# PRESIDENT'S REPORT

KATHY LINDSTROM | VICE PRESIDENT

It is with great pride and honor that I address our Sun City Shadow Hills community as your newly elected HOA Vice President. The long campaign is over and now it is time to begin the work that our community has entrusted the five members of your Board of Directors to do.

The day-to-day decisions your Board members make range from feral cats, to speeding, to insurance and beyond. Throw in the Coachella Valley Water District Storm Channel, the five-acre parcel, and a budget that will be hit with 8%-plus inflation, and there will be many long and difficult decisions to bring to our community.

The members of this new Board must address these and other challenges in a cohesive manner that ensures each decision will benefit the good of our community. We must work cooperatively for our homeowners and put aside the personal agendas which might have been present during the campaign. We must move forward in a manner respectful to our fellow board members, as well as our residents, in order to maintain the premier status of our Sun City Shadow Hills Community.

This is a wonderful community in which we live with excellent resident volunteers. I am privileged to be the Board liaison to the Health and Fitness Advisory Committee, the City Development Coordinating Committee, and the Food and Beverage Advisory Committee. I have also worked closely with members of the Finance Advisory Committee and the Facilities Advisory Committee.

Each of these committees has such talented individuals in their areas of expertise. We have outstanding individuals who do the fact-finding for the Board and the community at large. They provide the checks and balances for decisions made by the Board. We could not have any better system than advisory councils. These advisory committees enable

early identification of problems or concerns, plus support effective discussion and actions by the Board to advance the successful running of the community overall. These volunteers are exceptional in their dedication to our community.

It is my commitment, as your HOA Vice President, to be an active listener to our community members and advisory committees in order to achieve the continued betterment of our community. It is the obligation of your Board to "reason together" to make the necessary decisions entrusted to us by the homeowners and the Governing Documents.

If you have any concerns or would just like to chat, please join me on Thursday, June 9, in the Capistrano Room in the Montecito Clubhouse. I will be there at 3 pm for a Meet and Greet as one of your new Board members. I hope to see you there.

## Design Review Committee (DRC)

AGI KESSLER | CHAIR

### Palm Maintenance

A reminder that palms should be trimmed now before they produce fruit. This avoids the mess of the flower/fruit drop from the trees. You and your neighbors will avoid having to clean yards and pools of the debris.

### Dead Plants and/or Trees

Owners are responsible for removing and replacing dead plants and/or trees. If you are replacing the dead plant or tree with a like item, no HIA is required. If a tree is cut down, the stump must be removed (Section 6.2). Please remember there is a two tree minimum requirement.

### Shade Cloth

At this time of year protecting more sun-sensitive plants is important. Design Rules allow for the use of Garden Shade Cloth between June 15 and September 15. Be sure to only use shade cloth specifically sold for gardening shading in green, light tan, or black and made from a synthetic product. Only use wooden stakes or poles as anchors. Important note: netting of any kind is not permitted on any portion of a homeowner's lot (Section 6.2).

### Ornaments / Statues / Pots / Wall Hangings – Exterior

There seems to be some confusion about the decorative items homeowners are placing in their front yard and on golf course lots to beautify them. Do they need an HIA or not? Yes, they do.

#### *4.17 Ornaments / Statues / Pots / Wall Hangings – Exterior*

*An ornament is any inanimate object, constructed with any type of material that has the sole purpose of decoration. This may include but is not limited to statues, pots, artifacts, etc.*

*The maximum number of ornaments permitted in the front yard area shall be three (3). The maximum allowable height of an ornament is forty-eight (48) inches. Statuary with nudity is not permitted.*

*The rear yard area of a golf course lot, within five (5) feet of the rear knee wall, is also limited to a maximum number of three (3) ornaments. In addition to the typical submittal requirements, an owner should provide sketches or pictures of the proposed ornament(s). Additionally, the material, color and dimensions must be provided with the submittal. Ornaments made of an artificial material (such as plastic, fiberglass, etc.) are not permitted. The color of proposed ornaments shall be limited to those colors that are compatible with the existing colors of the dwelling unit. No plastic or artificial plants are allowed.*

*Decorative wall hangings or attachments to the front or sidewalls of a home or the back wall of a golf course lot when visible from the street, common area, golf course, or neighboring properties will require prior written approval from the DRC. Decorative wall hangings must be in good taste and harmonize with the existing surroundings.*

## Finance Advisory Committee (FAC)

ROBERT "BOB" O. JESTER | CHAIR

Question of the Month:

What Is a Reserve Study, and Why Does the Association Have to Perform One?

A Reserve Study identifies major components of the facilities owned by an Association such as air conditioners, etc., that have a remaining service life of 30 years or less. The Davis-Stirling Act, which is the California law that regulates Homeowner Associations, requires an Association to perform Reserve Studies at least once every three years. The study is to be a report based on a diligent visual inspection of the accessible areas of Association components which the Association is financially responsible for maintenance, repair, and replacement. (See CA Civil Code sec. 5550.)

In addition to identifying the components, the study estimates the cost of maintaining or replacing the major components and provides a funding plan to meet these Association needs through the residents' annual monthly contributions. The studies are also reviewed annually by the Association to determine whether events over the past year warrant adjustments to the reserve funding. **The Reserve Study and the accumulation of the required reserve funds is designed to prevent the necessity of special assessments and/or loans to cover Association's needs.**

If the reserve funds are properly accumulated annually, the residents should feel that their investment in a community is jeopardized by special

assessments or Association debt obligations. The latest Reserve Study conducted by SCT Reserve Consultations, Inc., confirmed that — out of our current monthly assessment of \$309.00 — \$51.23 is allocated to our reserves. It also indicated that the reserve amount that we presently have in our replacement fund is 77.37% of suggested total funding. Learned opinions have determined that this is excellent because it presents only a 1% or less chance that we would suffer a special assessment or loan.

As a resident-owner, you receive the Reserve Study Summary with your annual budget report; and you have the right to request an opportunity to review the entire Reserve Study.

The Finance Advisory Committee (FAC) assists in the selection of a competent reserve study consultant and makes that recommendation to the Board for approval. The FAC will also review the report regularly throughout the year, and the FAC has a voice in all proposed replacement fund expenditures in excess of \$5,000 from the reserve funds. The FAC takes this obligation in our Charter very seriously, as we work continually to keep our community financially healthy.

## 2022 Food and Beverage Focus Group Report

### THE FOOD AND BEVERAGE ADVISORY COMMITTEE

Last July, the SCSH Board of Directors formed an Ad Hoc Sub-Committee of the Food & Beverage Advisory Committee. Part of the mission of this committee was to determine the vision and needs of the community through the use of structured focus groups. That information is summarized below in a needs analysis to determine key operational elements for quality, creativity, and customer satisfaction.

This was the first time in the history of SCSH that focus groups were used to formulate a community vision for Shadows. Participants appreciated the opportunity to speak freely and the chance to elaborate their ideas more thoroughly than by responding to a multiple-choice survey. Below are the major points of those community conversations.

---

### The Vision of a Community Restaurant and Café – Shadows and the Montecito Café

- An intimate and simple bistro
- Casual, friendly, and high energy
- A place to gather with friends and neighbors – an experience to be shared with those we enjoy
- A creative menu with fresh foods, wine, beer, and liquor
- Quality food and good service
- Morning pastries and coffee at the Montecito Café
- Small plates, pizza, specialty nights, and Happy Hour at the Montecito Café

continued...

...continued

---

## Current Presenting Problems

- Outdated and small restaurant with poor decor
  - Limited and uninteresting menu
  - Inconsistent quality of food
  - Inconsistent service
  - Erratic and unpredictable operational hours
  - Poor communication and marketing to the community
  - Discontinued specialty and theme nights
  - No dedicated bartender
  - Discontinuation of weekday breakfast
  - Discontinued Happy Hour
  - No daily specials
  - Poor reservation process
  - Small bar in the wrong location
  - Closed Montecito Café
- 

## Focus Group Suggested Structural Changes for a Future Shadows Restaurant

- An expanded bar area with residents able to look out at the golf course
- A separate bar and lounge area from the restaurant
- Outdoor fire pits and conversations areas
- An extended patio area
- Sliding glass doors around the patio to protect diners from heat, wind, and flies
- An enlarged kitchen and kitchen storage area

The majority of focus group respondents felt that, although the structural changes to Shadows would greatly enhance the dining experience, the primary mission should be quality, efficiency, and consistency in the basic food and beverage operation. The Food & Beverage Advisory Committee has consolidated the input from the resident focus groups in a needs analysis that identifies key operational elements for SCSH customer satisfaction.

---

## Focus Group Needs Analysis

### 1. Consistent Operating Hours

- a. Discontinue catering and banquets during the current labor shortage to maintain Shadows Restaurant's hours of operation.
- b. Hire additional cooks, servers, and bartenders to fully staff Shadows Restaurant from 8 am to 8 pm.
- c. Establish uniform training for all new hires and current staff to maintain consistency of service.

2. Implementation of new, creative, and varied menus
  - a. Full breakfast menu
  - b. Full lunch menu
  - c. Full dinner menu
  - d. Happy Hour menu
  - e. Dessert menu
  - f. Gluten-free and vegetarian options available and designated on all menus
  - g. Daily specials
  - h. Menu changes every quarter with new and creative options
3. Implementation of Specialty and Theme Nights every week
  - a. Two Pasta Nights per month and two Theme Nights per week
  - b. Weekly Fried Chicken and Prime Rib Nights
  - c. Specialty Happy Hour drink menus
  - d. Introduction of music on the patio or in the restaurant
4. Repurposing of the Montecito Café
  - a. Morning coffee and pastries available from 7 to 10 am
  - b. Pizza and Small Plate menu available for Happy Hour – purchase of Impinger Oven
  - c. Specialty and Theme Nights such as Taco Tuesday, Montecito Nights, Barbecues
5. Improvement of Physical Ambiance in Shadows
  - a. Paint change from dark green to soft gray for interior trim
  - b. Acoustic ceiling panels
  - c. Fly abatement program
  - d. Lighting evaluation – chandelier replacement
6. Feasibility Study for Future Physical Plant Improvements
  - a. Enlargement of kitchen work area and storage area
  - b. Relocation and enlargement of bar area
  - c. Extension and enlargement of patio area
  - d. Enclosure of patio area with sliding glass doors to protect the patio from heat, wind, and flies
  - e. Addition of a separate bar and lounge area
  - f. Addition of outside patio seating with fire pits

The Food & Beverage Advisory Committee would like to thank the homeowners who took the time to reach out and contribute to the betterment of our community.

## From the Library

CINDY DEGRAF | CHAIR

Get ready because we are heading into the heat of the summer. Things seem to slow down a bit this time of year, and hopefully, you will find plenty of time for reading by the pool...or on the sofa in a nice air-conditioned room! Be sure to grab a few books from our nicely cooled Montecito library. No check out needed, nor time limits involved. Bring them back when you are done.

Please remember that library space is limited, and we can only take certain types of books. **Check the list below** to see what items we can accept. Be sure your books are in excellent condition, and bring in no more than 10 books per month. Please do not drop off multiple bags or boxes of books as too many books at once can be difficult to process.

### We Accept as Donations:

- ✓ Hardcover and paperback fiction, historical/political, biographies/autobiographies
- ✓ Audio books and DVDs
- ✓ Recent magazines

### We Do Not Accept:

- ✗ Cooking, sports, self-help, or "how to" books
- ✗ Coffee table or picture books
- ✗ Religious or travel books
- ✗ VCR tapes or music CDs

Many thanks to those in the community who actively support and contribute to our wonderful library. Contact Barbara Perler at 760-772-4484 or [baramp@verizon.net](mailto:baramp@verizon.net) if you have any questions or comments about the library.

JEFF KIRKPATRICK | CHAIR

## Have You Hardened Your Target?

Your home with all its valuables; your vehicles; and even you can be very tempting targets for criminal opportunists: *crooks!* But you can prevent them from getting to your valuables by exercising amazingly simple actions to thwart them!

Even here in super-safe Sun City Shadow Hills, we experience crime. Property was stolen recently from unlocked cars parked overnight on driveways: golf clubs, coins, and other valuables left in plain sight were taken. Property crimes are usually crimes of opportunity; crimes presenting an opportunity for an easy score are usually preventable. Protect your home, your cars, and yourselves from being victimized. Crooks are usually opportunists and hate working hard for their ill-gotten gains! Let's not make it easy for them!

- If you must park your car outdoors, be sure to lock all its doors and ensure the windows are rolled up tightly. If you use a portable garage door opener (the kind that hangs on your windshield sunshade or is left on the center console), take it inside with you when your car is going to be parked overnight. Do not leave your garage door up; even 10 inches provides an easy opportunity for a crook to get into your garage and house. Better yet – make room in your garage to park your cars. Take away the crook's access to your garage and its valuables!
- Do not leave cellphones, chargers, coins, laptop and tablet computers, and other valuable items in plain sight of wandering eyes!
- Lock your house doors and windows, especially at night when you retire for the day!
- Crooks love the dark and dress accordingly to avoid detection. They hate the light, just like cockroaches! Change your front and rear patio and side yard perimeter lights to LEDs or low voltage bulbs and leave them on all night. You can save money and put them on timers or photoelectric cells. Crooks really hate the light!

- Shrubbery and landscaping around your home should not allow a crook sneaking around your house to hide. Our security folks patrolling the streets at night are hard to pick out from a distance – on purpose!
- Inexpensive wireless security camera systems are DIY – Do It Yourself – easy!
- When you are out walking inside or outside Sun City Shadow Hills, practice situational awareness – be aware of your surroundings and who or what is in them!

These are all “target hardening” techniques that, with a little self-training, are easy to practice. As the *Hill Street Blues* TV Sergeant Phil Esterhaus always said, “Let’s all be careful out there!”

Please be a good neighbor and do your part to contribute to community safety!

See something, say something!

It really is quite easy!

# DOUG TURMAN: SPORTS PIONEER

BY BOB FIRING | PHOTOS COURTESY OF DOUG TURMAN UNLESS OTHERWISE NOTED

Doug Turman is pretty easy to spot at 6' 4" tall and 210 lbs. He also has a big Ohio State banner on his golf cart. Although Doug didn't attend that school, he is definitely an Ohio guy. Depending on the circumstances, he could be sporting either a Guardians or a Cavs banner.

Doug grew up in Akron. Although that city is world famous today as the birthplace of LeBron James, it has been a cradle of athletic talent for a long time. As a youngster, Doug was on the playground with future NBA stars like Nate Thurmond and Gus Johnson. Doug was also a two-sport star. He thought he was a strong enough baseball player to be in the major leagues until he ran into pitchers who could throw a good slider. At that point, Doug realized he should concentrate on basketball.

As a skilled power forward in his senior year in high school, Doug was instrumental in helping his team win all but two games that season. They were finally beaten by the State Champions. Although Doug had a scholarship offer from Murray State, he decided to

stay home and attended the University of Akron. He played against Walt Frazier and Earl "The Pearl" Monroe, two future NBA stars. Doug competed well, and things were going fine until he received a report card with less than a "C" average. That's when he received his draft notice.

That led Doug to enlist in the Navy's nuclear submarine program. He was first trained in Chicago at Navy Pier and then at Pt. Loma, CA, near San Diego. He played for his unit's basketball teams, and they usually won their divisions. Eventually Doug was "discovered" and joined an all-Navy team in San Diego. After morning formation, he would head to the gym.

The all-Navy team consisted of the top players from all the U.S. Naval Districts. They would do openers for the San Diego Rockets and play various college teams. They even played the U.S. Olympic team before it left for Mexico City in 1968. Although Doug found his military life pleasant, he missed home and left at the first opportunity to go back to school.

Doug and you know who

After graduation, Doug started working in manufacturing for several different firms around Ohio. One was the company that made “Flexible Flyer” sleds. Another was called Little Tikes, a company that made children’s toys. A highlight of Doug’s tenure was when Mr. Rogers came for a visit and he had the privilege of giving him a tour of the facility.

Mid-career, Doug was exposed to Human Resources and decided that he liked working with people better than working with machines. He went to work for a company called Newman Technology, which made most of the parts that go into a Honda vehicle. Doug stayed there until he retired in 2015.

As he aged out of basketball, Doug turned to softball. He was a very good player and traveled around the country playing tournaments on weekends. But he found himself getting bored, so he started playing for a coed team in his late 40s. The women on the team were very good and extremely serious, and he found himself “rejuvenated” by trying to keep up with them. Led by the women players, Doug’s team won the national softball championship twice. Those years provide some of his fondest memories.

In 2015, Doug developed a serious arthritic condition in his neck, one that required surgery. But he hated the thought of retirement because the perks of his job were so good. He was often on the field for Cleveland Indian Games, and once met Miss Ohio. At the NBA Finals, Doug found himself sitting next to renowned football wide receiver Terrell Owens in the loge. Later,

Doug left to get food and, when he returned, he found his wife sitting in the lap of celebrated R&B/pop music star Usher.

Eventually, though, the pain grew so bad that Doug couldn’t live with it, and he had to stop working to have surgery. He started looking around for a place to retire as he healed. Fortunately, his sister was already living in SCSH, and Doug had visited her a couple of times. He knew that this was the lifestyle he wanted and, thanks to online resources and his sister’s guidance, Doug and his wife, Tina, purchased a house from his desk in Ohio in 2016.

Doug, Tina, and Paisley

Now, Doug plays golf three to five times a week, and he is a regular with the Kings and Queens poker club on Tuesday afternoons. Like all of us, Doug is grateful to have found our community and works hard to enjoy every day.

Salmon must leap over Brooks Falls to reach spawning grounds.

# GRIN AND “BEAR” IT

STORY AND PHOTOS BY RALPH OLSON

My alarm clock was armed but not needed. This was the day I had planned for two years. It would combine aviation, photography, and nature, with all three playing a major role. The time was 3:45 am, and I was ready to go.

The small plane took off from Anchorage, AL, and headed southwest to Katmai National Park. Ninety minutes later we landed on a gravel runway, deplaned, and walked a short distance to a seaplane for the 10-minute flight across Naknek Lake. We coasted to shore and entered a small cabin which served as a classroom. I was about to get a crash course in how not to get killed by a bear.

An hour later we were on the mile-long trail to Brooks Falls, a six-foot-high waterfall where brown bears, also called grizzly bears, feed on spawning sockeye salmon. It was mid-July with the salmon run

at its peak, and bears were feeding on top of and below the falls. The bear-proof viewing platform, located alongside the falls, was the best place in the world to capture the views and photographs of bears catching salmon without disturbing the natural setting.

Bears fish above and below the falls.

An adult bear and cubs feeding on salmon.

Needless to say, it was a photographer's paradise with almost 20 bears at the falls that morning. I was sharing the platform with about 15 other people so I had plenty of room, as it can accommodate up to 50. The platform can get crowded, but the Park Service limits groups to one hour of bear viewing.

Bears have the right-of-way through the park and, if one chooses to nap on the trail to the falls, it creates what the Park Rangers call a "bear jam." I lost total track of time while on the platform, but soon our group realized we had been there almost three hours. Sure enough, we were told that a bear and cubs had decided to nap on the trail. I was on the beneficial side of a "bear jam."

A mother and cubs napping on the trail.

Sometime later the bear moved on, and we hiked back to the lodge for our flights back to Anchorage. It was one of the most memorable days of my life, and I tip my hat to the sleepy bear that made it last just a little bit longer.

*Until next time...keep exploring!*

# PALS FOREVER

STORY AND PHOTOS BY BOB FIRRING

My son, Brian, and I joined Indian Guides when he was in elementary school. The name has been changed, but the group still exists. It gives fathers and sons a way to bond with each other and with other dads and sons by going on excursions, camping trips, and the like. I was Big Moose and he was Little Moose. "Pals Forever" was the slogan. This still makes me smile, and it provided the basis for a great relationship/partnership.

Fast forward to April 2005 when I was sitting at Mr. Chow's in Beverly Hills along with Brian and two men from Wells Fargo. One of the men offered us what I thought was a gigantic amount of money each if we would join them as financial advisers. I was looking down at my lunch trying to decide whether to say "yes" or "HELL, yes!" But before I could get anything out, Brian said, "I think that's light." What???

At this point, I knew my life would be changing forever, and I was nervous. I had been selling municipal bonds for over 30 years and was good at it. Further, I was in my comfort zone. I worked at the perfect firm for my skill set and had been there for 22 years. Also, I was the "adult" at this firm and Brian was my kid. At Wells Fargo, Brian would be the man, and I would be known as his dad.

I knew I would eventually have to leave to get out of the way. Ego, you say? To be sure. But I knew many fathers who couldn't handle a reduced role in family partnerships, and they had made their kids miserable and sometimes destroyed the whole relationship. These were choppy waters.

Ten years earlier, Brian was graduating from Arizona State and planning to stay in Phoenix because of a girl. Everything was fine until, days before graduation, he learned that she was also seeing someone else. That devastated Brian, and he suddenly wanted to leave Phoenix and just come home.

I had a chance meeting about three months earlier at a dinner where I sat next to a young man who really had a good job. He was working for a small annuity specialist firm in Marina Del Rey that was owned by a man who came from the advertising business. The owner

The author and his son back in the day.

had the unique marketing method of getting newsletter writers to recommend that their clients have their annuities reviewed once a year to see if there were any better products available. What a great concept.

In those days, annuities were like cell phones. The new ones were always better. I visited the firm's owner at his office and was very impressed. I thought, if Brian ever decided to return to LA, I had the perfect job spot for him.

That turned out to be the only job interview Brian had. The young man I had met at dinner became the best man at Brian's wedding a few years down the road, and they remain close to this day.

Over a period of years, Brian joined my firm as the annuity specialist; and I eventually resigned as a partner of the firm to become partners with Brian. We started looking around for a different approach, one where we would manage money for a fee and be on the same side of the table as our clients.

That's when Wells Fargo entered the picture. I knew banks were a great place for financial advisers because I had started at one, and most people simply trusted their banker more than their stockbroker. Also, we liked Wells Fargo's approach, and we really connected with the people we met.

So why did we turn down the offer? Actually, it was a bluff because Brian had done his homework and thought we could get more. Sure enough, he was right. After a round of golf with the head man, the offer improved by \$250,000 each. I'm pretty sure it was the biggest deal Wells Fargo ever did.

So we moved, and our lives changed dramatically. We were able to build the kind of business we wanted, something we could never have done at the old firm.

We endured the worst recession since the Great Depression, a stock market panic, and then enjoyed the market's resurgence to heights we never imagined. I discovered Sun City Shadow Hills and a retirement that is better than anything I could have dreamed. I transitioned from selling bonds to learning to manage money. Now, I just manage my own. Looking back, it was a magical transition that we made at the best possible time.

I also had a front-row seat watching my son grow into one of the top financial advisers in the country. At first, I was jealous of the opportunities he got, but

I watched in awe as he handled them better than I would have and built the kind of relationships with people that I never did.

Most people only know their kids as kids and just have a peripheral relationship with them as adults. I got to work with Brian every day for about 15 years, and we developed a special bond because of that. I was also able to offer some guidance and perspective, which he appreciated. Even though I'm four years into retirement, I still know most of the people Brian deals with and can relate to the new opportunities he encounters.

It has been a great ride. Little did I know that my Little Moose from Indian Guides would have such a wonderful, positive impact on my life and retirement. I am fortunate indeed.

# THE GREEN FLASH

## *Have You Seen One?*

BY GEORGE ERHART

When atmospheric conditions are just right, sometimes at sunset in the last instant before the sun dips below the horizon, you may be able to see a "Green Flash." Have you ever noticed the number of people who stay at the beach and watch the sunset? I often wonder if they are hoping to see this elusive phenomenon (which can also occur at sunrise).

The first time my wife and I saw the Green Flash was at our house in Santa Barbara during a visit by my brother and his wife. As the sun was getting lower and lower, Brother Jim announced, "Let's have a glass of wine, go outside, and watch for the Green Flash." I had to wonder if this was another of my brother's wild ideas, or if he was just pulling our legs. We decided to humor him, and he told us to be watching carefully as the sun slipped into the ocean. Our house had an unobstructed view of the horizon, thus offering a good vantage point.

So we poured ourselves a glass of wine and walked out on the backyard lawn to await Brother Jim's latest goofy escapade. He carefully explained that we shouldn't stare at the sun as it descends because

this could damage our eyes. "Just keep glancing and then, only as it reaches the ocean, do you look at it and hopefully are rewarded."

People look for years and years and never see the Green Flash, so what were our odds? We were all intensely watching and suddenly, as the sun disappeared, there it was! We all screamed at seeing this rare event for our very first time. We jumped with joy, spilled our wine, and couldn't believe our good luck.

Now you might expect, because we were so lucky to have seen the flash on our first attempt, we probably would never witness it again in our lifetimes. Not so! Our next encounter was so unusual, though, that I think it would qualify for the Guinness Book of Records if there were a category for observing the flash.

About a year later, my wife, Betty, and I were in our beloved airplane, Amelia, flying from Santa Barbara to Lake Tahoe, when I commented that the sun was about to set. We looked to the west and noticed that the sun would be going down over a ridge that

My beloved Amelia

would obstruct our view of the ocean. We both concluded that there would be no Green Flash because of the ridge. After all, having observed the flash once, we now considered ourselves to be experts on the subject.

Betty was reading her book and I was watching for traffic, observing the sun as it was about ready to vanish below the ridgeline. Then, much to my surprise, I saw the flash. I shouted, "You missed it!" Betty, coming out of her book, was both amazed and disappointed that she hadn't been watching. As we discussed the event, suddenly the "pilot" in me kicked in and I said, "Let's see if I can make this happen again!"

I put Amelia into a climb, thus bringing the sun back into view, I leveled off and we watched in awe as, once again, there was the Green Flash! Wow! I wondered how many times I could do that: climb, bring the sun up, watch it set, see the flash, then do it again and again! As we reached 11,000 feet, I announced, "That's the end of that, who would ever think that was possible?" We must have seen it five or six times! Truly an event we will never forget!

After those experiences, we couldn't help wondering if we would see the flash every time we watched the sunset. But that was not to be.

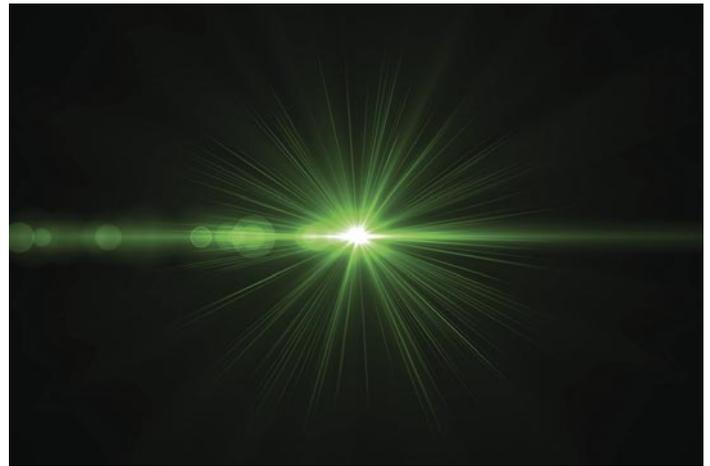

My next "sunrise-sunset" adventure occurred about a year later. After attending a convention in Florida. I had volunteered to drop off a friend at the airport for a very early departure time. After that, I had planned to kill an hour before turning in my rental car and catching my flight back to LAX.

On the way I had noticed a nice parking area at a beach facing east so, after leaving the airport, I returned to the beach to kill some time. I was surprised at the number of cars parked there with the drivers just sitting and looking at the ocean's horizon. Finally, it dawned on me: they were there to watch the sunrise!

I watched, too, caught my flight to LAX, and rented a car to drive home to Santa Barbara. I took the coastal route when suddenly I realized it was almost sunset. I pulled over and watched as the sun I had seen rise out of the ocean in Florida about 10 hours earlier was

about to set here on the West Coast of California! There was no Green Flash, but to have seen the sunrise on one coast and then set on the other in the same day was truly amazing—something our forefathers would never have thought possible!

So now you know what to do as the sun sets: pull over, stop your car, and watch for the Green Flash. Who knows, maybe you will get lucky and see it the first time you look for it, as we did in Santa Barbara. Good luck!

# THE LEGEND OF DON POLLO

BY GINA STAR POLLACK

Our desert paradise is home to many species of birds and furry animals. Recently, Cockerel City Shadow Hills greeted a new visitor, nicknamed Don Pollo, who took up residence with George and Lynn Penney at their home in Phase 3.

Last November, the couple discovered a surprising guest, a young rooster who enjoyed nesting in their trees and scampering through the bougainvillea. At first, they were surprised to see a rooster strutting around their garden. But they quickly grew fond of their new feathered fowl friend and welcomed him to our community.

Don Pollo's colorful feathers and regal scarlet crown stood out amongst the green leaves on the trees. He enjoyed strutting proudly through the bushes and bougainvillea. Neighbors enjoyed watching Don Pollo's bright red crest, yellow-feathered neck, and bold black-and-white tail feathers held high as he regally pranced on the walkway.

To ensure their feathered fowl was well fed, Lynn placed cups of water, salsa, birdseed, and corn nibblets around the tree. They laughed, observing that the young rooster was fussy about what he gobbled and, like many toddlers, refused to eat vegetables like greens and celery.

One day they gave Don Pollo coffee grounds as a snack and, wow, they discovered black poop in the street the next day! Lesson learned, and coffee was not on the menu again.

Not aware of community rules about harboring roosters, George and Lynn informed SCSH Security about Don Pollo. Security notified Animal Control, and they came twice to relocate Don Pollo to a nearby farm for his safety. As the agent tried to capture Don Pollo, he informed the couple that he appeared to be a cockerel of about three months old since he did not

have his spurs. Alas, the crafty cockerel always escaped the nets and traps, loathe to leave his desert hacienda retreat.

Roosters have been fascinating people all over the world for centuries. They can be differentiated from hens by their hackles, shiny pointed feathers on their necks, and long flowing tails. Farmers appreciate roosters since they control and protect the flock of hens, guaranteeing a good supply of eggs. Unlike a pride of lions, roosters can live happily with other roosters. These proud males have hardy sperm, yet you don't need a rooster to produce chicken eggs. Hens lay eggs whether or not a rooster is in the flock. It's the duty of the rooster to fertilize the eggs once they are in the nest.

Don Pollo did not crow for the first six weeks of his visit, which may have been beneficial for the neighborhood. A rooster's crowing can be very loud and shrill, and it would have jarred our retired residents awake very early in the morning. One morning at about 5:30, George heard a booming cock-a-doodle-doo. Don Pollo had found his beautiful

George and Lynn Penney

voice and crowed for two mornings. George and Lynn were so excited that Lynn played a rooster crowing on her phone to entertain Don Pollo. But the cockerel Caruso must have been insulted because he never crowed again!

A neighbor informed George and Lynn that roosters bring good luck. Roosters are the only bird in the Chinese Zodiac Calendar. People born in a year of the rooster can be observant, resourceful, hardworking, talented, and courageous. George and Lynn believed the good omen was true since their golf cart had been breaking down and began working perfectly right after the perky Don Pollo came to visit.

Roosters can be funny, too. Foghorn Leghorn, a famous cartoon rooster, starred in 29 cartoons and films from 1946 to 1964. Along with his lady-fowl Miss Prissy, and their child Egghead, Jr., Foghorn cavorted and made mischief in movies produced by Looney Tunes and Merrie Melodies backed by Warner Brothers Animation Studios.

Foghorn Leghorn was a 6' 4" raucous cartoon rooster who spoke with an exaggerated southern drawl. Miss Prissy was a skinny old hen who wore a blue bonnet and wire-rimmed glasses, and her fellow hens called her "old square britches." I remember squealing with delight while watching Foghorn get into scrapes and then outsmart his barnyard pals to save the day.

Don Pollo reveled in his desert vacation home for many weeks and enjoyed the delicious treats. One day there was a scary incident when a large tabby cat chased Don Pollo through the bushes. The feathers flew as the cat grabbed the rooster by the neck and tried to drag him away. Yet the crafty cockerel escaped the cat's claws and shimmied up a tree to lick his feathers clean.

Sadly, Don Pollo vanished several weeks ago with only tail feathers left behind. The pessimists amongst us may believe he perished at the mouth of a coyote or feral cat. I prefer to think that Don Pollo is newly married and nesting with an adorable hen and a bevy of little roosters and chicks in a gated farmhouse community nearby. Adios, Don Pollo, we will miss you!

# SOME DAYS ARE JUST LIKE THAT

BY AGGIE JORDAN

“Like what?” you say.

I jumped in the golf cart to ride to my bridge date just a mile and a half away. Zipping around the corner to Sun City Boulevard, the sun shining above me and joy in my bones because I love bridge and my bridge mates. Suddenly, zip turned into slow discharge. The battery decided to die.

With about a mile walk ahead of me and only three minutes until start time, what were my alternatives? Leave the cart on Sun City Boulevard and walk? Security won't be happy with that. OH, NO! I only had 3 percent of the charge left on my phone. Luckily, my husband, Robert, answered quickly. He agreed to come, pick me up, and get me to bridge on time. He would handle it as he always seems to do. But how? He had a doctor's appointment within the hour.

Lady Luck was not on my side with the cards this day, either. Neither a royal card nor an ace seemed to find my hand the whole afternoon. Best to forget that and get on with the one task that I had to do when I arrived home.

We had a trip planned for the Christmas holiday, so I had to get on the phone and make arrangements for our four-footed roommate, Olivia, at the Grand Paw. Six weeks ahead — I should have had no problem, but had better do it before they closed. You guessed it, I was too late. Their Christmas week was filled. No room at the inn for Olivia. I was dumbfounded.

I indeed needed to relax with a warm, delicious cup of coffee. The machine shot its insistent command at me, “Empty the grounds!” I obeyed, but it refused to accept the basket back into place. It would not budge. What else could happen? Well, the clock struck five and, yes, it was wine time.

As I picked up the glass for that first taste of cabernet, it slipped out of my hand to the unforgiving tile floor. While red wine flowed all over, Olivia seized the opportunity to taste. I grabbed her by the collar to prevent her tongue from touching the glass. Acting quickly, I ushered her into the laundry room and picked up the biggest towel I could find to cover the mess in the kitchen.

With Olivia secured behind the laundry door, I am now ready to attack the muddle. The towel was an afterthought, but it proved to be an easy fix. It absorbed the liquid and gathered the glass.

My hero, Robert, arrives over my tearful bent-over body, sweeps up the towel, mops up the floor, and pours me another glass of wine — a soulful way to end this distressing day.

# GOLF OPERATIONS

MIKE DUNLOP | GENERAL MANAGER, SHADOW HILLS GOLF CLUB

A new month is upon us, and warmer weather is on its way. We wanted to share an article that was published last month about one of our own. I'm positive many of you know Hank Bierman, but many may not know his story. We have attached a clipping from the St. Louis Amateur Baseball Hall of Fame magazine that honored Hank in April. We appreciate his dedication to helping our golfers get to the tee on time.

## HOWARD "HANK" BIERMAN (88)

Bierman was a hard-hitting outfielder and third baseman who could play every position. In 1951, he played for the Appleton Papermakers in the farm system of the St. Louis Browns. In 1952, he was with the Oshkosh Giants, a farm team of the New York Giants. He also played minor league baseball for the Mt. Vernon Kings and Jackson Generals. In 1955, he played minor league baseball in Texas for Plainview, Abilene, and Midland.

From 1953 to 1955, he played service ball at Fort Leonard Wood. He led the league in hitting in 1953.

Bierman starred for Soldan High School in the late 1940s. He played American Legion Ball in St. Louis from 1946 to 1951. He was scouted by the New York Yankees and was offered a tryout.

He began his baseball career in the Khoury League in 1945.

In 1952, Bierman caught batting practice for the St. Louis Cardinals and St. Louis Browns. He has coached and umpired baseball in California where he has lived for over 40 years.

Please check the summer hours for play. With the warmer weather, we will close the shops on both the South Course and the North Course at 1 pm. We have met with a few organizations and made a few changes to their start times for the summer. Again, please check the calendar for any special events taking place and plan your schedule accordingly.

As the amount of play on the golf course goes down in the summer, the amount of maintenance goes up. In a way, the process for overseeding starts June 1. Having the best Bermuda base possible will provide a better playing surface for the winter months and help make a smoother transition in the spring.

We will be aerifying the entire golf course as much as possible during the months of June, July, and August. The courses will be closed for greens aerification and any extra tees and fairways that we can do; but we will also be doing aerification work while the courses are open, as well. There will be days when turf plugs will be drying in the sun, waiting to be crushed or collected.

During the month of September, the Bermuda grass will heal and grow in. We will also start applying pre-emergent herbicides to areas not overseeded. This is like preparing a room for paint. The pre-emergent is the masking tape we use to give us a clean edge, and as you know, the key to a good paint job is all in the prep.

Thank you again for all your support, and feel free to contact us at any time with questions or feedback.

# FITNESS UPDATE

AMBER GALINDO | FITNESS DIRECTOR

I am excited to announce my new position as your Fitness Director. I would like to thank all the residents who have given their support as I transition into the position.

As some of you may know, I started at Sun City Shadow Hills 10 years ago in the custodial department. After two years, I was given the opportunity to transfer into the fitness department as a receptionist. I have since worked my way up from fitness receptionist to a lead receptionist, and then to the fitness coordinator. I am very excited at the opportunity I have been given to be your Fitness Director.

As your Fitness Director, I will continue to provide quality fitness classes, health lectures, and fitness programs for the enjoyment of our residents. I would like to remind everyone that nutrition is an important part of our health, and **National Eat Your Vegetables Day is June 17**. My challenge to everyone this month is to add more vegetables to your meals. Some of the benefits of eating vegetables daily are:

- Lower blood pressure
- Reduced risk of heart disease and stroke
- Prevention of some types of cancer
- Lower risk of eye and digestive problems

We kicked off our summer activities with our **Beat the Heat** program, which we are currently halfway through. I encourage all our participants to keep up the great work. I'm excited to hear about everyone's progress throughout the program.

# FOOD & BEVERAGE

MANUEL GUADARRAMA, FOOD & BEVERAGE MANAGER

JEFF JACOBSON | EXECUTIVE CHEF

I want to thank everyone for the support we received in May. Cinco de Mayo, Mother's Day, and all the specialty nights were a success. We appreciate all the love and support this community gives Shadows and its staff. We are doing our best to make Shadows your place of choice again.

Our goal this summer is to be open as much as possible for our community. Please remember that we are closed on Mondays. We are steadily recovering from all the changes this season and have been able to hire some help.

This month we will offer four specialty nights: Fisherman's Wharf, Texas BBQ Night, and two Pasta Nights. Remember that all these events are by reservation and reservations open two weeks before each event. In addition, Tuesday, June 28, 2022, we will offer a Live Music Night. Performing that evening is **Just 2 Guys**, two gentlemen from our community donating their time to help drive business into

Shadows. Reservations are encouraged for this event, and we are doing communal-style seating to maximize the number of covers. Come see what the fun is about, and maybe we can do this every month.

As stated above, our goal is to be open as much as possible, but this month we do have two banquet events on Saturday, June 4 that will require closure of the restaurant. Please visit our website for up-to-date information: [theshadowsrestaurant.com](http://theshadowsrestaurant.com).

Changes are happening this month. Like every summer, the Santa Rosa Bistro will begin to close early, and perishable foods will not be available for purchase, only snacks and beverages. The Snack Bar will also close early, but food and drinks will be available for purchase.

Thank you for your continuous support.

## Billiards Club

Have you wanted to pick up that pool cue for years but have just never gotten around to it, or never had the opportunity? Your moment has arrived! Our beautiful billiards room at the Montecito Clubhouse is home to six beautiful 9-foot tables. Our club allows you to play with men and women of all levels of experience.

Our club meets every Monday and Wednesday evening at 7 pm in the billiards room, but many members arrive early for practice. We thank Bryan Murray (760-610-1739) for giving billiard lessons for the past 10 years. Bryan provides no-cost instruction on Monday mornings in the billiards room at the Montecito Clubhouse from 9:30 – 11:30 am. Because our club is growing, Norman Kerr (707-372-6501) will also be providing instruction on Thursday mornings at 11 am. Regardless of your skill level, join Bryan or Norman and improve your game.

We held our monthly tournament on April 27 as a partner's eight-ball competition. Congratulations to Keith Dean and Bob Bailey, who took first place. The tournament was well attended, and everyone enjoyed the evening.

Tournament Winners (L-R), Keith Dean and Bob Bailey

We are always looking for new members! Join us at the Montecito Clubhouse on Monday and Wednesday evenings. Contact our club President, Don Salvatore (760-404-0219) or Vice President, Ralph Olson (714-878-1387) and they will get you set up and playing immediately.

## Bocce Buddies

Come and meet a nice group of residents who enjoy the game. It does not matter if you have played before, we can teach you how to play.

We play bocce at the Montecito Clubhouse. Log on to [scshca.com](http://scshca.com) and see the "Clubs" calendar for the exact times. All are welcome to play and join our club. There are no membership dues.

We have five bocce courts at Montecito Clubhouse and two courts at the Santa Rosa Clubhouse. The club plays year-round. If you want to play bocce at any time other than when the club meets, bocce balls are available for your use at the Fitness desk. For more information, please call Rick Halla at 760-347-9676.

## Bridge Club

The hot weather is upon us once again! Get relief from the heat! The Shadow Hills Bridge Club will be running its regular games throughout the summer so get out of the heat and into the clubhouse. Stay cool, see friends, and stimulate your mind with a good game of duplicate bridge. We're looking forward to seeing you at the tables:

- Wednesday morning non-sanctioned play continues from 9:30 – 11:45 am in the Capistrano Room at the Montecito Clubhouse.
- Thursday evening non-sanctioned play continues from 6:30 – 9 pm in the Capistrano Room at the Montecito Clubhouse.
- Saturday morning non-sanctioned play continues from 10 am – 1 pm in the Capistrano Room at the Montecito Clubhouse.

Our games are open to all Shadow Hills Bridge Club members regardless of experience or level of play. You must sign up in advance with Ron Gauny, Director, at [ronald.gauny@verizon.net](mailto:ronald.gauny@verizon.net) for our Wednesday and Thursday games. Sign up in advance with Bev Teel, Director, at [bevteel25@gmail.com](mailto:bevteel25@gmail.com) for our Saturday games.

Continued on page 42...

...continued from page 41

We are reaching out to all club members to ask everyone to consider volunteering to take on roles within the club. We need more people to help with running our games and related tasks. Please contact Ron Gauny for information on how to get started.

Please contact Bev or Ron with any questions about the club by emailing them at one of the email addresses above. We are having a fantastic year, and the growth of our club has been phenomenal. Hope to see you at the tables!

## Bunco

For those who have never attended or never played, don't worry. There is room for all, and no reservations are required. You can join the club the day you play. The game can be learned in a matter of minutes so it's okay to show up with no knowledge of the game.

Here is our schedule: June 14, July 12, August 9, September 6, October 4, November 15, December 13. Feel free to bring what you want to drink. Bunco starts at 7 pm. Please arrive a few minutes early to sign in. If you have any questions, please contact Stacy Boeskin at [scshbunco@yahoo.com](mailto:scshbunco@yahoo.com).

## Camera Club

Well, another month has passed; and the older we get, the faster they seem to go.

Our members were treated to beautiful images from the group who went to Moab.

You, too, can create beautiful images and go on our "safaris" to interesting places by becoming a member of the Camera Club.

We are, however, still "Zooming" our meetings. At the last one, we featured a photo challenge to produce a portrait. We saw some thoughtful pictures and hope to do more in the future.

Photo by Wade Steinfeld

Do you enjoy magnificent scenery, evocative portraits, street photography, macro photography, and using Photoshop and related software? Then come join us and become a member.

We just had elections, and a new staff will be taking over next month. Hopefully, they will guide us out of "Zoom" and back to in-person meetings and social events.

For more information, don't forget to check our website at [www.scschcameraclub.com](http://www.scschcameraclub.com).

## Ceramics Club

One of our artists, Lily, created this piece using Concepts paint for the eyes, nose, ears, hooves, and tail. The body of Lily's giraffe was covered in a "Crystals" glaze called Tiger Lily to allow the colorization of the piece. The effect brings out a playfulness on the part of the artist.

Who's afraid of the Big Bad Wolf? Laura captures the beast in a desert setting on this vase. Our members work creatively on each piece to make them a one-of-a-kind treasure for their enjoyment. This piece was painted with Concepts paint with a final coat to clear glaze.

Interested? Stop by Tuesday or Friday morning for a chat and tour of our facility or contact us at [scshceramics@hotmail.com](mailto:scshceramics@hotmail.com) attn. Adam.

## Classy Niners

Summer is here!

It's been a great season so far! Our shotgun start time for Tuesday golf is now 7 am, with a choice to play 9 or 18 holes. Should Shadows reopen early enough, we will resume our breakfasts following golf. Shotgun start times for Friday are 7 am, with the option to play 9 or 18 holes. The second Tuesday of each month will be a "theme" day that we will announce prior to that day. So ladies, dress yourselves and/or your carts accordingly.

The Classy Niners welcome golfers of all levels of experience. Be sure to check out our website at [www.shclassy9ers.com](http://www.shclassy9ers.com) for details about the club including membership, handicaps, sign-ups, and other pertinent information. Please contact Barb Mason at 562-477-3165 or [barb90713@gmail.com](mailto:barb90713@gmail.com) if you would like to join a fun group of ladies.

Stay healthy and safe, everyone!

## Community Singers

Can you believe we are halfway through 2022! Wasn't it just January?

We are becoming more and more excited about our Holiday Concert coming up in December! I know, I know, it's another six months away; but when you enjoy singing like our Community Singers do, you just can't wait!

Notice, I used the "you" word, purposely to invite all you "singers" throughout Sun City Shadow Hills to come and check out a rehearsal to hopefully join us.

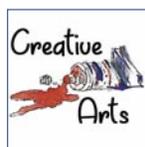

Our initial rehearsal will be held on Monday, September 26, at 3:30 pm, which isn't that far away. Sectional rehearsals will begin on Wednesday, September 28, at 9:30 am. I will be posting times and places again in this article so you won't forget. You can also contact me, Adam, at [communitysingers@hotmail.com](mailto:communitysingers@hotmail.com)

I will be more than happy to give you a personal invitation and welcome you at the first rehearsal. Until then, enjoy the summer's sun and warmth.

## Couples Golf

Couples Golf is currently on hiatus for the summer and will return in the fall with the 2022/2023 season. ## Creative Arts

If you find yourself in the clubhouse, please stop by the Art Wall and check out our club display. This month we feature a long-time member, Myron Crespin. Myron has never had lessons but began painting signs as a student. While in the Army, this talent came in handy as he painted names on helmet liners during basic training. After many years in LA owning a printing and mailing company, Myron retired and moved to SCSH

Hello, neighbors! It looks like another long, hot summer is upon us. There is one way you can escape the heat that comes readily to mind, and that is to come to the Jewelry Club on Wednesday afternoon from 1 – 3:30 pm at the Montecito Clubhouse. There you can enjoy chatting and laughter with fellow beaders. And remember, not all beads are geared toward us females. You might notice that there are a

## Lady Putters

WELCOME BACK SUMMER LEAGUE

We have sadly said goodbye to all our snowbird friends, and now it is time to say hello to our hot desert summers. Beginning the first Monday in June, Lady Putters will start their Summer League. We will play on the Par 54 course that hugs the back of the Montecito Clubhouse. Play begins at 8 am. We will begin earlier as the weather gets warmer, so check our website to confirm the time. Casual dress is fine, but we ask you not to wear flip-flop-type shoes (for your safety), tank tops, or short shorts. There will be no fee. We will not be keeping track of handicaps or birds, and we will not issue pins.

Summer League is the perfect opportunity to try our club out. All women of Sun City Shadow Hills are invited to join us. No membership or handicap is necessary. All you need to play is a putter, a ball, and a desire to have fun.

We invite you to check out pictures of our club plus all the fun and latest information on our website at [www.shputters.com](http://www.shputters.com), or contact Maureen Whittaker at [maureenwhittaker@verizon.net](mailto:maureenwhittaker@verizon.net) or 760-342-1260 for further information.

## Mah Jongg

**“Dots, Bams, Cracks, Flowers  
With Jokers and Dragons, too  
Make Mah Jongg the game for you”  
– Ceil**

As the Coachella Valley settles into deep summer days, with the temperature at “very hot” and the activities at “very slow,” it’s a good time to move into the “easy living” and enjoy our summer. Our annual lunch held in April was a special treat for all of our members. Shadows Restaurant catered the event, and it gave all of us a taste of luxury both in the excellent menu and the great service Shadows provided. Kudos to all of our officers for working to arrange this event for all of us to enjoy.

News from the Mah Jongg playroom: it is always cool and quiet, with a relatively small number of tables each week. The winter snowbirds have flown, and many of the remaining players are taking trips to visit friends and family now. However, our club is still in normal play mode.

Our club meets every Wednesday in the Montecito Clubhouse, from 12:30 - 3:30 pm. Lessons with Marcie Kittay are on hold during the summer months, but these will resume in the fall. The board is presently trying to find a safe and reasonable way that we may once again offer snacks during play. Given the

restrictions of COVID-19 and the new higher cost of everything, it is a challenge. Stay tuned.

For more information about our club, contact Joan Schwarz, President, at 760-610-1561. Enjoy the game, and keep the tiles clicking!

## Meditation Over Medication

You are invited to live a balanced and fulfilled life, with mind and body awareness to reduce stress, anger, and anxiety.

Our body is nothing but mind and matter. Although we take care of the matter (body) with exercise and healthy eating, the mind is not exercised or nourished. The body reacts to whatever manifests in the mind. Meditation trains the mind not to react to the outside factors (which are beyond our control) to reduce anger, stress, and anxiety. Science has proven these negative mindsets cause hypertension, insomnia, and other illnesses. Meditation practiced correctly can help reduce the dependence on medication for some of these illnesses.

Join the Meditation over Medication Club:

Santa Rosa Clubhouse  
Pismo/Newport Room  
Mondays, at 10 am

For more information, contact Vib at 760-668-4757 or [OneBeingAware@gmail.com](mailto:OneBeingAware@gmail.com).

## Men’s Golf Club

Our summer season has started, and we’re teeing it up every Thursday. Check our website for event details and sign up: [myshmgc.net](http://myshmgc.net). Remember, there is also an event every Monday. Sign up in the pro shop. Our next monthly meeting will be in November, the start of our fall season.

If you’re a new resident and haven’t yet joined the Men’s Golf Club, just contact Randy Thomas ([randythomas2012@gmail.com](mailto:randythomas2012@gmail.com), or 949-279-2115), and he’ll get you signed up.

Stay well, we’re looking forward to seeing you on the course!

## Needles and Pins

Kathy Pratt stands next to her quilt called "Grandmother's Flower Garden" in the photo above. It is a classic quilt pattern using the English paper piecing method.

The very large quilt in the other picture is another one Kathy recently finished. She joined us last year and has been such an asset to our club, one who is always willing to share her knowledge and help the less experienced quilters.

Have you ever wanted to give quilting a try? Or maybe you have thought about learning to knit or crochet. Needles and Pins is the club for you. We have knitters, crocheters, quilters, and other fiber "artists" at every skill level. All are welcome. Many of our members had never tried their preferred hobby before joining our club. We all learn from each other.

One of the best things about our hobbies is they provide us with wonderful handmade gifts for our loved ones – a beautiful knitted baby blanket for the new grandchild or great grandchild, a quilt for the niece who is getting married or the grandson graduating from college. We make many other things besides quilts and blankets: tote bags, purses, sweaters, backpacks, microwave bowls, wall hangings, and luggage tags, just to name a few.

Come join us in the Cambria/Mirada Rooms at the Montecito Clubhouse. We meet all day Sunday, Monday afternoons, and Wednesday mornings.

For more information contact President Debra Winthrop at [needlesandpinssuncity@gmail.com](mailto:needlesandpinssuncity@gmail.com).

## Pan Club

The Pan Club welcomes all Pan players to join us in the clubhouse for our daily games. The Pan Club is always active throughout the year and is a welcome respite during the hot summer months.

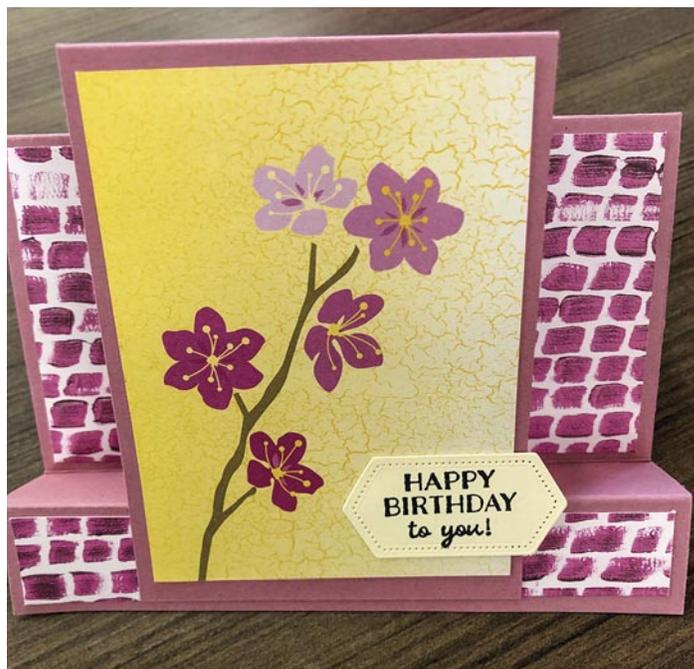

**IMPORTANT REMINDER** | You will need to be a member to sub and play in the clubhouse, participate in the Pan Tournament, sub and full roster, luncheon, and other club events. Annual dues are \$15 and support new playing cards and equipment.

If you play Pan and are interested in joining a game as a sub or regular player, please contact Michele at 661-510-5790 or [kirschmi62@gmail.com](mailto:kirschmi62@gmail.com).

Stay healthy and happy.

## Paper Crafters

As the outside temperatures rise, come join us in our cool comfortable clubhouse while we explore new paper crafting techniques.

Each week a new card or paper project will be presented by one of our members. The weekly projects range from \$1 to \$3. We invite you to join us in the Mirada room at the Montecito clubhouse on

Tuesdays at 12:45 pm. Classes begin at 1 pm. You are encouraged to come and use the supplies and equipment available to make additional cards or projects. Hoping you will join us.

Questions? Contact our president, Ginna Martinez, at 916-778-9425 or ginnamartinez66@yahoo.com.

## Performing Arts Club

The Performing Arts Club is very quiet right now. The membership is taking their vacations or have returned to their other home. None the less, the Board members and some others remain active. We are busy laying the groundwork for the plays we will be putting on in the fall and next spring. Our first meeting in the fall will be on October 12, 2022. We hope any of you who have an interest in performing arts will join us in the fall. We have interest for everyone! For further information, please call Linda Bostjanick, President at 760-460-6223.

## Pet Club

Happy summer! Our club will be dark June, July, and August but we will return in September on Tuesday, September 13. Please check out our new website [www.suncityshadowhillspetclub.com](http://www.suncityshadowhillspetclub.com) to get more

information about the club and our upcoming events and meetings. Please contact our President Barbara Scharnhorst at [abscharnhorst@gmail.com](mailto:abscharnhorst@gmail.com) for any questions.

Since the hot weather is now upon us, please remember this. It takes just six minutes for a dog to die in a hot car. If a dog's temperature gets above 105, it is at risk of heatstroke, and 50% will not survive. If you see a vehicle-bound dog in distress and you cannot locate the owner, you must call 911 or the authorities first before you can legally break into the car to save the dog.

## Rainbow Friends

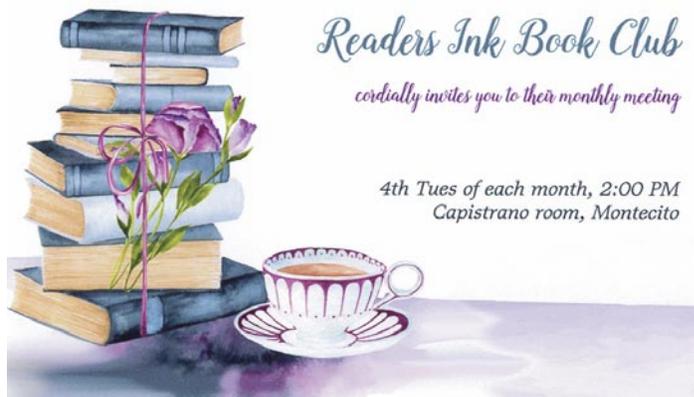

Can you believe that we are six months into 2022? It's time to celebrate and remember Father's Day on Sunday, June 19. It is also the official start of summer on Tuesday, June 21.

Our next meeting will be on Wednesday, June 8, in the Montecito Clubhouse starting at 6pm. We'll be playing Bingo, which is always fun.

We are a social club for the LGBT community, family, and friends. For further information, please contact Sue at 949-584-2344 or Ron at 925-785-3258.

*4th Tues of each month, 2:00 PM  
Capistrano room, Montecito*

HELLO BOOK LOVERS!

Continued on page 50...

...continued from page 49

At our April meeting we discussed *The Only Woman in the Room*, a historical novel by Marie Benedict. The club gave the book a rating of 7.3

Then in May we delved into a different genre with a Mystery/Psychological Thriller called *Then She Was Gone*, by Lisa Jewell.

Before the May groups discussed the book, we were fortunate to have Terri Fritzsimmmons share her writing experiences and excerpts from two of her published books, *Phoenix Rising From The Ashes - Smoldering Embers Of Paradise*, where she lost her home and belongings to a deadly wildfire, and her latest book *Best Friends - A Compass and True North Star*, a historical novel spanning four generation.

For this month we have chosen yet another genre for our June 28 meeting, a biography titled, *Something Wonderful: Rodgers and Hammerstein's Broadway Revolution* by Todd S Purdun. This is a true story about the personal life and musical collaboration of two gifted men who transformed musical theatre. As you start reading you may even find yourself humming or singing along. We are looking forward to our time together, sharing books in a comfortable setting: June 28, arrival time 1:50 pm in the Capistrano room, Montecito Clubhouse.

Any questions, please email [jenwilkins2@gmail.com](mailto:jenwilkins2@gmail.com), or call 425-941-8663.

The proceeds from the sale aid to the Veterans Club to support other Veteran activities and events for the benefit of the entire community. Thanks for your support! You may also leave your old flag at the Montecito front desk.

There are new flag poles in front of the Jefferson Gate and in front of the Avenue 40 Gate. As you will notice, they both have eagles on the top. The eagles were donated by the Veterans Club. They match the eagle atop the flagpole at the Shadows. The Veterans Club is proud to put them on the poles.

## Women's Golf Club

As the summer weather is in full swing, the Women's Golf Club continues to play casual golf on Wednesdays and Fridays, with tee times at 7 am. This will continue throughout the summer until the new season starts in October/November 2022.

## Writer's Club

Our club is now holding in-person meetings only on the first Thursday of each month in the La Jolla room in the Santa Rosa clubhouse. The rest of the month we have Zoom meetings online every Thursday at 9:30 am. If you wish to join, please email [antiqphoto@gmail.com](mailto:antiqphoto@gmail.com). You do not need a Zoom account.

We are a group of individuals who enjoy writing. Each member has the opportunity to read one or two pages or 500 words of their work to the group, receive ideas, direction and gentle criticism. Self-publishing our work is the aim.

Part of being in our club is the encouragement we all get from each other to write on a regular basis.

It's easier than you think to write your own story. Every year millions of great stories disappear forever. It does not matter if you are writing fiction, non-fiction, or memoirs; write a page a day for a year and you have a book!

When you join us, you will meet interesting people and hear their fascinating stories.

Try your hand at writing that story you have always wanted to tell. Free membership! For additional information email Beth at [bethbolduc7@gmail.com](mailto:bethbolduc7@gmail.com), or Tony at [antiqphoto@gmail.com](mailto:antiqphoto@gmail.com).

## Snowbirds

The Snowbird group was created for two primary reasons – 1) to provide specific information on a variety of topics to Snowbirds, most importantly, safe home closures, and 2) to provide a vehicle for Snowbirds to meet, socialize and have fun together. By Snowbirds, we mean SCSH residents who have a permanent home address outside of SCSH.

The Snowbird group can help with suggestions on the many steps necessary to properly close your home for the summer. We can also provide a list of Home Watch Providers and information on maintenance, repairs, and technology for your home.

The group holds monthly events throughout the winter where members can meet with other Snowbirds, socialize over a glass of wine, and have some fun. Our goal is for Snowbirds to develop strong friendships. We have created a variety of Snowbird social groups for coffee, casual lunches, potlucks and Happy Hour as well as sporting programs like golf, bike riding and walking. All are great ways to meet fellow Snowbirds. Finally, we distribute a newsletter via email containing general information and “Tips and Tricks.”

To attend our member events and programs, please join our Snowbird group by registering at:

<https://shadowhillssnowbirds.springly.org>

or by contacting John McFerran at  
[scshsnowbirds@gmail.com](mailto:scshsnowbirds@gmail.com).

## CLUBS IN FORMATION

## VeloCity Cyclists

The VeloCity Cyclists of Sun City Shadow Hills is a group men and women who are road cyclist enthusiasts. We ride Mondays, Wednesdays, and Fridays, typically at a 15-18 MPH pace averaging 30-40 miles throughout the Coachella Valley. It is our hope to add more members to enjoy rides. Usually, we stop for coffee along route for great camaraderie. Interested in joining? Contact Rick at 949-292-6527 or [rickschumacher1@gmail.com](mailto:rickschumacher1@gmail.com).

- We are an affluent community of 3,450 upscale homes with more than 6,000 residents – all eager to patronize nearby retailers, restaurants, and service providers.
- Our flagship publication, the “slick and glossy” View magazine, is hand-delivered to residents the first of every month, ensuring your ad gets high readership.
- In a survey of readers, over 85 percent said they have used our advertisers!

## Why Advertise With Us?

- Flexible contract terms
- Competitive ad rates
- Premium placements available
- Special incentives for new advertisers – just ask us!

### What Residents Say

- “The View magazine is the first place I check when I need a service provider for my home. That’s because I trust the advertisers in the View.” (Lee P., 9 year resident)
- “I’ve always had good service, at a fair price, whenever I’ve used a vendor who advertises in the View magazine.” (Judy N., 10-year resident)

### What Advertisers Say

- “My ad works very well. Almost half of my 650 clients are from my View ad.”  
(Troy’s Window Cleaning)
- “We’ve advertised on the back cover for 8 or 9 years. We like it and we’ll advertise in the View as long as we are in business.”
