Six basic needs for
streaming.

What is Streaming?

Streaming is Television, movies & music delivered over the Internet as **data** to a computer, a television, or a mobile device like a cell phone, iPad or tablet.

Internet TV

Television is Broadcast Digitally over the Internet

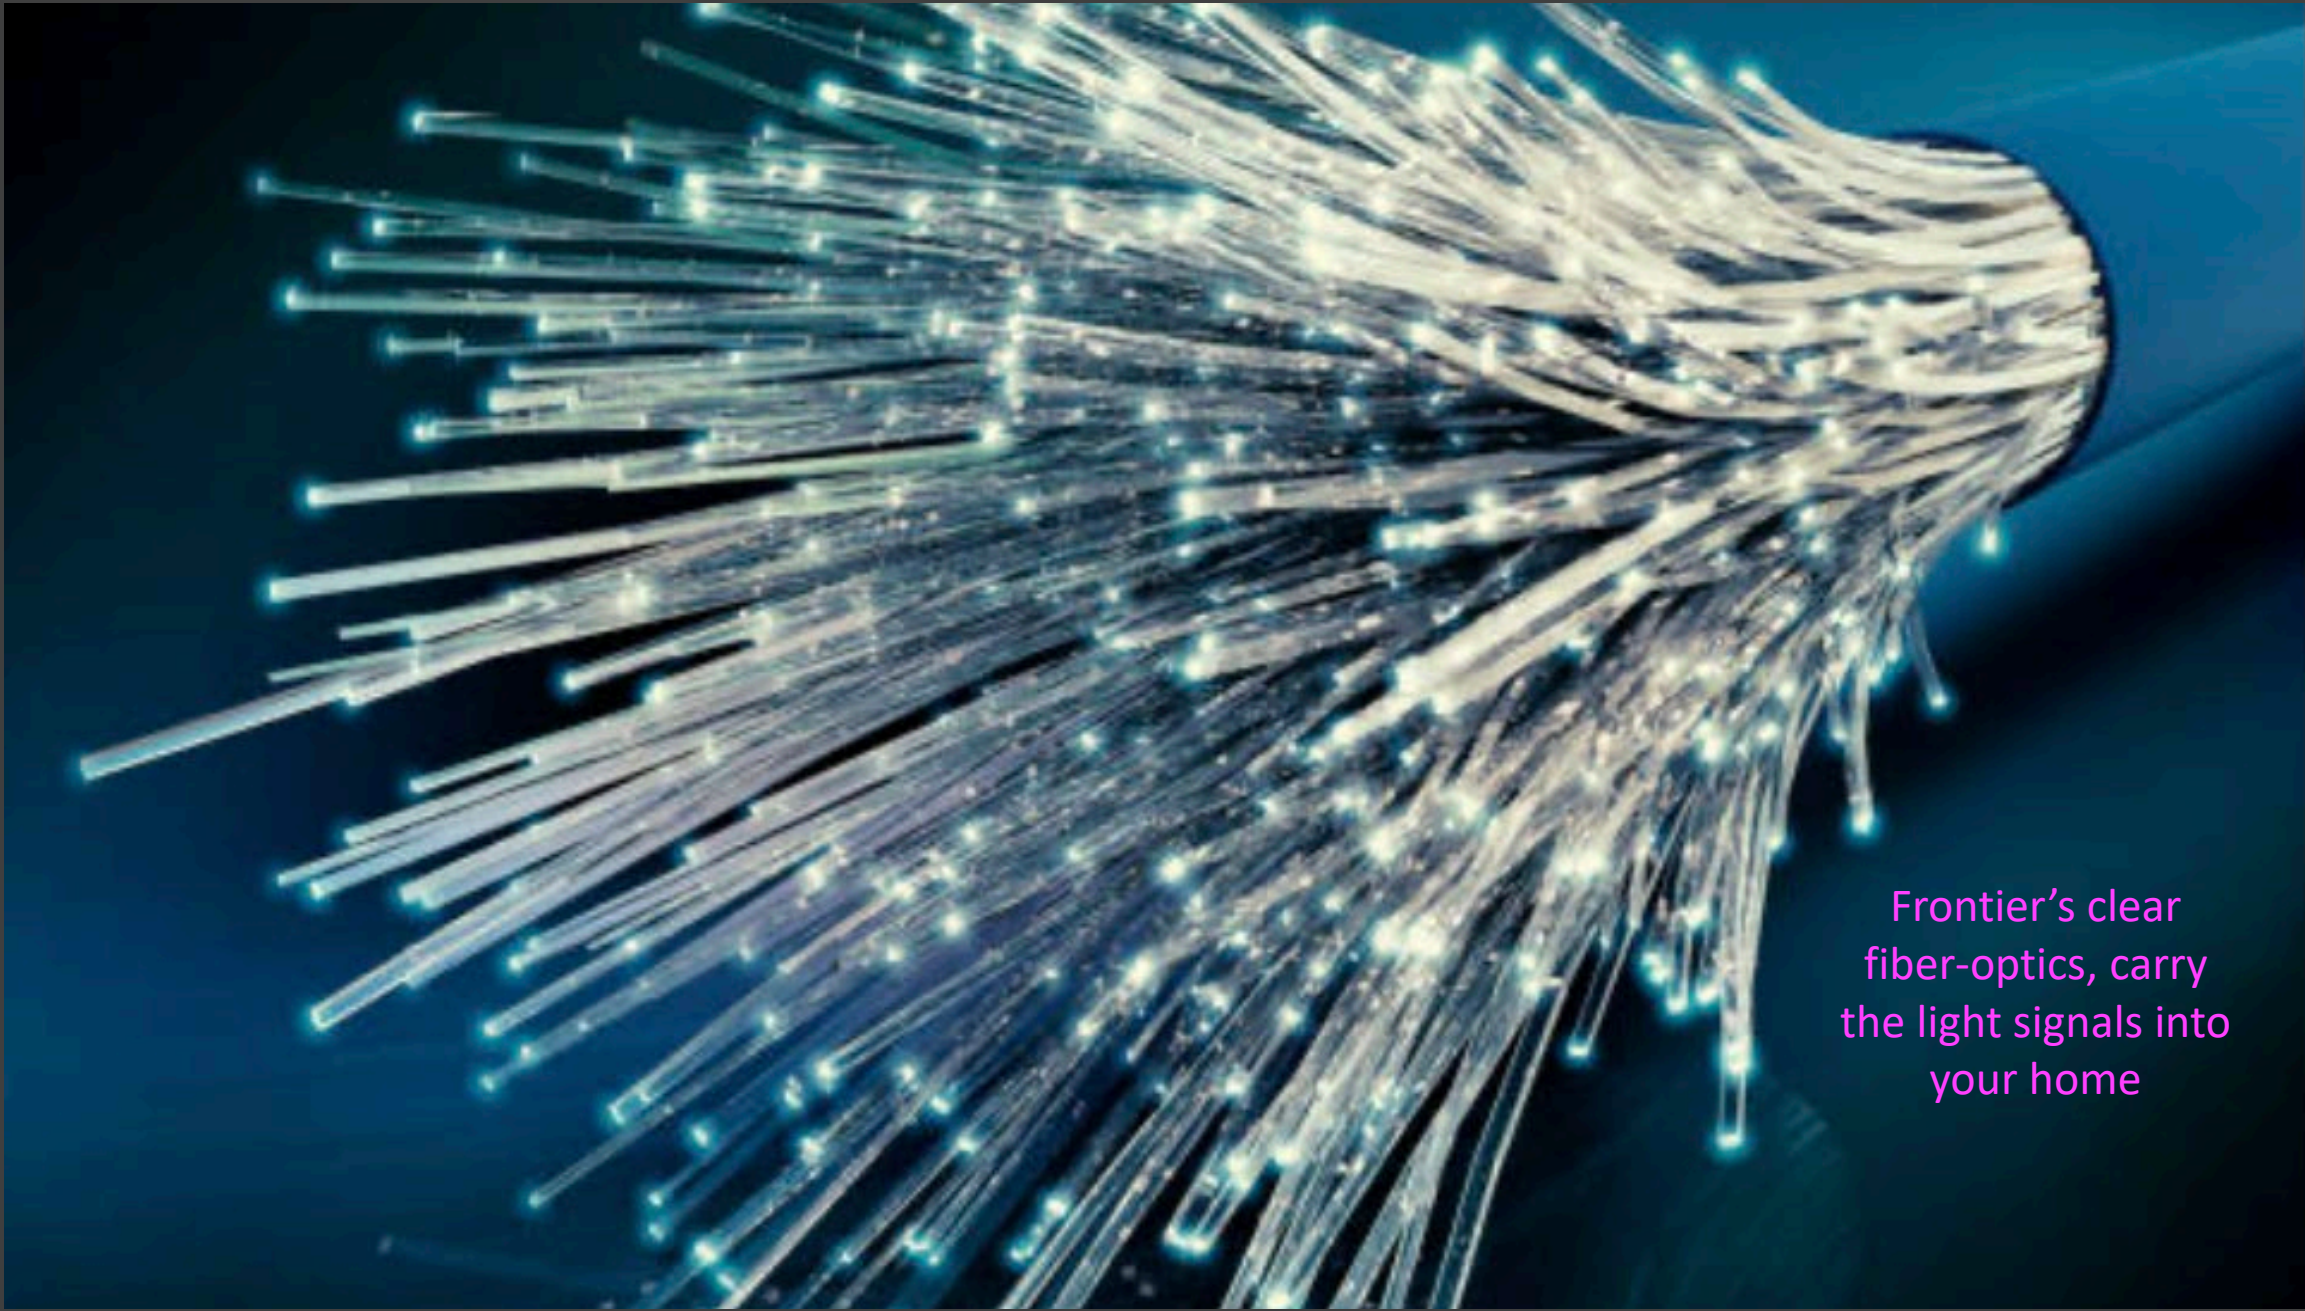

One way *radio wave*

Two-way *digitally* via Internet

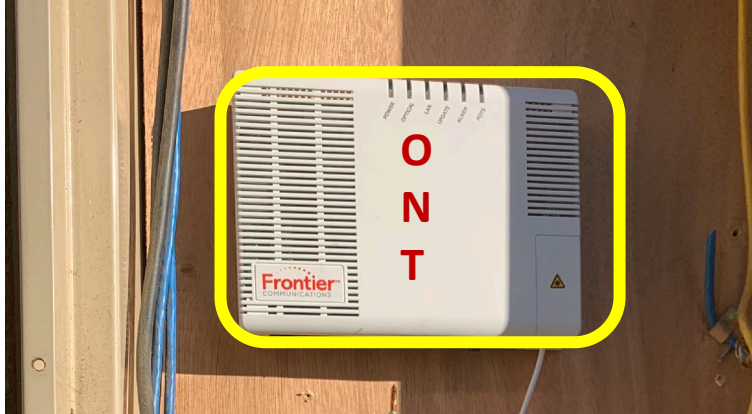

Digital Light Signals

Services Requesting – Streaming -and/or TV Services

“Do you want TV?” They mean a TV Service Plan from Frontier.

Negotiate prior contract commitments – *terminations*

Receive return packaging for unused - Set Top Boxes

Cutting the Cord means only subscribing to Internet service from **Frontier** and - *not using cable or satellite service.*

Can you still use Cable & Satellite = Yes
But that requires a monthly contract and box rental costs \$\$\$

Frontier Internet Only TV Plans

TV Services may be purchased by homeowners directly from Frontier. Channel guide for each plan is on our website. You should call for the best rate. Prices are not guaranteed.

You can turn TV plans off and on when you have No Contract!

Even though **Frontier** is providing the Internet service, you are not required to purchase their TV plans.

Shop around and use any TV - Streaming service; **YouTube TV or Hulu**, that provides the best service for your TV viewing .

Cord-Cutting Benefits

- ✓ Potentially Lower costs.
- ✓ No cable or satellite contract.
- ✓ No recurring cable/satellite box rental costs.
- ✓ Pay only for channels/services you want.
- ✓ Receive free local channels via antenna.
- ✓ Streaming services can also be viewed smartphones and tablets.

Cord Cutting Drawbacks

- Not all streaming services are free.
- You might need to retain cable/satellite to access some streaming services.
- There is no streaming device or smart TV that offers all services.
- Monthly internet datacaps may limit the amount you can stream without added costs.
