will be registering voters at Stater's on Varner and here in the community. The contact numbers are at the bottom of this article. On October 15 we have an exciting program on Health Care. Barbara Rodin, PhD will be presenting us with information on the status of our health care system here in the United States, the health care policies and programs of the presidential candidates and will suggest what needs to be done for an effective system. Dr. Rodin, a former Yale Professor of neuropsychology, has managed health care systems for a health insurance company and for ten years owned and operated an HMO. Everyone will want to attend this meeting. It's in our own best interest. Contact Jan Dybdal at 360-3648 or Barbara Rodin at 818-763-0693 to help with Voter Registration.

## SUN CITY SHADOW HILLS REPUBLICANS

**Dave Watkowski at 861-0625**

Anyone interested in becoming involved in our Republican group, please contact Dave Watkowski at 861-0625. We are a political organization dedicated to furthering Republican Party ideals of smaller government, low taxes and a strong national defense. Our aim is to help the candidates of our choice, help local youth and make our community here at Sun City Shadow Hills a great place to live. You can "hope" or you can get involved from the ground up. Call now for more information about the time and place of our next meeting and our guest speaker.

## From the Library

Progress continues on the plans for the new library area and construction was completed by the end of June.

The new area is situated around the fireplace at the entrance to the Montecito Clubhouse. The new shelves are better suited to the size of the books and the existing shelves will continue to be used. Areas for different categories are labeled as to the classification of the books. As you may have noticed the volunteers have begun to label the spines of the books with color coded alphabet labels with the first letter of the author's last name. This will help you locate books and the volunteers to reshelv them.

There is a cart for returned books. There is also a donation box at the entrance to the new library area. The honor system library has ongoing expenses to cover organizing and maintaining the shelved books and donations will help to maintain and improve your library.

We will let you know when we are ready to accept book donations. After that please donate:

- up to 10 books per household
- no magazines
- large print books
- only books in good condition

At this time we do not have an organization that we donate "gently used" books to. If you know of any such organization please contact Lynda Tafarodi @ [aziz4us@gmail.com](mailto:aziz4us@gmail.com).

We appreciate your patience as we move and organize the books. We will need more volunteers to set up and take care of the new larger library. If you are able to volunteer about an hour a week please contact Barbara Perler at [baramp@earthlink.net](mailto:baramp@earthlink.net).

ENJOY READING.

Please remember that dogs are not permitted on the property of other owners. Properties on corner lots own the front along the street and down the side on the adjoining street. These are not public or common areas to be used for "walking" dogs.

Please do not allow your dogs to urinate or defecate in these areas.

*Thank you, Residents of Shadow Hills!*

*The dinner season at the Shadows Restaurant was a tremendous success because of your support. We can't wait to see you in the fall.*

## Wireless Telephone Laws FAQs

Two new laws dealing with the use of wireless telephones while driving go into effect July 1, 2008. Below is a list of Frequently Asked Questions concerning these new laws.

**Q: When do the new wireless telephone laws take effect?**

A: The new laws take effect July 1, 2008

**Q: What is the difference between the two laws?**

A: The first prohibits all drivers from using a handheld wireless telephone while operating a motor vehicle. (Vehicle Code (VC) §23123). Motorists 18 and over may use a hands-free device. Drivers under the age of 18 may NOT use a wireless telephone or hands-free device while operating a motor vehicle(VC §23124).

**Q: What if I need to use my telephone during an emergency, and I do not have a hands-free device?**

A: The law allows a driver to use a wireless telephone to make emergency calls to a law enforcement agency, a medical provider, the fire department, or other emergency services agency.

**Q: What are the fines if I'm convicted?**

A: The base fine for the FIRST offense is \$20 and \$50 for subsequent convictions. According to the Uniform Bail and Penalty Schedule, with the addition of penalty assessments, a first offense is \$76 and a second offense is \$190.

**Q: Will I receive a point on my drivers license if I'm convicted for a violation of the wireless telephone law?**

A: NO. The violation is a reportable offense: however, DMV will not assign a violation point.

**Q: Will the conviction appear on my driving record?**

A: Yes, but the violation point will not be added.

**Q: Will there be a grace period when motorists will only get a warning?**

A: NO. The law becomes in effect on July 1, 2008. Whether a citation is issued is always at the discretion of the officer based upon his or her determination of the most appropriate remedy for the situation.

**Q: Are passengers affected by this law?**

A: No. This law only applies to the person driving a motor vehicle.

**Q: Do these laws apply to out-of-state drivers whose home states do not have such laws?**

A: Yes

**Q: Can I be pulled over by a law enforcement officer for using my handheld wireless telephone?**

A: YES. A law enforcement officer can pull you over just for this infraction.

**Q: What if my phone has a push-to-talk feature, can I use that?**

A: No. The law does provide an exception for those operating a commercial motor truck or truck tractor (excluding pickups), implements of husbandry, farm vehicle or tow truck, to use a two-way radio operated by a "push-to-talk" feature.

**Q: What other exceptions are there?**

A: Operators of an authorized emergency vehicle during the course of employment are exempt as are those motorists operating a vehicle on private property

## **DRIVERS 18 AND OVER**

Drivers 18 and over will be allowed to use a hands-free device to talk on their wireless telephone while driving. The following FAQs apply to those motorists 18 and over.

**Q: Does the new "hands-free" law prohibit you from dialing a wireless telephone while driving or just talking on it?**

A: The new law does not prohibit dialing, but drivers are strongly urged not to dial while driving.

**Q: Will it be legal to use a Blue Tooth or other earpiece?**

A: Yes, however you cannot have BOTH ears covered.

**Q: Does the new hands-free law allow you to use the speaker phone function of your wireless telephone while driving?**

A: Yes.

**Q: Does the new "hands-free" law allow drivers 18 and over to text page while driving?**

A: The law does not specifically prohibit that, but an officer can pull over and issue a citation to a driver of any age if, in the officer's opinion, the driver was distracted and not operating the vehicle safely. Text paging while driving is unsafe at any speed and is strongly discouraged.
