Asphalt Phasing Plan

Part 1 ~ Thursday 10/19/2023 - Friday 10/20/2023

Part 2 ~ Monday 10/30/2023 - Tuesday 10/31/2023

(Keep in mind that weather and asphalt conditions may change the dates listed above.)

We would appreciate your cooperation in the following matters:

1. All vehicles must be removed from the property for work to begin promptly at 7:00 a.m. on dates above, and are to remain off the work area until the cones and ribbons have been removed from designated areas. Any vehicles left in the areas to be repaired after 7:00 a.m. will be towed at owner's expense. Please note that vehicles left in driveways or surrounding areas may get dusty from ongoing work. NPG will not be held responsible for dirty vehicles if you choose to leave your vehicle in the work area during construction.
2. Please make sure your irrigation is turned off 24 hours prior to the asphalt project so that the streets will be dry during this project. Irrigation should remain off until 24 hours after the street is opened.
3. Please cancel all scheduled deliveries or home services during these work days.
4. Please note that the material being applied in the construction area is wet and will stick to your shoes, clothing, skin, and cars causing tracks to be left on concrete, inside residences, carpets, etc. NPG will not be responsible for any carelessness due to crossing over areas that were blocked off.
5. Please be alert when driving or walking near the construction areas and **DO NOT CROSS**, as these areas will be coned and/or ribboned off. Any individual that drives on the street prior to the street being opened for vehicular access will be responsible for any damages to the street or sidewalk.
6. Please direct all inquiries to your Management.

We will endeavor to complete this work as quickly as possible and with a minimum inconvenience to you.

Thank you for your cooperation!
